

GIRLS' DAY DREAMS.

Of course they come to nothing, but the other girls believe them. "I never hear a young girl say, as young girls are fond of saying," observed an old lady on the summer boarding-house piazza, "what sort of a man she will marry, and what sort only, that I do not think of certain speeches I, myself, have listened to from pretty lips before this. A school friend of mine so held New Jersey in detestation that she tore its map from her geography. She used to say that nothing would induce her to marry a man who was a widower, or wore a wig, or lived in New Jersey; and the man of her choice was guilty of all these three enormities. I used to talk over my future with two cousins. I would not marry a business man, I said. Kate would not think of a clergyman, or Carria a farmer; and we married respectively a business man, a clergyman and a farmer. It is all like a smart young American 'help' in my grandmother's kitchen, who was wont to declaim to us children on the scorn in which she held all men, always winding up her denunciation of the sex by 'No, I wouldn't marry any man that walks on two legs.' And she didn't. She married a one-legged man."

Wood Under Pressure.

Soft wood becomes stronger than hard wood under pressure. The case of a block of Oregon pine taken from the middle of an upright which formed a part of the timber support in the Comstock mines for twelve years gives an example of the effect of heavy pressure on wood fiber. It is so hard that it cannot be cut with a knife, and one of its sides is polished from the squeezing it has undergone. Yellow pine from the lower levels of the Comstock has been so compressed by the enormous weight that its density exceeds that of lignum vitae.

The Dakotas were rated in the eleventh census as having a wealth of \$20,321,530.

West Virginia's wealth, mostly in real estate and mines, is valued at \$146,991,688.

Indiana is a very rich State; its property of all kinds reaching a total of \$627,815,131.

DESCRIPTION AND TERMS:

CREOLE is the gamest, fastest and best bred stallion that has ever been imported into the Hawaiian Islands. He reduced his record of 2:20 to 2:18 in Petaluma, Cal., August 24, 1894, distancing his whole field in the first heat; then again to 2:15 in Stockton, Cal., September 23, 1894, winning the first heat in 2:15, fourth heat in 2:15, and fifth heat in 2:19, proving that he is a remarkably game as well as a speedy race horse. ("Creole" by Prompter out of Grace by Buccaneer shows that he is capable of getting a mark of 2:10 and is one of the gamest stallions seen this year, and besides being game, is one of the best formed, and remarkably intelligent.) - Breeder and Sportsman, Sept. 25, 1894.) He is 15 1/2 hands high and of powerful build throughout. His color is glossy black with one white hind foot. His disposition is all that could be desired, and his action superb. He is a sure foul getter.
