## RESTORED TO HEALTH

BY THE USE OF

**Ayer's Sarsaparilla**

Mrs. M. A. Cumming, of Yarraville, Victoria, Australia, says:

"About a year ago, I had a severe attack of Influenza, which left me very weak, without energy, appetite, or interest in life. Obtaining little or no relief from doctors, or from the many remedies recommended to me, I finally tried Ayer's Sarsaparilla, and from that time, I began to gain health and strength."

I continued the treatment until fully recovered, and now have very great pleasure in telling my friends of the merits of Ayer's Sarsaparilla, and the happy results of its use. I consider it the best blood-purifier known."

**FITS CURED**

(From U. S. Journal of Medicine.)

Prof. W. H. Pecke, who makes a specialty of Epilepsy, has without doubt treated and cured more cases than any living Physician; his success is astonishing. We have heard of cases of 10 years' standing cured by him. He publishes a valuable work on this disease which he sends with a large bottle of his absolute cure, free to any sufferer who may send their P.O. and Express address. We advise anyone wishing a cure to address, Prof. W. H. PEEKE, F. D., 4 Cedar St., New York.

## STILL CLAIMS VICTIMS.

SEVEN NEW CASES AND FIVE DEATHS SINCE YESTERDAY.

Five Patients Alive in Hospital—Some Redecoming Features in the Situation—At Lunalilo Home.

This morning's bulletin of the Board of Health, recording the situation up to 6 a. m., looked encouraging, as it noted but one new case and one death since yesterday. Before business hours had far advanced, however, sinister reports were circulated about dead bodies having been found before sickness had been reported. These proved true in one or two cases, one of them being that reported below as near the Mormon church.

Seven new cases and five deaths, the latter inclusive of one dying at 2 p. m., were reported today. The deaths were as follows:

1. Napoleon Kalilikani, reported in yesterday's issue as ill.

2. Kahakuila, age 17, male, taken sick between 8 and 12 yesterday at Kawa, reported by Dr. Wayson, died at 7 p. m.

3. Lono, age 30, male, Punchbowl street, below Mormon church, died at 11 p. m., reported by Dr. Smith, dead when discovered.

4. David Pau, age 26, male, taken at Kalihi, reported by Dr. Wayson, died at 7 p. m.

5. Inmate of Lunalilo Home not named, reported by Dr. Wood at 11:30 a. m., dying this afternoon.

The following are new cases: 1. Simeons; 2. Paku, age 14, male, from Kapunukolo, reported taken sick at quarantine hospital by Dr. Myers at 12:30 p. m. There were five patients alive in the hospital at 2 p. m.

The Board of Health has issued an order that saloons shall close from 6 p. m. to 6 a. m. This President W. O. Smith said to licensees, is to prevent the gathering of crowds in those resorts, and because the Board is advised by physicians that intoxicated persons are more susceptible to infection than persons not in that condition.

E. G. Hitchcock, ex-Marshal, who is working in the Board of Health office, was asked if there were any encouraging features in the situation. He said he thought there were. One was that the disease had not touched the Chinese and Japanese. Another was that nearly all the cases had been traced to the consumption of corrupt food or fish infected in the Nuuanu stream. If it was a regular siege of Asiatic cholera there would not be these exceptional circumstances.

There were 46 cases on Judge Perry's calendar Monday morning. Fourteen drunks paid the usual fine and a number of cases were set for future dates. Hanale Kukona pleaded guilty of distilling liquors and was sentenced to three months' imprisonment and a fine of \$100.

Prof. A. B. Lyons and family left this afternoon on the Martha Davis.

Thirteen arrests were made this morning: Five Chinese for opium in possession, three for non-payment of taxes, one Hawaiian for drunkenness and one for assault and battery on Tim Murray's cook, one Chinese for offering a \$20 piece to a police officer as a bribe, three Chinese for violating the Board of Health rules and one American for investigation.
