JUDICIAL JOTTINGS

Bureties of Marshal to Pay Damages
-Opfergelt Minors Lose Land.

In Mrs. Batchelor vs. C. B. Wil-
son, the jury yesterday rendered a
verdict for the plaintiff for \$300.
Defendant as Marshal of the King-
dom served an execution on J.
Hubash, jeweler, a tenant of the
plaintiff. Bishop & Co., bankers,
went surety for the Marshal and are
thus responsible for the amount of
the judgment.

Jacob Lyons vs. J. Hubash and
Mrs. C. Batchelor, co-partners, has
been discontinued. It was entered
for the November term, 1893. Plain-
tiff, who does business in San Fran-
cisco, claimed \$500 with interest
from Feb. 9, 1891, to the date of
judgment, for money due on ac-
count between the parties. Hatch
and Carter & Carter for plaintiff;
C. W. Ashford and Creighton for
defendant. C. L. Carter for plain-
tiff asked for a continuance, Mr.
Ashford objected, and the Court
declined the motion.

Lau Chong vs. W. F. Allen, guar-
dian of the Opfergelt minors, ejec-
tion, was tried before Judge Cooper
this morning by the following jury:
J. J. Sullivan, C. V. Sturdevant, G.
Gray, L. C. Ables, F. Hustace, C. B.
Ripley, J. W. R. Robertson, W. L.
Hopper, H. Davis, J. S. Martin, C.
F. Wolfe and F. J. Lowrey. Two
lots of land taken possession of by
the guardian for the wards were in
question. A verdict for the plaintiff
was returned. V. V. Ashford, John-
son and Kahookano for plaintiff;
Hatch for defendant.

Awa vs. Lee Yuen Kui, trespass,
was begun this afternoon, the fol-
lowing jury being sworn: J. S. Mar-
tin, Henry Davis, E. F. Bishop, C.
F. Wolfe, C. V. Sturdevant, F. J.
Lowrey, Geo. Gray, E. M. Marshall,
C. B. Ripley, W. L. Hopper, J. J.
Sullivan, W. W. Dunsmuir. Plaintiff
claims damages from defendant for
assault. Achi for plaintiff; Foster
for defendant.

"Judiciary Jottings" crowded out
yesterday will be found in the sup-
plement to-day.

DRUNKEN DESERTERS.

The Departure of the Cadzow Forest
Delayed by Thow

Three sailors deserted from the
British bark Cadzow Forest some
time last night and were appre-
hended at noon to-day. The vessel
was to sail to-day for the Sound, and
it was evident the men had no inten-
tions of deserting the ship alto-
gether, but just came ashore to have
a good time. The men had a pretty
good load on when arrested, and
were brought into the Police Station
staggering. Captain Melnes was
notified and he called at the station
laboring under difficulties of the
same nature. The three men had
been entered on the book for drunk-
ness and the captain had to put up
\$18 bail, which he has forfeited
rather than delay the vessel. The
men were taken to the ship in irons
and are probably sobered up by this
time, the bark having sailed this
afternoon.

Wedding Bells

C. Wolters, manager of the Lihue
plantation, is to be married to Miss
H. Isenberg some time this week.
Mr. Wolters is a brother of W. Wol-
ters, who is connected with H. Hack-
feld & Co. of this city. The intend-
ing nuptial couple are exceedingly
popular and their friends intend
giving them a rousing reception.
Mr. Wolters of Honolulu has en-
gaged the Hawaiian Quintet Club
to go to Lihue on the steamer Mikalia
this evening. The club goes exclu-
sively to render vocal and instru-
mental music at the near ap-
proaching wedding.

Ivy Poisoning

Eight Years of Suffering

Perfect Cure by Hood's Sarsaparilla

"Dear Sir:—We have tried Hood's Sarsaparilla and find it to be all you claim for it. My wife was poisoned by ivy when a young woman, and for eight years was troubled every season with the breaking out and terrible itching and burning. I thought hers was as bad a case as anyone ever had. She was in this distressing condition every year until she began to take Hood's Sarsaparilla, which has effected a per- fect cure, without leaving any soars, and she has had

She is well and hearty. I have taken Hood's Sarsaparilla after the grip with good results, and have also given it to our four children. We are all pictures of perfect health and owe it to Hood's Sarsaparilla." J. C. FREEMAN, Yonkers, N. Y.

LADIES' COLUMN.

MRS. FREIMANN, who man-
ages our Dress Making De-
partment, has returned from
Chic-go and is just overloa-
ted with fashions, styles, and ta-
ks from morning to night about
dresses being out this way and
that way, and this is in fashion
and that out of fashion, about
how this ought to be made
and that ought to be made.
It's worth your while to hear
her. She says we are in it
with the best of them when
it gets to handling stylish
goods.

Rainy weather always sug-
gests something warm and as
all Wool Flannels and Flan-
nelettes are quite the thing
we propose to decrease our
stock of them somewhat dur-
ing the week, at what is be-
coming quite well known as
Quick Sales and Small Profit
Prices.

Flannel is an article in every
day demand, and as necessary
to the complete outfit as air
and light to perfect health and
strength. For Night Dresses,
Chemises and Knicker's noth-
ing is better, while for dress-
nothing is neater or more
comfortable. We are going
to move these goods and now
is the time to buy them, and
when you are doing it, don't
forget that we are making a
run this week on Flannel and
Flannelettes, that other bar-
gains are offered.

Yes, your five cent
check is worth just as much
as a five dollar one—it is not
the value of the checks that
takes you to the volcano but
the number you have of them.

To Plantation Managers.

The following letters received from Mr. Jno. A. Scott, Mana-
ger Hilo Sugar Co., refer to the AVERY FERTILIZER DISTRIBU-
TORS and STUBBLE DIGGERS, for which the Hawaiian Hard-
ware Co. are sole agents. Mr. Scott first saw these implements
at the Columbia Exhibition in Chicago, and was so favorably
impressed with their appearance that he immediately ordered
samples shipped to the Hilo Sugar Co. Mr. H. Deacon, Mana-
ger for Pepeekeo Sugar Co., secured one each of these imple-
ments from Mr. Scott and expressed his satisfaction with them
in the letter published herewith:

PEREKEO, AUG. 8, 1894.

J. A. SCOTT,

Dear Sir:—In reply to yours in relation to the "Avery" Stubble Diggers

and Fertilizer Distributors.

I would say that I have been using the Diggers almost constantly since

I received them, and am highly pleased with them. As the name signifies,

I find them specially adapted to the work of loosening the soil about rat-
toon stools, and they may be used to great advantage either before or

after the Fertilizer Distributors, thereby putting the ratoon fields in the

very best condition for a rapid growth. They are a light draft machine,

and I would recommend them to any plantation owner.

The Fertilizer Distributor is a great labor saving machine, and I find

that I shall need one more to fill our requirements here.

I remain, yours respectfully,

(Signed) H. DEACON,

Manager for Pepeekeo Sugar Co.

WAINAKU, Hilo, Aug. 9, 1894.

Mr. E. R. HENDRY, Honolulu.

Dear Sir:—In reply to your enquiries regarding the working of the

"Avery" Stubble Diggers and Fertilizer Distributors. I would say that I

have been using the Diggers for some months and have dug some eight

hundred acres of stools with them, thoroughly loosening the soil in and

about the roots, thus giving them an excellent opportunity for many more

shoots to come forth than usually do. And I find that there is a thicker

stand of cane where it has been stubble dug. The machine works in fer-
tilizers on ratoon stools without any further hand labor, mixing them

thoroughly with the soil and allowing them to get to the roots of the

plant.

The Fertilizer Distributors I have had at work for some time and I

have fertilized about four hundred acres with them thus far and they are

doing all the makers claim for them, distributing the fertilizers in an even

manner on each side of the cane and in whatever quantity desired. They

are a good labor saving machine and are doing the work of several men.

These machines are of light draft and strongly made and there is nothing

liable to get out of order. I can fully recommend these to plantation

owners.

I remain, yours truly,

(Signed) JOHN A. SCOTT,

Manager Hilo Sugar Co.

We received by the Alameda a carload of Avery & Sons' Im-
plements which include Fertilizer Distributors, Stubble Diggers

and Improved Sugar Land Cultivators. The latter has solid

discs and shovel attachments. They are admirably adapted for

use in the soil here and will be found necessary on every plan-
tation.

The Fertilizer Distributor is arranged to work on land where

the furrows are irregular with the same facility as where they

run even.

Any information regarding these machines will be furnished

on application to
