

BY AUTHORITY.

School House and Teacher's Cottage for Kilauea, Kauai.

Tenders will be received at the Office of the Board of Education until WEDNESDAY, the 21st of June next, at 12 o'clock noon, for the construction, including material, painting, freight, etc., of a Cottage 28 x 48 x 12 feet, clear, and a Cottage 36 x 12 x 12 feet, with veranda, and veranda rooms, at the place above named.

Carriage of the material from the Kilauea landing to the school site, will be free to the contractor.

Plans and specifications for the work can be seen at the Office of the Board of Education, and at Mr. G. R. Ewart's, Kilauea, Kauai.

These buildings will be similar to those recently erected by the Board of Education at Hanalei, Kauai.

The Board does not bind itself to accept the lowest or any tender.

W. JAS. SMITH, Secretary, Office of the Board of Education, May 31, 1893.

THE DAILY BULLETIN.

Pledged to neither Sect nor Party, But Established for the Benefit of All.

TUESDAY, JUNE 20, 1893.

Minister Thurston has been pretty squarely told by President Cleveland that annexation cannot be accomplished unless it is found in conformity with American national policy, and according to the will of the people of the Hawaiian Islands.

A report from Washington, that the Government refuses to allow the report of the Albatross survey of the Hawaiian cable route to be published, is commented on with surprise by the San Francisco Call. It fears the decision will delay the laying of a cable.

No stronger answer to the howling of the organ-grinders against Mr. Nordhoff could be required than the fact that a resolution to condemn him failed to find a second in the P. G. Councils. As if to emphasize the snub to the mover, one of the Councilors in open session declared a statement, singled out as false by the mover, to be probably true. Mr. Nordhoff should have the abortive resolution framed. It is a strong testimonial to the value of the work he has done in these Islands.

"Why not tell the truth about the atrocious scandals connected with the management of the Custom House—scandals of which there have yet been but a glimpse?" The foregoing is from a late issue of the Star. That paper should have revealed the glimpse of a scandal in the Custom House first, leaving the question of atrocity for more leisure discussion. The truth is the Provisional Government discovered no scandal in the Customs, anything to the contrary being deliberate fabrications. An administrative scandal here and there, however, would not if discovered condemn the monarchical system as such. If the resident of these islands at any time in Liliuokalani's reign had wanted to learn of scandals, he would have had to read news from other countries—not particularly monarchies either. What a miserable showing the revolutionary organs are making in their desperate efforts to discover pretexts for inaugurating an era of rule by violence!

These Annexation Rolls.

EDITOR BULLETIN:—The excuse given to Commissioner Blount for not delivering a copy of the much-vaunted annexation rolls is certainly a very lame one. If the authorities had thought that the copy would have served their interests or those of annexation, it would have been easy to get ten men at work in one day—even Sunday—and many royalists would have been found willing to offer their services gratuitously, only for the purpose of getting a peep at those sacred lists, and see what they are like now. But this was not the real reason of the refusal. The true one is that a copy of the names would prove what the list is worth, by mere comparison with the great Electoral Register, and this is a point the attention of Commissioner Blount ought to be called to. Leaving aside all the minor deficiencies of the list, such as names of men non-voters or already gone or dead, of children not of voting age, etc., etc., one of the glaring aspects of the roll would probably be that multitudes of signatures are not signatures at all, but merely crosses.

Out of the boasted 6000 names, nearly 3000 are Portuguese, not ten percent of which can either read or write. The Portuguese being more ignorant and more easily led than either the Chinese or Japanese, they have very readily been induced to sign on the roll, by merely being told that if they did not sign they could not expect any more work, either public or private; and it is shown that many have even signed their crosses under different fictitious names. This may be exaggerated, but any one who knows the Portuguese will not doubt that there is no harm in that. Only here in town, there are over a thousand of such illiterate adherents of annexation (many of whom have not the

right to vote, for not having registered in 1887) and who could not take part in a plebiscite, or who, in case of annexation, would not even obtain the right of vote, first on account of this illiteracy, second for the reason of not being Hawaiian subjects at all, but still subjects of D. Carlos of Portugal, whereby it would require them to have five more years residence before acquiring any rights to American citizenship. These few remarks will suffice to show what the moral worth of the annexation roll is, be it 6000 as boasted, or 20,000. Taking away from it the illiterate Portuguese, the duplicates, the children, the absent, the non-taxpayers, and late arrivals who have not the constitutional time of residence, the incapacitated for various legal reasons, etc., it would be really curious to see how many of the 6000 would remain, who are really voters, and whose names are legally inscribed on the Great Register. If these arguments are incorrect, and annexation can really count, not 6000, but a DECENT amount of real taxpayers or voters, the best answer would be the publication of the whole list. That would settle decisively the annexation hubbub in the minds of Minister Blount and the American people. But we defy the Annexation Club to give such a proof of their real standing; and their refusal will be the best and most decisive condemnation of their cause, and of its alleged popularity, propped up by ignorance, whilst every man on the royalist rolls can read and write.

The Pilots Again.

EDITOR BULLETIN:—I think that the pilots of this port deserve the strongest sort of rebuke or condemnation, if they continue to refuse to take out our large mail steamers after dark. It is to be presumed Capt. Seabury of the China knows how to handle his steamer, and when asking the pilot to take him out at night, as a steamship commander of long experience, well able to judge whether any risk would attend the taking out of the steamer with a straight course ahead of her, from the wharf to the mouth of the entrance. If he had the least doubt in his mind, it is likely he would have made such a request of the pilot? The interests of commerce at this port demand that our pilots should do the work reasonably required of them or resign. Are the taxpayers to be told, after all the money that has been spent in deepening our bar, channel and harbor, that our bar and entrance are dangerous to cross at night, and that our pilots refuse to take out mail steamers after nightfall? A nice fact to publish to the world, after our \$150,000 outlay on bar and harbor improvements! Bah! let our old women pilots resign. A naval lieutenant was heard to say last night, that he would risk \$5000 on his ability to take the China out after dark, without the least mishap.

THE CLAUDINE DEPARTS.

She Carries an Unusually Large List of Passengers. The departure of the S. S. Claudine this afternoon on the Kinau's route was a lively occasion, an unusually large number of people being present at the wharf. The center of attraction were Count and Countess Constantine Popoff, Lord Valletot and Hon. W. Lascelles, who arrived by the S. S. China yesterday from the Orient. The notables are going to pay a visit to Hawaii's wonder—Madame Pele. A number of the passengers were students from Oahu College, some going home for the vacation and others for good. There were also clergymen returning to their parishes after attending the annual convention of the Evangelical Association in Honolulu. Mr. W. R. Castle, Mrs. Castle and three children are gone on a visit to Hilo. The steamer Kinau will go on the Marine Railway to-morrow to be cleaned.

Trusts and Combinations

Are unpopular. But there is one form of trust against which no one has anything to say. That is the trust which the public reposes in Hood's Sarsaparilla, and the best of it is the trust is fully justified by the merit of the medicine. For, remember, Hood's Sarsaparilla Cures.

Hood's Pills are purely vegetable, and do not purge, pain or gripe. Sold by all druggists.

President Cleveland Gives Plain Talk to Minister Thurston.

The following is a Washington dispatch of June 9. In the San Francisco Call it is headed:

"ANNEXATION DON'T GO."

PRESIDENT CLEVELAND MAKES THAT MUCH PRETTY CLEAR?

"This afternoon Secretary Gresham presented to the President the new Hawaiian Minister, Lorrin A. Thurston. The President, replying to Thurston's address, said in part: 'I beg to assure you that our people and Government are at all times willing and anxious to strengthen and multiply the ties of friendship which bind us to the people of Hawaii. To this end no effort on our part shall be neglected which is consistent with our traditional national policy and which is not violative of THAT DEVOTION TO POPULAR RIGHTS WHICH UNDERLIES EVERY AMERICAN CONCEPTION OF FREE GOVERNMENT.'"

LATEST ITEMS OF NEWS.

Several Days Later Than Steamer by the Barkentine Hilo.

By the barkentine Hilo, arrived from San Francisco to-day, the following items as late as June 10 are gained. More important intelligence by the same vessel is given under special headings elsewhere:

At the international regatta at Austin, Texas, the double scull race was won by Gaudard and Hosmer, who had it their own way from the beginning, against Alex. McLean of Australia and Ten Eyck of Massachusetts, and Hanlan and Teemer. The victory was by two lengths over Hanlan and Teemer in 18:34. G. P. Mills, amateur tricycle rider, England, has broken the bicycle and tricycle record by doing 700 miles in 3 days 16 hours.

Lieut. Wm. P. Ray, U. S. N., commander of the coast survey steamer McArthur, committed suicide at the Mare Island hospital by cutting his throat. He was a native of Indiana, 66 years of age, and was lately divorced from his wife.

The Southern Pacific is replacing Chinese and white laborers with Mexicans, it is alleged in violation of the contract labor law.

A few small bank failures are reported throughout the United States. Sir Charles Russell is still pleading Britain's case before the Behring Sea Tribunal.

Thos. Sexton, anti-Paranellite M. P., has resigned on account of dissensions regarding the Freeman's Journal.

There is a row already in the new Cabinet of Argentina. Indians have started a revolution in Bolivia.

James Gordon Bennett fell from a coach in Paris and was hurt but not seriously.

Richard Davis, sentenced to be shot at Provo, Utah, for wife murder, has been granted a respite to allow his case to come before the United States Supreme Court in October.

The entire \$12,000,000 subscriptions to the Northern Pacific consolidated trust notes have been called up by a syndicate.

The trial of Lizzie Borden is still on at New Bedford, Mass. It is largely attended by women.

"Jew" A. B. Brown, who eloped from Merced, Cal., with his pretty organist, Lucy Rucker, deserting a wife and four children and taking a son of 13 along, has been captured at Victoria, B. C.

Princess Eulalia of Spain surprised people by dispensing with a military escort, and going to see the Fair "just like the Americans do."

The Catholic Temperance Congress at the World's Fair resolved, after a hot discussion, to have temperance instruction in Catholic schools.

A midwinter fair in Golden Gate Park, San Francisco, is being urged by R. Connelly, who conducted the Exposition of Bremen in 1890.

Fargo, North Dakota, was burned to the extent of \$3,500,000 on June 8. Insurance is \$1,200,000. An appeal is made to Americans for help for hundreds of distressed people.

A meeting of business men favorably considered a resolution to build no more business blocks unless prohibition be abolished. Secretary Hoke Smith will make an extensive summer trip through the West.

Fifty cents is a small doctor bill, but that is all it will cost you to cure any ordinary case of rheumatism if you use Chamberlain's Pain Balm. Try it and you will be surprised at the prompt relief it affords. The first application will quiet the pain. 50 cent bottles for sale by all dealers, Benson, Smith & Co., agents for the Hawaiian Islands.

For further particulars apply to A. P. Peterson, attorney for mortgagee, Honolulu, H. I., June 7, 1893.

"August Flower"

What is It For? This is the query perpetually on your little boy's lips. And he is no worse than the bigger, older, balder-headed boys. "Life is an interrogation point. What is it for?" we continually cry from the cradle to the grave. So with this little introductory sermon we turn and ask: "What is AUGUST FLOWER FOR?" As easily answered as asked: It is for Dyspepsia. It is a special remedy for the Stomach and Liver. Nothing more than this; but this brimful. We believe August Flower cures Dyspepsia. We know it will. We have reasons for knowing it. Twenty years ago it started in a small country town. To-day it has an honored place in every city and country store, possesses one of the largest manufacturing plants in the country and sells everywhere. Why is this? The reason is as simple as a child's thought. It is honest, does one thing, and does it right along—it cures Dyspepsia.

Hawaiian Hardware Co., L'd

Saturday, June 17, 1893.

The curbstone ordinance now being enforced means hardship to the property owners and activity in bolts and lumber by the merchants who deal in those articles. It's a hardship only on owners who declined to have the curbs set when the road board force was doing the work and to those whose property was not on the line of past improvements. People have the choice of three lumber dealers and the price of material is the same, but with Bolts, and you'll need a lot of them, we have the stock, and prices are in conformity with the times. If the supervisor calls on you to put a curbing in front of your property come to us for your bolts, and you will want to paint the lumber with Carbolineum, so you'd better get that here at the same time.

The Crank Lantern advertised by us a week ago seems to have caught the idea of the people who like to handle a lantern without risk of burning their fingers. This article seems to fill a long felt want and the demand for it seems to be growing daily. We have them in copper as well as tin.

Three Fischer Steel Ranges went last week into the homes of people who enjoy good cooking but who couldn't get it out of the old stove. The fact that the material of which these ranges are made is just twice the thickness that the first lot was made of puts them in the top rank of the stove maker's achievements. The only fault ever found with this range was in the thickness of the steel; now that this has been remedied the Fischer Range is pronounced the only perfect one on the market.

The hot water coils being in the fire box it takes but a few minutes of the plumber's time to make connection so that you may have hot water in the bath and kitchen.

The demands upon us for Wire by plantation men has been so great lately that by the time the steamer reached here we were short of it. With what we received on the "Australia" we can supply any ordinary demand and our arrangement with the manufacturers in the United States and Europe puts us in a position to practically control the wire trade in this market. We have also added largely to our stock of Barbed Wire and can fill orders to any quantity.

If you contemplate improving your property by the addition of a little paint we would be pleased to contribute to your bank account by selling you Paints, we mean by this that by purchasing from us you save money and everything saved should go into the bank. We can also supply you with the necessary Oils, Varnishes and Brushes to finish the job.

Everyone knows how we stand on the plow question; they know that such a good plow as the Hendry Breaker has never been introduced on these islands. We told you last week that it is being used on twenty-one different plantations on the islands, since then another one has come into the fold. We have also a small Double Furrow Plow that is gradually growing in favor with plantation managers. Our Rice Plows are unexcelled.
