

Our I's and Other Eyes.

Our I's are just as strong as they were fifty years ago, when we have cause to use them. But we have less and less cause to praise ourselves, since others do the praising, and we are more than willing for you to see us through other eyes. This is how we look to S. F. Boyce, wholesale and retail druggist, Duluth, Minn., who after a quarter of a century of observation writes:

"I have sold Ayer's Sarsaparilla for more than 25 years, both at wholesale and retail, and have never heard anything but words of praise from my customers; not a single complaint has ever reached me. I believe Ayer's Sarsaparilla to be the best blood purifier that has been introduced to the general public." This, from a man who has sold thousands of dozens of Ayer's Sarsaparilla, is strong testimony. But it only echoes popular sentiment the world over, which has "Nothing but words of praise for Ayer's Sarsaparilla."

Any doubt about it? Send for the "Curebook." It kills doubts and cures doubters. Address: J. C. Ayer Co., Lowell, Mass.

A GOOD CUP OF TEA.

How Easily It May Be Made With a Little
Care.

Have good tea to begin with; then be
sure that you have freshly drawn, pure
and filtered water of which to make the
beverage. The water must not have been
standing for hours exposed to the weather
nor simmering on the range. It must
be fresh, and then, if you have a brisk
fire or the hot flame of an alcohol
lamp, bring it quickly to the boil. A
flat bottomed kettle is to be preferred,
as it has a broad surface to expose to the
heat, and the boiling is soon accom-
plished. Water is boiling when it bubbles
and the steam comes in white puffs
from the spout of the kettle. It does
not boil when it begins to simmer and
to sing. That is only the sign that it is
near to boiling. You must make your
tea when the water has just boiled. A
kettle which has been standing on the
back of a stove all day, filled up now
and then by a dipper or two more of
water, will not make good tea. You
must boil the water on purpose.

An earthen pot is better for tea than
a metal one. Pour a little boiling water
in the pot to heat it, and after a minute
or two pour it out. Now put a teaspoon-
ful of tea for every cup of hot water—an
even, not a heaping, spoonful—and add
an extra one for the pot. Pour on as
much water as will fill the number of
cups you wish to make. Let it stand
two minutes; then, with a long handled
spoon, stir the leaves once through the
water and instantly cover the pot again.
Three minutes more, and your tea is
done. Never let tea steep or boil or
stand a long time. It is a quick, neat,
nice process from beginning to end.

How Lemons Will Benefit the Lungs.

Lemons are an excellent remedy in
pulmonary diseases. When used for
lung trouble from 6 to 9 a day should
be used. More juice is obtained from
lemons by boiling them. Put the lemons
in cold water and bring slowly to a
boil. Boil slowly until they begin
to soften. Remove from the water, and
when cold enough to handle squeeze
until the juice is extracted, strain and
add enough loaf or crushed sugar to
make it palatable, being careful not to
make it too sweet. Add about twice as
much water as there is juice. This preparation
may be made every morning,
or enough may be prepared one day to
last three or four days; but it must be
kept in a cool place.

The Envied One.

Not Such a Good Deal.

"They say I hide my head
In the sand," the ostrich said,
"But I know a trick that's better any day.
When I seek a sure retreat,
I would rather hide my feet
In a pair of boots that point the other way!"
—Phlegmatic Blatter.

Anchored.

Anchored is what the man said
when he dropped into the Anchor
Saloon. Why? said his friend.
Because you can always get a
cool refreshing drink served by
gentlemanly attendants, and if
you happen to drop in during
lunch hour you will be regaled
with solids as well as liquids. In
fact the lunch at the Anchor is
said by many to be the best in
town. The celebrated Seattle
beer is on tap. It is sparkling
and ice cold. The finest of wines
and liquors in town are to be had
at this popular resort.

If you want absolute perfection
in Refrigerators, go to the Pacific
Hardware Co., for the "Hygienic."
It obviates all defects found in
old styles, and embodies improve-
ments and virtues possessed by
no other.

Printed ducks are just as good,
if not better than anything else
for boys' shirt waists. They wash
and wear well, two very important
considerations. Kerr has them in
a large variety of patterns at eight
yards for one dollar.

No Cause for Alarm!!!

less, free from odor, con-
venient to use and at the re-
markable low figure of—

5 Cents a Gallon.

No prudent housekeeper can
afford to run the risk of con-
tracting sickness, which is sure
to occur, should you neglect to
keep the sewers, cess-pools

deodorized condition.

Purifine 25c.

Any Physician will endorse
what we claim when we tell
you that nine tenths of all
fevers and alike illness is the

the sanitary conditions of the

Purifine 50c.

One great objection to most
disinfectants is that they have
such a disagreeable odor. Purifine
is odorless.

Don't delay in purifying the
air you daily breathe and
trust to kind providence that
you may escape illness. Now
is the time to commence the
good work, don't wait until
the dead heat of summer has
arrived; it may be too late.

When "The Fever,"

the Bicycling fever, catches
you (or you catch it) we would
like a chance to prescribe for you,
not that we expect to effect a cure,
only to sell you a wonder in
wheels.

This is what one of the Hawaii-
an College boys writes to his father
regarding the best wheel to buy
for his sister: "I hold the Ram-
bler second to none in the country
(the U. S.), and if anyone can
show a wheel which has traveled
as many miles as mine has with
as little expense as mine I would
very much like to see it. Be-
sides changing the gear from 64
to 70 and the saddle to one of later
pattern my entire expense for the
wheel has been fifty cents. That
I think is a pretty good record,
don't you? I am very much afraid
that my tires, the same ones I got
on the machine, will not last me
through the next season. They
are almost worn through all over.
It will cost me from \$12 to \$15
to get new tires put on, but it is
legitimate wear. I never knew a
pair of tires to wear as long and
as well as these have, considering
the amount of travel. When you
consider that they have traveled
as far as from Cleveland, O., to
Honolulu, over all sorts of roads
and paths, you will see that they
must needs wear some."

The above opinion you will
find to be the opinion of about
every rider of a Rambler in this
city, and there are a lot of Ram-
bler riders here. Our trouble has
been to get enough wheels, the
makers not realizing that we want
'97 stock before the snow has
melted in their country. By the
Australia this week we received 7
ladies' wheels, and six of them we
have sold. By the Mowera mail
we ordered 20 Ramlers and by
this week's mail we are ordering 5
more, and we have orders in for 2
Racers, so by return Australia we
will have 27 Ramlers, and in future
we do not propose to lose the
sale of any wheels by not having
them on hand. Remember that
the Rambler is fitted with the only
tire that has proved entirely satis-
factory in this country, the great
"G. & J." There are imitations to
this tire to be found here, but if
you don't find it out when you buy
them, you will after you have used
them a while, to your sorrow. The
genuine "G. & J." tire is to be had
only at the Rambler Agency, and
there you can get the right article,
fully guaranteed.
