 For more than fifty years has PERRY DAVIS' PAIN KILLER stood the test against all remedies prepared to eradicate pain, and today stands at the head of the list among the medicines that are so essential to keep at hand in the home.  
 It is not a new fangle remedy nor do the proprietors lay claim to any wonderful revelation of the ingredients that enter into the manufacture of this ever popular remedy.  
 It is perfectly harmless, you need have no fear of becoming habitually inclined to its use.  
 For Colic, Cramps, Dysentery, Colds, and all painful affections, a few doses will certainly give relief. You cannot afford to be without a bottle in the house.  
 Your forefathers used it and found it beneficial.  
 Why experiment with some remedy that is new and its effect on the system unknown?  
 It has many rivals but no equal.  
 The new 35c. size contains over double the quantity of the 25c. size.

**Rabbits That Climb.**  
 A correspondent writes to the London Field that while he was hunting rabbits with ferrets in January he found rabbits on three occasions in willow trees which overhung the water of a mill stream. The miller said that it was not an unusual circumstance. Some months ago he had been shot, like raccoons or opossums, out of trees in England. In recent years cases of rabbits in trees have been reported with increasing frequency. From Australia has come the most remarkable story of rabbits as climbers. The only way in which rabbits could be kept out of certain tracts of land in Australia was by the building of wire fences about them, the fences having meshes so small that the beasts could not crawl through and being so high that they could not jump over. The rabbits have clawed at the wires until their nails gradually have become hooked. Some of the rabbits learned to scale the fences, and then great additional expense was necessary, for the top of the fence had to be bent over like a J upside down, with the hook out, so that the rodents could not get over the top. Australian rabbits are said to be learning to climb trees for the leaves.

**He Had Fallen Off.**  
 Patrick was a new man in the light horse regiment, but his cheerfulness and witty replies had already established him as a favorite. He had one drawback, however, and that was his awkwardness when on a horse's back. Naturally his position required the opposite of this, and Patrick worked hard and faithfully to acquire the ease and naturalness of his comrades when riding. He congratulated himself that this was at last accomplished. But one day when on parade his horse shied and threw him with considerable force. When he regained consciousness, he found that his arm had been broken with the fall. With his usual characteristic good humor the poor fellow smiled in his pain as he said: "Well, well, it's too bad. I thought I had improved in my riding a great deal, but instead I have fallen off."—Harper's Round Table.

**Uncertainties and a Certainty.**  
 The attention of the public is now fully occupied and diverted in the consideration and discussion of several important current and prospective happenings. Annexation, as yet unsecured, Reciprocity threatened; the coming of the Naniwa, and her mission after arrival; the outcome of the war between Greece and Turkey and, whether or no, all Europe will eventually become involved; the settlement of the quarantine squabble—are all themes of much conjecture and uncertainty, and while opinions are freely offered, none can accurately foretell the outcome of any of these matters. Nevertheless, it is becoming more apparent, as each day passes, that Buffalo and Hoffman are the favorite brews, and it is gratifying that assurance is given that regular shipments of these wholesome and strengthening beverages can be depended upon, and that they will, as heretofore, be dispensed at the Royal, Pacific and Cosmopolitan Saloons, and that the interchangeable check system is an established fact.

 HONOLULU, April 21, 1896.  
 Mr. C. W. MACFARLANE:—It affords me pleasure to recommend, to any one whose hair is falling out, the use of DR. POTTIE'S HAIR OIL. My hair was coming out at such a rate as led me to believe that I would soon become bald. After using the oil for five weeks this ceased entirely; none whatever is now falling out. I consider it the best and only worthy remedy for this trouble and also recommend it as a stimulant to new growth.  
 Yours truly,  
 J. B. DANIELS.
