The Tillie Starbuck has moved into the berth formerly occupied by the Brewer, and taken in sugar from the Oceanic warehouse.

The Helen Brewer has finished loading and has been hauled out to the outer buoy. Nothing has been heard of the three men who deserted the night before last. The Brewer is now six men short in all.

**A Water Right Case.**

District Judge Aikue of Koolau, sitting as a commissioner of water rights, is occupying one of the Circuit Court rooms. The matter in controversy is the diversion of certain water by the Waimanalo plantation heretofore used by certain Chinese under lease from J. P. Mendonca. The Chinese claim their rice fields in Kailua are being ruined from want of the water diverted. The case is being heard here for the convenience of attorneys and witnesses.

Having used Chamberlain's Cough Remedy in my family and found it to be a first-class article, I take pleasure in recommending it to my friends. J. V. FOSTER, Westport, Cal. For sale by all dealers. Benson, Smith & Co., Agents for Hawaiian Islands.

**THE POLICE COURT.**

**This Morning's Session Was Short and Sweet.**

His Honor announced on taking his seat on the easy chair generally and commonly known as the "bench" that his decision in the embezzlement charge against Kapu would be further reserved until Monday. Hence the defendant will have two days in which to solve the question of whether the pleasures or penalties of anticipation are greater than those of realization.

Puia is said to be a frail female who has failed to comply with the registration law. She pleaded not guilty and will have a hearing on Monday.

Kailiella is a female who under section 4 of chapter 57 is required to present herself for examination monthly by the duly authorized physician. Failing to do this for the two months' last past Miss Kailiella has been mulcted in the sum of three dollars as costs and sent across the reef for thirty days as a warning not to break the laws of Hawaii and especially the penal portion thereof any more.

Meawela is a truant and acknowledged it to His Honor this morning. He will rusticate at the Reformatory school for the next twelve months, during which it will not be advisable for him to attempt to play truant.

The business of the week having been pretty well cleaned up Judge Perry adjourned court till Monday and can enjoy the Sabbath with that clear conscience which, naturally follows the performance of his duties to the best of his ability for the good and welfare of the Republic of Hawaii.

**A Remarkable Cure for Rheumatism.**

WESTMINSTER, Cal., March 21, 1894.—Some time ago, on awakening one morning, I found that I had rheumatism in my knee so badly that as I remarked to my wife, it would be impossible for me to attend to business that day. Remembering that I had some of Chamberlain's Pain Balm in my store I sent for a bottle, and rubbed the afflicted parts thoroughly with it, according to directions, and within an hour I was completely relieved. One application had done the business. It is the best liniment on the market, and I sell it under a positive guarantee. R. T. HARRIS. For sale by all dealers. Benson, Smith & Co., agents for the Hawaiian Islands.

**Business Talks**

June 13, 1895.

The time made by Burt Lee in the trial beats last week but bears out the old saying that "trotting horses have no particular lineage," and are not, so to speak "born to the purple." Burt Lee was picked up for a carriage horse without reference to his sire or dam—he had the right appearance and a smart gait that pleased his owner, his possibilities have not half been shown and there is no telling what he may develop into before next season's races. One of the best of the olden time trotters, Dutchman, was a common cart horse without any thoroughbred origin. The trotter of today is but the result of the careful selection in mating animals. Rarus, the prodigy who first beat 2:14, was sired by an unknown fish-huckster's horse, who even after he had gotten the wonderful cold pulled a wood cart. There may be other horses in the islands which, if properly handled, will do even better work than Burt Lee, their joints may want lubricating and if that is the only trouble there is nothing better than injections of oil provided you get the right kind and there is only one "right kind" and that is "Vacuum."

We have been handling these oils for years and can recommend them as the safest oils manufactured for use on sugar mill or other fine machinery. The famous 600 W is in use on nearly all the plantations here and in most of the electric light and power works in the United States. In a letter to the manufacturers Thos. A. Edison says:

"I find that the oils you have furnished, have proved very satisfactory."

The Vacuum Oil is made in several brands of which we carry 600 W, Vacuoline Engine and Arctic Engine Oil, this latter for electric light, centrifugal and general high speed work. It is particularly adapted to the Edison system, being used by the Edison Company and recommended by them.

When it comes to price Nothing equals Vacuum Because it is lasting.

We handle the celebrated Pennsylvania Lawn Mower because we consider them the best in use. Other styles have been put upon the market only to be relegated to the back yard but you never find a "Pennsylvania" that is not fit for use. They are easy to run and no trouble to keep in order. We have them with 10 to 21 inches blade.

Don't file a mower blade; Just put a little oil on it And sprinkle with emory powder, Then work the machine back And forward and the blade is sharpened.

We carry the largest stock of Blasting Powder and the celebrated Hercules Powder in this market. The latter is made especially for us for this climate. No one has ever questioned our assertions regarding packing. Our stock comprises all sorts used in engine rooms and the selection has been carefully made. We have a full stock.

We have lately added to our goods used in the out of town districts a lot of Sherman's celebrated Mexican Saddle Trees. They were made to order for us and will fit both the rider and the horse. Nothing better in this line has ever been offered the public and the prices are astonishingly low.

**From the Baby Up**

to the grand parents, the whole family can derive comfort, health and happiness from the great temperance beverage, HIRES' ROOT BEER. It is pre-eminently a home requisite—made at home and drunk at home. Its delicious flavor, its

sparkling effervescence, and its remarkable health-giving qualities, make it invaluable as a refreshment for the children and the grown-up folks. It is not only a strictly temperance beverage, but a drink that satisfies every thirst; toning the stomach, building up the system and creating an appetite for good, healthful food. There is only one genuine
