

Mrs. Patrick Campbell.

Mrs. Patrick Campbell has told a British interviewer that the public does not appreciate the mental and physical wear and tear which an actress undergoes in performing emotional parts. Her own remedy for this exhaustion is to devote herself to the commonplace duties of life and of her own household. Mrs. Campbell confesses that she made a romantic runaway match when she was a mere girl, and that she was the mother of two children before she was 20. She made her professional debut at the Alexander theater in Liverpool in 1888 after a short career as an amateur.

Queen Margherita.

A recent graceful act of Queen Margherita is being duly chronicled. Once a year she pays a visit to the girls' mission schools in Rome. She arrived there one day recently in an open carriage, and following came two others filled to overflowing with masses of exquisite flowers. These she ordered should be driven into the school gardens. When all the pupils and teachers had assembled, she handed to each a lovely bouquet with the laughing word: "Last year you all presented me with flowers. It is quite time that I revenged myself."

A Much Traveled Woman.

Mrs. John Richard Green, the widow of the historian, has returned to England, after an interesting and somewhat adventurous trip to Greece and to the site of Troy. During her travels Mrs. Green was fortunate in finding an opportunity of visiting the island of Delos, which is uninhabited and but seldom accessible to travelers.

The Omaha turnverein has for nine years provided instruction for women in physical culture, and in the last winter had 70 women in the class. The costume worn is a loose belted waist with bloomers.

Health, said Miss Arnold in Boston to the Chumney hall kindergarten graduates, is the first requisite of success. The "new" woman has none of the old fashioned belief in nerves and notions.

Upon curtains the principal part of the embroidery is now placed upon the turnover portion of the top. This has much the effect of a valance when effectively worked.

Powdered alum dissolved in the water in which the hands are bathed before putting on the gloves will check the perspiration of the hands.

In Paris the pretty fashion of decking the table with tiny trees—almond, orange and cherry—is being revived.

New Strength For the Old.

One of the Best Known Residents of Seattle Made Well.

Cured of Kidney Disease, Sleeplessness, Rheumatism, and Nervousness.

CHARLES FROESCH, Secretary of the Washington Pioneer Association.
611 NINTH STREET, SEATTLE, WASH., May 8, 1894.

WELLS, RICHARDSON & Co.,
Gentlemen:—For some years my kidneys have been affected, and a mild form of rheumatism afflicted me.

The worst affliction from which I suffered more or less for a year past has been *insomnia* and its natural results, *extreme nervousness*. This grew so bad that it was often difficult for me to write my name legibly. Paine's Celery Compound has cured me of the insomnia and nervousness, so that I again enjoy refreshing sleep.

For some months last year I suffered acute pains in my chest, which almost nightly compelled me to arise from bed and walk the floor or sit up for hours. A recumbent position brought on the pains day or night; the position assumed in writing also caused them. I have been happily relieved of these various disorders by Paine's Celery Compound, and now enjoy better health than I have experienced at any time in the previous ten years.

I shall advise my friends, one and all, to try Paine's Celery Compound for such ills as I have suffered from.

Yours truly,
Charles Froesch.
