

MSWILLIGEN'S LITTLE JOKE.

"My dear, what makes a train move?" asks McSwilligen of his spouse. "The engine, of course," replied Mrs. McS.

A STRANGE EXPERIENCE.

In the Lutheran cathedral at Magdeburg there is a monument erected to the memory of the Frau von Assenburg. She is represented as a mature woman, kneeling in front of a block of stone, and by her side is her husband.

A POPULAR GIRL.

What is it that determines a girl's popularity in society? is a question often heard in these days of social strife and aggrandizement, says The Boston Beacon, and a question that no one is quite able to answer in a word.

A FIERY RED SKY AND A BALL OF FIRE.

An unusual meteorological phenomenon was witnessed in the mid-Pacific Ocean from the deck of the British barque "Innewick," which arrived at Victoria, British Columbia, recently.

"At midnight, on February 14, in latitude 37 deg. north, longitude 170 deg. 15 min. west, the wind began blowing stiffly from the south-south-east, and the vessel was running before it under short sail.

"What did I understand you to say this is, ma'am?" the new boarder asked the landlady. "Spring chicken, sir," tartly replied the lady; "pray what did you think?" "That's what I thought it was, ma'am, with all the springs left in."

A HUNDRED NAPOLEON AHEAD.

A traveller in the south of France was recently passing through a forest when he suddenly met a dozen, as he thought, suspicious characters. His first thought was how to make his escape; but, to his great astonishment, one of them came forward, and, after some general conversation about trees, suddenly offered 100 Napoleons if he would retire.

TOOTH PICKS BY THE MILLION.

"The toothpick trade has assumed enormous proportions within the last few years," remarked a wholesale dealer on Broadway, as he mechanically stuck a white pine stick between his front molars. "To what extent has it grown?" asked a Mail and Express representative.

The Matchless Metal Polish

Best Made—Has no Equal.

Give it one trial on Tarnished Metals and be Convinced.

It is a vegetable polish and warranted free from Acids, Poisons or Gritty substances, and is superior to anything of the kind heretofore offered to the public for cleaning and polishing Metal Signs, Railings, Show Cases, Harness Mountings, Band Instruments, Brass or Metal Lamps, Faucets, Stair Rods, Locomotive Headlights, Gun Barrels, Brass, Copper, Silverware, Nickel, Tinware, Zinc, Steel, AND ALL METALS.

It is especially adapted to Marine, Railroad, Stationary and Fire Engine Works (hot or cold), and being free from acids or grit, will not injure journals, bearings, the black lettering on metal signs, harness leather, or scratch the finest polished surface.

Prices, 25c, 50c, 75c & \$1. Aside from its unequalled polishing qualities, its strongest claim on the public favor rests in its absolute purity and cleanliness, being a clean, creamy paste, easily and conveniently applied. For Sale at
