

THREE NEW OFFICIALS.

Paid Sanitary Inspectors to be Permanently Employed.

The Board of Health, having dispensed with the services of the twenty-one temporary sanitary inspectors, has created three new sanitary districts which take in the whole of the city, viz:

- 1. All that portion of the city lying west of Nuuanu stream.
2. All lying between Nuuanu stream and a line running from the sea up Alakea street, Emma street and Punchbowl street to (and including) Panoa valley.
3. All lying east of the second district.

The three inspectors appointed are G. W. R. King, George E. Smithies and N. P. Jacobson who commenced on their new duties this morning at salaries of \$75 per month.

FREIGHT INSPECTORS.

The New Appointees Commence Work This Morning.

The sixteen freight inspectors, appointed to supervise the shipment of freight to the other islands, commenced work this morning. Although the system adopted is thought by many to be both cumbersome and unnecessary, it is an improvement over the previous cast-iron regulations of the Board of Health and as such is acceptable.

THE BEST TREATMENT FOR CHOLERA—When promptly and properly treated a recovery is almost certain. This was fully demonstrated during the prevalence of Cholera in New York in 1866. Go to bed as soon as the first symptoms appear, remain as quiet as possible, and take Chamberlain's Colic, Cholera and Diarrhoea Remedy in double doses until the pain ceases, and then after each operation of the bowels more than natural. Send for a physician, but take this remedy in this way until he arrives. The remedy should be kept at hand ready for instant use. It should be taken within five minutes after the first symptoms appear. Chamberlain's Colic, Cholera and Diarrhoea Remedy is the most successful medicine that has yet been produced, not only for the milder forms of bowel complaint, but for the most virulent forms of Asiatic Cholera.
