THE BALL GAME.

Kamehameha's Badly Worsted by the Unknowns.

There is certain innocent looking little weed which grows in New Mexico and Arizona called the rattle weed which eaten by human beings, cattle or horses produces a peculiar effect. The first symptoms are said to be a feeling of general stupidity and lassitude; the next an all-powerful desire to wander aimlessly around the field without any particular object in view. Under the influence of this peculiar weed the animal occasionally falls down and after remaining on the ground for short time struggles to its feet with a sort of where-am-I-at expression on its face. Whether there is any of this weed growing on the Kamehameha campus or not the writer cannot say, but at certain periods of Saturday's game the Kams certainly got badly "rattled."

The grand stand was well filled on Saturday afternoon and it was soon seen that the sympathies of its occupants were with the Unknowns, who were first at the bat. They went out in one, two, three order at first. The Kams were more fortunate. Pahau hit to second and went out at first. Crowell hit to second and went out on a fly. Mahuka was struck by the ball and took his base. Bridges hit to right field for a two-bagger and Mahuka came in. Davis went out on a fly to Woods.

In the second Pryce went out on a fly to right field, Aiwohi was struck by the ball and took first. Clark hit to second and went out at first. Thompson took his first on balls, but Espinda could not find the ball and went out on strikes, leaving two men on bases. The Kams did not fare as well. Kaanoi and Lemon both fanned the circumambient air without producing any results and Ahia went out at first.

A smart shower of rain came on just as the Unknowns started in for the third innings which made the ball wet and slippery. White hit a foul to catcher which the latter missed. White took his base on balls. Willis made a splendid drive to right field for third base and White came over the plate. Duncan made a two-bagger and Willis came in. Woods hit to shortstop and made first while Duncan came in. Pryce hit to right field for third and by bad throwing was enabled to get over the plate by the skin of his teeth. At this point the Kams went all to pieces and the Unknowns piled up three more runs on bad fielding and passed balls. In this inning the Kams made one run on a three-base hit by Crowell which enabled Pahau to get home.

In the fourth Duncan and Woods both went out on flies, Pryce took first and Awohi was caught out by Lemon. For the Kams Davis made first, Kaanoi went out on a foul fly to third. Ahia made his base. Lemon made a two-base hit which brought in Kaanoi and Ahia. Lawelawe and Pahau fanned the atmosphere to such an extent as to cause a perceptible decrease in the temperature of the grand stand and the jig was up for the collegians for the balance of the game.

The fifth was uneventful both sides retiring in short order. In the sixth Lemon was batted all over the field, Willis, Duncan, Pryce and Clark all scoring. The Kams made the usual goose egg.

The seventh and eight innings were not productive of runs for either side.

In the ninth Thompson hit a long fly to centre but Kaanoi made a long run and caught the ball, evoking loud applause from the grand stand. Espinda got first on

a wild throw by Bridges, stole second, got third on White's single and came home on another wild throw. Duncan made his first and Willis went out at the home plate. Woods went out at first on a fine pick-up at left field. Davis of the Kams made his first, Kaanoi went out on a fly as did Ahia, Lemon made his first and Lawelawe was struck out.

Score, Unknowns 12; Kamehamehas 4.

Having used Chamberlain's Cough Remedy in my family and found it to be a first-class article, I take pleasure in recommending it to my friends. J. V. FOSTER, Westport, Cal. For sale by all dealers. Benson, Smith & Co., Agents for Hawaiian Islands.

IT HAS BEEN REMARKED by visitors that for variety of goods, quality and style, the shops of Honolulu compare favorably with those in the largest cities in the United States. These remarks are not strange to us because we are familiar with the needs of the people, we know that their tastes are the same as other people, though they are to a degree isolated from the rest of the world. But they are a reading people and they are apt scholars; they have the same amount of ability to copy the ideas of others or create new ones as the ladies of New York or Boston. To cater to the tastes of the different people here requires tact, ability and coin; in the selection of goods, both as to design, quality and price, all of the business qualifications of man are brought into play.

If we did not exercise it in our corner of the mercantile world how could we offer all shades of genuine woolen goods, not shoddy, but woolen at fifty cents a yard, when every other dealer in Honolulu sells the identical goods for seventy-five cents and a dollar. Nor do we confine ourselves to a single shade—we have them in endless variety.

The same may be said of our stock of all-wool flannels. Who ever heard of them going for less than fifty cents a yard. They bring that because they are worth it to any one who wants them, but we let them go to you at thirty-five cents a yard, or three yards for a dollar. You can't realize it but we can prove it to you as easy as we can show you the largest and handsomest collection of white goods of every description ever shown in Honolulu.

The goods are here and the wearing qualities are guaranteed; we are ashamed to mention the prices out of consideration of the feelings of our rivals; they're low enough of that you may be assured.

A drive in shoes interests every one—our stock includes all sorts and conditions for men, women and children, and to go with the shoes we have a wonderful collection of hosiery for ladies.
