## THE LEGISLATURE.

THE SENATE HOLDS A TEN MINUTES' SESSION.

The House Finally Passes the Land Bill at Eleven O'clock Last Night.

FOURTEENTH DAY, JUNE 29.

## THE SENATE.

President Wilder opened the Senate at 10 a.m. with his usual punctuality. After prayer by the chaplain the roll was called and minutes of last meeting read.

A communication was received from the House to the effect that Messrs. M. Robinson, John Ena and Geo. W. Smith, having resigned their offices, had been re-elected members of the Council of State.

A further communication stating that a joint resolution introduced by Rep. A. G. M. Robertson for the appointment of a Commission to investigate and report to the next legislature on the methods now in vogue in the recording of land titles had been passed by the House and inclosing an engrossed copy thereof. On motion the latter was referred back to the House for proper certification.

Act 2a appropriating \$12,000 for expenses of the legislature passed its third reading and was referred to the committee on Passed Bills, on which President Wilder appointed Senators Brown, Hocking and Lyman.

The presiding officer stated in reference to joint committees that the members on similar committees of the Senate would consider themselves appointed on the joint Committees.

There being no further business the Senate adjourned to 10 a.m. Monday.

## THE REPRESENTATIVES.

Owing to its late session last night the House did not get down to business until 10:20 this morning.

Yesterday afternoon's session lasted from 1:30 to 4:20 and the evening session from 7 to 10:30, all of the time being occupied with the third reading of the Land bill, which finally passed with several new amendments, fourteen members voting aye.

After the usual routine this morning Rep. Winston of the Committee on Commerce presented a report recommending the passage of Robertson's Chinese restriction bill. On motion the report was laid on the table to be considered with the bill, which was made the special order of the day for Monday.

The secretary was instructed to notify the President of the election of three members of the Council of State.

Rep. Robertson gave notice that the special committee on the Honolulu electric railway bill would hold an open meeting in the old legislative hall at 7 p.m. on Monday.

The bill authorizing deputy-sheriffs to administer oaths came up on its third reading and passed by a vote of 13 to 1.

The Speaker announced the following joint committees:

Foreign Affairs—Robertson, McBryde, Cluney.

Judiciary—Robertson, Kaeo, Kamaooha.

Finance—McBryde, Kamaooha, Bond.

Internal Improvements—Ry-croft, Haunua, Robertson.

Sanitary—Bond, Pali, Richards.

Joint Rules—Kamaooha, Winston, Halaalani.

Passed Bills—Richard, Bond, Hain.

Under suspension of the rules a petition was read from a school teacher at Hilea, Kau, Hawaii, asking that the government build him a new residence, stating that his present one was too far from the schoolhouse. Referred to the Committee on Education.

Adjourned to Monday, 10 a. m.

## AMID THE COFFEE TREES.

CONTEST BETWEEN THE LADY-BIRDS AND THE BLIGHT.

Road Making in Kona—The Delightful Climate—Personal and Other Notes.

Kona climate, to say the best, is delightful. It is rather close at night and hot throughout the day on the sea shore, but up on the hillside it is cool and invigorating.

I paid a visit to George Clark's ranch and coffee plantation Tuesday last, and was very kindly received by Mr. Clark and his wife, who urged me to stay for dinner. Their place is situated about five miles from Kailua up on the mountain side at an elevation of about 1600 feet, and seems to be a halting place for travelers. While I was there a number of people came in for a rest and a little chat.

Mr. Clark has about 70 acres covered with coffee and expects to begin picking in two weeks, which will continue for about six months as the coffee does not all ripen at the same time. He expects to get about 9000 lbs of cleaned coffee as his crop this year. He uses an English pulping machine, which he considers does its work better and quicker than any other machine introduced here, and says it more than paid for itself in less than three months.

Mr. Clark has peaches growing in front of his house, which in size and flavor are superior to those imported from California.

Mr. Muller has a 20 acre coffee plantation about a mile from Mr. Clark's. He has 22,000 trees planted and has bestowed great care and attention on them. As the greatest expense is now over, having all his trees planted, he expects good returns yearly.

There seems to be a great diversity of opinion among the coffee planters concerning the blight, which in some places is very bad. One maintains that the ladybirds are of no benefit, and that the remedy for the disease has yet to be found. Another believes that the ladybirds will eventually eradicate it. Yet another, who has paid special attention to the ladybirds and has gathered their larvae from guava bushes [their favorite breeding place] and distributed them over every tree on his place declares that his trees are practically free from disease, and thriving beautifully. He has great faith in the bugs.

Judge Clark has been confined to his home for several days with neuralgia, necessitating court to be held at his residence. He has improved so much under Dr. McWayne's treatment that he was able to come to Kailua yesterday. He will hold court today in the Kailua court house.

Dr. McWayne and C. B. Wells, who is his guest, left yesterday

overland for Hilo. They will return the same way in about two weeks.

A. K. Kunuakea (Prince Albert) and party are doing North and South Kona. They are bound to the volcano overland.

Judge Atkins and John Maguire were over from Kohala last Saturday.

Considerable dissatisfaction exists in regard to the meanness of the government in road appropriations for this district. Five hundred dollars were appropriated for road work in this district, and when the road board wanted to draw on this amount they were formed that there was only \$300 available. They look on this as an outrage, and somewhat justly, considering the amount spent on tourist roads about Honolulu. Two members of the road board have sent in their resignations, leaving but one on the board. A new road has been in course of construction from time to time for the past three or four years, and work is being done on it at present under Mr. Bruner's supervision. His methods seem to be unsatisfactory to many people. He has caused a good road to be covered with about 6 inches of red dust, while an excellent material (rotten lava, almost like a gravel) for a top dressing is to be had along the side of the road a short distance further up. A part of the road has, in fact, been dressed with this material and is as smooth and firm, but not so hard, as the streets of Honolulu.

The Mail arrived this morning at 5:20 and leaves for Honolulu at 7:30.

Mail received this morning from Honolulu per Kinau via Kawaihae, brought overland by carriers.

X.

Kailua, June 27, 1895.

## THE AMERICAN LEAGUE.

President Murray Re-elected by a Large Majority.

In spite of various rumors of opposition to President Tim Murray of the American League, he was re-elected last night by a vote of 135 to 30 against H. G. Crabbe.

The other officers elected were J. N. Wright, first vice-president; Allan Clarke, second vice-president; M. H. Drummond, recording secretary; Dan Lyons, financial secretary; Geo. Hawkins, treasurer; Messrs. J. Delaney, Capt. Wilson and C. Crabbe, trustees; H. Evans, sergeant-at-arms; Levi Perkins, inner guard; John Graham, outer guard.

## At Emma Square.

The following program will be rendered at Emma Square this afternoon by the Hawaiian band under the leadership of Mr. Heitman:

1. March—"Illinois Battle Ship" W. G. Yale
2. Overture—"Lodoika" Kreutzer
3. Waltz—"Pomona" Waldenfel
4. Gavotte—"Domino" Oelschlegel
