

IMPROVMENTS.

To any one who returns after a long absence, Honolulu has greatly changed. But to us who are here year after year the growth is less observable. One change of recent years however strikes every one. It is the extension of business along King Street.

The widening of Alakea and Merchant streets will lend a new impetus to the extension of the business out that way and before very long Alakea Street will be used as a thoroughfare from the water front as much as Fort Street now is.

WANTED AN ICE BOX.

After hanging around a Woodward avenue hardware store for a quarter of an hour he cautiously observed:

"Maybe I like to see some ice-box."

"Certainly. We have a full and complete line. This is the size for an average family."

"Please explain to me what dot ice-box does?"

"Does? Why, it saves ice."

"Vhelli, I dunno, I vas not in der ice-peesness, and if I save some I can't sell it. What else?"

"It keeps your meat."

"Yes, if I haf some meat it may keep him. Does it wind up and play some tunes anywhere?"

"Of course not. If you put your milk, meat and berries in this box they are kept fresh and sweet. Didn't you ever see an ice-box before?"

"Dot vhas my peesness! I now like to ask you if dis ice-box vhas a lawn-mower, too?"

"No, sir."

"Vhas dere some burglar alarm in him?"

"No."

"Vhas he an alarm-clock dot wake you up shust when you vhas der most sleepy?"

"No."

"Does it save me any taxes, and can I use him for fly-screens?"

"This is an ice-box. All you have to do is to put ice in here and the provisions on these shelves. Everything is kept cold and fresh and clean."

"Does it run with hard or soft coal?"

The clerk looked at him for half a minute, and then walked away and sat down.

"Vhelli, I can't help it," said the other, as he started to go out. "If dot vhas simply some ice in a box I can dot myself and save expense. If it plays some waltzes or saves fuel or keeps scarlet fever away or keeps from mein house burglars, I like to let you talk mit me for two hours. I belief he vhas some frauds. Good-bye!"—Exchange.

"THE COMPLEXIONIST."

"A complexionist," said the lady in answer to the reporter's interrogation, "is one who makes a study of the human skin and takes charge of the customer's complexion."

"But surely there are not many who—"

"Oh! yes; there are hundreds of the fair sex who come here during the gay season to be made up or to have the skin treated with delicate washes to prevent the bad effects of gas, heat and late hours. But young ladies are not the only ones treated; men—young and old—are often found within these walls."

"What is your usual mode of treatment?"

"That depends on the complexion: if it is merely to be preserved, we advise a little careful dieting and bathing in elder flower water. Not a particle of fat must be taken, as it injures the polish of the skin. Here is a prescription that will clean the complexion in a very short time: A tablespoonful of sulphur taken every other morning for a week, then omitted for three mornings and taken again. A mixture of powdered brimstone or diluted glycerine should be rubbed on the face at night and washed off in the morning with soap and water in which there is a little ammonia. Washing the face in spirits of camphor, glycerine and ammonia is also very good, and various other methods are resorted to for this end."

A new reaction characteristic of the salts of gold was shown by M. Ad. Carnot to the Paris Academy of Sciences the other day. Into a phial a few drops of a dilute solution of chloride of gold are put; some drops of arsenic acid are added, with two or three drops of chloride of iron and of hydrochloric acid, with about a deciliter of water. If into this a fragment of zinc introduced, a purple colour is formed around it, which eventually spreads, as a fine rose-colour, throughout the fluid. M. Carnot says if one-millionth part of gold is present the tint is very visible, but it may be distinguished with a proportion of gold one-half less.

Mr. W. Mattieu Williams calls attention to the danger attending the habitual use of a cup of tea when fatigued from brain-work, thus enabling a man to continue at work. In reply to an assertion that "fatigue disappears like magic after drinking a cup of tea," he says "that which actually disappears is the sensation of fatigue, which may be deadened by any one of a multitude of other drugs besides the alkaloid of tea."

He adds, "This sense of fatigue is the natural safety-value of the whole vital machinery, especially of its prime mover the brain."

Suicide is increasing in the Austrian army, the number of cases in 1878 being 314, including 22 higher officers and ninety-eight officers of a lower rank. The most common motives are fear of punishment, monetary troubles, dissatisfaction with military modes of life and mortified ambition.

Charcoal.

GUAVA WOOD CHARCOAL, in any quantity, from 1 to 100 bags, FOR SALE BY Frank Hustace, Queen Street. 764

A SKILFUL SURGICAL OPERATION.

The American Ambassador at Vienna, Mr. Kasson, has lately forwarded to his Government an interesting account of a remarkable surgical operation lately performed by Professor Billroth, of Vienna, which, wonderful to tell, consisted in the removal of a portion of the human stomach, involving nearly one-third of the organ—and, strange to say, the patient recovered—the only successful operation of the kind ever performed. The disease for which this operation was performed was cancer of the stomach, attended with the following symptoms:—The appetite is quite poor. There is a peculiar insupportable distress in the stomach, a feeling that has been described as a faint "all gone" sensation; a sticky slime collects about the teeth, especially in the morning, accompanied by an unpleasant taste. Food fails to satisfy this peculiar faint sensation; but, on the contrary, it appears to aggravate the feeling. The eyes are sunken, tinged with yellow; the hands and feet become cold and sticky—a cold perspiration. The sufferer feels tired all the time, and sleep does not seem to give rest. After a time the patient becomes nervous and irritable, gloomy, his mind filled with evil forebodings. When rising suddenly from a recumbent position there is a dizziness, a whistling sensation, and he is obliged to grasp something firm to keep from falling. The bowels costive, the skin dry and hot at times; the blood becoming thick and stagnant, and does not circulate properly. After a time the patient spits up food soon after eating, sometimes in a sour and fermented condition, sometimes sweetish to the taste. Oftentimes there is a palpitation of the heart, and the patient fears he may have heart disease. Towards the last the patient is unable to retain any food whatever, as the opening in the intestines becomes closed, or nearly so. Although this disease is indeed alarming, sufferers with the above named symptoms should not feel nervous, for nine hundred and ninety-nine cases out of a thousand have no cancer, but simply dyspepsia, a disease easily removed if treated in a proper manner. The safest and best remedy for the disease is Seigel's Curative Syrup, a vegetable preparation sold by all chemists and medicine vendors throughout the world, and by the proprietors, A. J. White (Limited), 17, Farringdon-road, London, E. C. This Syrup strikes at the very foundation of the disease, and drives it, root and branch, out of the system.

St. Mary-street, Peterborough, November, 29th, 1884.

Sir,—It gives me great pleasure to inform you of the benefit I have received from Seigel's Syrup. I have been troubled for years with dyspepsia; but after a few doses of the syrup, I found relief, and after taking two bottles of it I feel quite cured.

I am, Sir, yours truly, Mr. A. J. White. William Bfent.

September 8th, 1883.

Dear Sir,—I find the sale of Seigel's Syrup steadily increasing. All who have tried it speak very highly of its medicinal virtues; one customer describes it as a "God-send to dyspeptic people." I always recommend it with confidence.

Faithfully yours, (Signed) Vincent A. Wills, Chemist-dentist, Meribyr Tydvil.

To Mr. A. J. White, Seigel's Operating Pills are the best family physic that has ever been discovered. They cleanse the bowels from all irritating substances, and leave them in a healthy condition. They cure constiveness.

Spanish Town, Jamaica, West Indies, Oct. 24, 1882.

Dear Sir,—I write to inform you that I have derived great benefit from "Seigel's Syrup." For some years I have suffered from liver complaint, with its many and varied concomitant evils, so that my life was a perpetual misery. Twelve months ago I was induced to try Seigel's Syrup, and although rather sceptical, having tried so many reputed infallible remedies, I determined to give it at least a fair trial. In two or three days I felt considerably better, and now at the end of two months (having continued taking it) I am glad to say that I am a different being altogether. It is said of certain pens that they "come as a boon and a blessing to men" and I have no reason to doubt the truthfulness of the statement. I can truly say, however, that Seigel's Syrup has come as a "boon and a blessing" to me. I have recommended it to several fellow-sufferers from this distressing complaint, and their testimony is quite in accordance with my own. Gratitude for the benefit I have derived from the excellent preparation, prompts me to furnish you with this unsolicited testimonial.

I am dear Sir, Yours ever gratefully, (Signed) Carey B. Berry, A. J. White, Esq. Baptist Missionary.

Preston, Sept. 21st, 1883.

My Dear Sir,—Your Syrup and Pills are still very popular with my customers, many saying they are the best family medicines possible.

The other day a customer came for two bottles of Syrup and said "Mother Seigel" had saved the life of his wife, and he added, "one of these bottles I am sending fifteen miles away to a friend who is very ill. I have much faith in it." The sale keeps up wonderfully, in fact, one would fancy almost that the people were beginning to breakfast, dine, and sup on Mother Seigel's Syrup, the demand is so constant and the satisfaction so great.

I am, dear Sir, yours faithfully, (Signed) W. Bowker. To A. J. White, Esq.,

Hensingham, Whitehaven, Oct. 16, 1882. Mr. A. J. White.—Dear Sir,—I was for some time afflicted with piles, and was advised to give Mother Seigel's Syrup a trial, which I did. I am now happy to state that it has restored me to complete health.—I remain, yours respectfully, (Signed) John H. Lightfoot. 765 1/2 b

LOUIS E. SPERRY, General Engraver

Begs to inform the public generally that he has opened an establishment at 88 King Street. Engraving of every description. Monograms a Specialty! Late employe of W. Wenner. All work guaranteed satisfactory. 767 1m
