The Daily Bulletin.

Pledged to neither Sect nor Party, But Established for the Benefit of All. SATURDAY, MAY 5, 1894.

A remark by Mr. D. B. Smith, that he "thought there was no fear of the planters bringing in more Japanese," was by mistake, in our report of the Councils, attributed to Mr. Morgan, who had just before been reported as of a different opinion.

DR. GEO. TROUSSEAU DEAD.

A prominent old resident of Honolulu, and a man of mark, is gone from life. Dr. George Trousseau died yesterday afternoon as this paper was going through the press. An item stating that there were hopes of his recovery was unfortunately without other basis than the over-sanguine opinion of some of his intimate friends who had seen the patient shortly before giving the information. Dr. Trousseau had been in poor health for many months. This condition dated from a severe attack of the grippe about two years ago, of which there had been several recurrences. The doctor some time ago told people that his heart was affected and that one morning before long the newspaper would announce that Dr. Trousseau was dead. Short as it was, therefore, his last illness was scarcely shorter than he had expected. He was driving about town two days before his death. From his taking to bed Thursday noon, after asking that the house be kept quiet, he was unconscious to the end.

Born in Paris, May 1, 1833, Dr. Trousseau was 61 years old at death. His father was a distinguished physician and surgeon of Paris, being the prolific author of medical treatises that became standard throughout Carlsbad. Graduating young from the Paris School of Medicine, the son became an army surgeon, seeing service in Algiers early in the fifties. He also served at Solferino and Magenta, Italy. In 1866 Dr. Trousseau emigrated to the Australasian colonies, coming to Honolulu from New Zealand six years later. He engaged with the Board of Health upon his arrival, Dr. Hutchison being president of that body at the time. Dr. Trousseau made a name and fame for himself forthwith, by his mastery and skilful control of arrangements for stamping out a small-pox epidemic. The pestilence was checked at thirty-seven cases and eighteen deaths. Leaving Honolulu in 1877 the lamented doctor engaged, successively, in sheep raising in Kona, Hawaii, and sugar planting at Kukuhae, the same island, being the founder of the large plantation now in corporate hands at the latter place. He returned to Honolulu to resume his professional practice in February, 1882. His standing in the profession was eminent, it might be said pre-eminent. In addition to a very extensive practice of his own, he was in much demand for consultations over desperate cases in the hands of his fellow-practitioners. Dr. Trousseau took a great deal of interest in public affairs, intensified by his contact therewith in every government position requiring a medical practitioner to fill. Possessed of broad general as well as professional knowledge, and gifted with an intellect acute above the average, the doctor was a most valuable counsellor to occupants of the throne, ministers of state, and political parties with which he was, from time to time, identified. He attended Kamehameha V. and Lunaliio in their last illnesses, and was the physician and trusted friend of Kalakaua, whose estate he efficiently administered. He was on the military staff of Lunaliio, having the rank of major. Dr. Trousseau was a strong nationalist of Hawaii, who believed that none but born or naturalized subjects should have a determining voice in national affairs. The Hawaiian people, who revered and confided in him, will take his death as a sore bereavement.

The subject of this brief sketch was married in Paris, his wife dying there some time ago. Of two sons there, one is a physician of mark, who has lately been decorated with the Legion of Honor. A few months ago Dr. Trousseau had recorded in

the local papers, in terms of undisguised grief, the death of his only sister, Madame Morrissou, in Paris. Her husband's death some time previously compelled the returning home of her son from Honolulu, where he had been assisting his uncle in local enterprises. His nephew's absence intensified the feeling of loneliness that oppressed the doctor on account of the death of his beloved sister. Dr. Trousseau was a man of restless enterprise apart from the great activity demanded by his large practice. He took delight in aquatic recreation, of which were in evidence a large boat and bath-house at the harbor entrance, together with a catamaran and other pleasure boats, including a steam launch that the Government derived great and gratuitous benefit from while he was port physician. The doctor started a new industry for these islands a few years ago, by establishing an ostrich farm at Kapiolani Park. Many young birds have been bred from the original stock, and some of the feathers have gone into domestic exports. The farm was under the management of M. Morrissou, whose departure induced the doctor to offer it for sale but without result. Dr. Trousseau was a stockholder and a director of the Daily Bulletin Publishing Company. The funeral will take place at 3 o'clock to-morrow from the residence, Punchbowl street, the interment to be at Makiki cemetery.

A Disclaimer.

EDITOR BULLETIN:—A couple of days ago an article appeared in your columns over the name of "San Diego," and a friend of mine suggests that I should publish a disclaimer of the authorship, as it might be imputed to me. I have no patent on the word "San Diego," and certainly those whom I respect and who know my politics will not impute to me the sentiments expressed by "San Diego." Some disappointed politicians have flown over the traces and taken the opposite side in their chagrin. Although disappointed in not obtaining the office I was sent for to fill, my principles are too well determined for me to be induced to desert, and what I have written has been signed—JAS. W. GIRVIN.

[Mr. Girvin is not "San Diego." Ed.]

Judiciary Jottings.

Judge Cooper sustained some and over-ruled other exceptions to defendant's answer in V. V. Ashford vs. C. W. Ashford this morning. Hartwell for plaintiff; Hatch for defendant. The May term of the Circuit Court will open at 10 o'clock on Monday morning.

A lady at Tooleys, La., was very sick with bilious colic when M. C. Tisler, a prominent merchant of the town, gave her a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says she was well in forty minutes after taking the first dose. For sale by all dealers. Benson, Smith & Co., Agents for the Hawaiian Islands.

FUNERAL NOTICE.

THE FUNERAL OF THE LATE DR. GEORGE TROUSSEAU will take place TO-MORROW (SUNDAY) AFTERNOON, the 6th inst., at 3 o'clock, from his residence on Punchbowl street. Friends and acquaintances are respectfully invited to attend. 1028-11

No Annexation.

EDITOR BULLETIN:—If Tourist is a Fool with a large-sized capital E, he is not at all long-sighted here in Honolulu, for there are a great many others trotting in the same class. "But when you come to the point, Tourist can strike a Central Union attitude, clasp his hands, roll his eyes to heaven, and say to himself, "If I am a fool I have never been as badly taken in as the smart editor of the Star has on the annexation question. Mr. Smith has never admitted in his paper that there was a possibility of the annexation scheme falling through. Tourist never thought it would succeed. He did not think so at the time of the revolution, did not think so when wearing annexation badges, was as fashionable, and is willing to bet a few shillings that there will be no annexation while Cleveland is President. I am willing to admit that I could get some new ideas in a kindergarten, but I don't have to go to one of those useful institutions to learn that W. G. Smith & Co. have made more of a mess of Hawaiian affairs than they did in the affairs of Lower California. And in conclusion, brethren, I will tell you that although this is a tropical climate and fruit ripens very quickly, in spite of undue forcing by those skilled horticulturists, Messrs. Thurston, Castle, Carter, Wilcox and Marsden, assisted by Prof. Alexander and Oleson and P. C. Jones, and last but not least by any means (in his own estimation) the great mogul, W. G. Smith, of the Star, Johnny Stevens' little pear is not ripe yet.

ANOTHER TOURIST.

Honolulu, May 5, 1894. Dr. S. F. Scott, Blue Ridge, Harrison Co., Mo., says: "For whooping cough Chamberlain's Cough Remedy is excellent. By using it freely the disease is deprived of all dangerous consequences. There is no danger in giving the Remedy to babies as it contains nothing injurious. 25 and 50 cent bottles for sale by all dealers. Benson, Smith & Co., Agents for the Hawaiian Islands."

Hawaiian Hardware Co., Ltd

Saturday, May 5, 1894.

The dark days we are having just now are not pleasant but if the clouds will let down rain enough for the plantations it will mean money for the people. Last year the drought knocked the profits of the sugar planters galley west; this year unless all signs fail there will be moisture enough to keep things going until the tariff is put on sugar.

Hendry Breakers are going to plantations by every steamer and the Hendry Mould Board is increasing in popularity because it leaves such a clean furrow that it is ready for planting or irrigating as soon as the plow goes over the ground.

The demand for the Pansy Iron Stove by people of economical ideas is growing. We believe it to be the best and cheapest stove for the money to be found anywhere. A good baker that will use little fuel is hard to get for \$15 but you can get it from us when you buy a Pansy.

Have you noticed how the grass is shooting up with the assistance of the damp weather? That means that you want a lawn mower. We have the conventional style that cuts grass of ordinary length. We have also the High Grass Cutters that are needed wherever the grass has been neglected. The advantage in having a High Grass Cutter is in the fact that it will cut short grass as well. For garden use we have a full stock of Sprinkling Pots from a gallon up to the five-gallon size. We Japan these so that there is little danger of their rusting. If you are too tired to run a sprinkling pot we can sell you the best lawn sprinkler you ever saw for \$2.50—one that will work easy and cover a space twenty feet in diameter.

Can you think of any reason why you should not have a full set of decorated china when we are selling genuine Haviland Ware in installments of a half-dozen or even a single piece at a time? It is just as easy for you to buy this ware and be able to duplicate any broken piece as it is to buy other styles of decorated ware, sold only in full sets, and when one piece is broken you cannot get another.

Some people prefer to cook over an oil stove than one that burns coal or wood. We are selling the Dietz Oil Stove, built just like any other, and has an oven, broiler, sauce pans, etc. People who are now using them tell us they are less expensive to run and cook just as well as a wood stove. In a warm climate where people do not require to be "all hot up" ten hours in the day, we believe the oil stove to be a good thing. Ours are very complete and economical of oil.

There does not seem to be any let up in the number of the people who want to get a good strong fence for very little money. The demand on us for the Jones Locked Fence is growing daily and we are always ready to meet it. We have convinced a large number of people that eight cents is cheaper than seventeen cents each for posts. We have sold them stays, wire and washers and allowed them to convince themselves that a fence made on the Jones Locked principle is the strongest that can be made. When one man is satisfied others rapidly follow suit. This is an age of imitation and a man dislikes to have his neighbor get the best of him where a little money will place him in the same rank.

Hawaiian Hardware Co., Ltd

Opposite Storehouse Block, 307 FORT STREET.

THEO. H. DAVIES & CO.

National Cane Shredder

PATENTED UNDER THE LAWS OF THE HAWAIIAN ISLANDS.

THE UNDERSIGNED HAVE BEEN APPOINTED SOLE AGENTS FOR these SHREDDERS and are now prepared to receive orders. The great advantages to be derived from the use of the NATIONAL CANE SHREDDER are thoroughly established and acknowledged by Planters generally. The large number of Planters using them in the United States, Cuba, Argentine Republic, Peru, Australia and elsewhere, bear witness to the above claim. The use of the SHREDDER very largely augments the quantity of cane the mill can grind (25 to 50%), also the extraction of juice (5 to 12%). It is a great safeguard, making known at once the presence of any pieces of iron, stakes from cars, or anything which would be liable to damage the mill, and allowing ample time to remove same before damaging the mill. The SHREDDER is very strongly made, and from the manner of its operation it cuts or tears these pieces of wood or iron without often breaking the SHREDDER; and if anything breaks, it is simply some of the knives or cutters, which can be quickly and economically replaced. The SHREDDER, as its name indicates, tears the cane into shreds of varying lengths, perfectly opening it and allowing the mill to thoroughly press out the juices without requiring the immense extra power necessary to grind or crush the whole cane. The SHREDDER spreads the shredded cane uniformly and evenly to the mill rolls, and does away with the necessity of spreading the bagasse by hand between the mills, where regrinding is in use. No greater amount of boiler capacity is required to operate the SHREDDER than that which was sufficient for the mill, for the above reasons. We furnish full working drawings for the installation of our SHREDDERS, enabling any competent engineer to successfully install and start them. In ordering SHREDDERS from us, please send small sketch, showing the diameter and width of the mill rolls with which SHREDDER is to be connected, also the side (either right or left hand as you face the delivery side of the mill), upon which the mill engine is located, also the height from floor line to center of front mill roll shaft, and distance center this shaft to front end of bed plate. These SHREDDERS are now being used by the Hilo Sugar Co. and Hilo Mill, Kohala, where they are giving great satisfaction. Prices and further particulars may be had by applying to WM. G. IRWIN & CO., Ltd., Sole Agents for the Hawaiian Islands.

WM. G. IRWIN & CO., Ltd.

Sole Agents for the Hawaiian Islands.

IN THE MATTER OF THE ESTATE OF Maria O'Sullivan, late of Honolulu, Oahu, deceased, testate. On reading and filing the petition of Abraham Fernandez of said Honolulu, executor of the will of said testatrix, praying for an order of sale of real estate belonging to said deceased, and alleging that the real estate of said testatrix is as follows: Parcel of land, house and other improvements, being the family homestead at Kailua, and a piece of land at Kapiolani near Oahu Prison, both of which said lands are situate in Honolulu, Island of Oahu, and setting forth certain legal reasons why such real estate should be sold to-wit: Insufficiency of the personality to extinguish the debts of said estate. It is hereby ordered, that the heirs of said deceased, and all persons interested in the said estate, appear before this Court on MONDAY, the 14th day of May, A. D. 1894, at 10 o'clock a. m., at the Court Room of this Court, in Honolulu, Oahu, and there to show cause why an order should not be granted for the sale of such real estate. Dated Honolulu, H. I., April 13, 1894. By the Court: GEO. LUCAS, Clerk.
