**The Daily Bulletin.**

Pledged to neither Sect nor Party.  
But established for the benefit of all.

FRIDAY, APRIL 23, 1886.

**EDITORIAL NOTES.**

Some of the water running to waste in the burnt district, could be usefully employed in the street-cleaning operation. So dry is the muck swept up by the scavengers, that the wind raises it in clouds before the gathered heaps are carted away.

The widening of the old streets and the opening of new ones in the burnt district, as proposed by the Minister of Interior and recommended by the jury appointed to inspect and report, will effect a material revolution in that portion of the city. The carrying out of the changes contemplated will be the accomplishment of a great good and the production of an obvious improvement. Narrow, dismal thoroughfares will be substituted by wide, open streets, and parts that could previously be reached only through dark lanes will in the new city be accessible through proper streets. The increase in size and number of streets will proportionately diminish the building area, but the increase of value of what remains will at least cover the loss sustained by land owners in the reduction of size. It is to be hoped that everybody interested will see the wisdom of the proposals, and in no way attempt to obstruct their execution.

**THE BURNT DISTRICT.**

REPORT OF JURY ON IMPROVEMENTS.

The jury appointed on Wednesday last, by His Honor Chief Justice Judd, to view the fire district, and report upon the plan of proposed improvements submitted by His Excellency the Minister of the Interior, met yesterday morning and at once began the discharge of their functions. In their exploration of the burnt district, the jury were accompanied by Marshal J. H. Soper; Messrs. J. F. Brown and C. J. Lyons, of the Government Survey; Mr. Julius H. Smith, Superintendent of Public Works, and Mr. C. W. Hart, Road Supervisor. Having thoroughly inspected the ground, the jury agreed to recommend improvements as follow:—

1. The widening of Bethel street throughout its length to fifty (50) feet, from the Ewa side of the Post Office.
2. The widening of Rose Lane to forty (40) feet, from the Waikiki side of Messrs. Castle & Cooke's premises.
3. The widening of Nuuanu street, between King and Hotel streets, to fifty (50) feet, from the present line on the Ewa side.
4. The widening and straightening of the line of Smith and Meek streets to a clear width of fifty (50) feet, from Beretania to King streets, as indicated on the accompanying map.
5. The widening and straightening of Maunakea street to a clear width of fifty (50) feet throughout its length, condemning for this purpose as far as possible an equal area on each side of the present street line.
6. The opening of a new street of fifty (50) feet clear width from the proposed extension of Hotel street to the proposed extension of Queen street, parallel with and one hundred and eighty (180) feet north-westerly from the proposed new line of Maunakea street.
7. The extension of Queen street, from the Fish Market to King street, with a clear width of fifty (50) feet, as indicated on the map.
8. The widening of King street to a clear width of fifty-six (56) feet, running south from Haalilimanu bridge, as indicated on the map.
9. The widening and extension of Hotel street to the full width of fifty (50) feet, from its present mauka side, beginning at the Ewa side of the Campbell block and running northwesterly to the Nuuanu stream.
10. The opening of a new street of a clear width of fifty (50) feet, which shall commence at a point on

the Ewa side of Nuuanu street, two hundred and fifty (250) feet mauka of Hotel street, and run north-westerly parallel with Hotel street to the Nuuanu stream, and at a distance of eighty (80) feet from said stream, a new street, running, in a general manner, parallel with the stream to King street, as indicated on the map.
