National Cane Shredder

PATENTED UNDER THE LAWS OF THE HAWAIIAN ISLANDS.

Mr. John A. Scott, Manager of the Hilo Sugar Company, gives the following wonderful record of the working of the NATIONAL CANE SHREDDER, which was erected by their works at the commencement of the crop just harvested:

"During the past week the Hilo Sugar Company's mill exceeded any of its former records by closing the 125 hours grinding with an output of 3000 tons. This is fully 10 percent more than the best work of former years.

"The three roller mill being 26 in. by 54 in. and the two roller mill 30 in. by 60 in. The first mill doing this amount of work in an efficient manner and with great ease, compared with work on whole cane, owing to thorough preparation of the cane by the National Cane Shredder, recently erected by the Company.

"And by its use the extraction has been increased from 3 percent to 5 percent on all kinds of cane, and in some cases 80 percent has been reached; the average being 75 to 78 percent, according to quality.

"I continue to find the megass from shredded cane better fuel than from whole cane.

"The shredder has been working day and night for seven months and has given me entire satisfaction, having shredded during that time about seventy thousand tons of cane, and a large part of it being hard ratoons.

"The shredder and engine require very little care or attention."

Plans and specifications of these Shredders may be seen at the office of

The China takes away with her W. W. Dimond and family who go to the States for a sojourn of several months. Mr. Dimond goes on business connected with his new enterprise, a hardware and general house furnishing goods business which he will establish on King street about November 1. His long service in the house of John Thomas Waterhouse fitted him for any undertaking in which he may embark.

W. R. Castle, will be pleased to learn that arrangements have been made whereby they may have their desires gratified on Saturday next. The usual booths will be there and the children and their friends will be given free scope in the matter of enjoyment. Prof. Berger and his band of musicians will be present and add much to the general features of the occasion.

Whooping Cough.

There is no danger from this disease when Chamberlain's Cough Remedy is freely given. It liquefies the tough mucus and aids its expectoration. It also lessens the severity and frequency of paroxysms of coughing, and insures a speedy recovery. There is not the least danger in giving the remedy to children or babies, as it contains no injurious substance. For sale by all dealers. Benson, Smith & Co., agents for the Hawaiian Islands.
