

# The : Perkins : Windmill

Has Proved a Great Success in these Islands as well as in the United States.

We quote from a letter received lately from a gentleman who has had much experience with Windmills. He says:

"I have the Windmill erected and it works like a charm. I have three makes of Windmills on the Ranch, and the PERKINS gives me less trouble, than any of the others. There is 'no doubt' of its being a First-class Mill. Yours very truly, 'HONOLUA RANCH, (Maui), 'R. C. SEARLE.'"

We have Galvanized Steel Mills, 8, 10 and 12 feet. Also, Wood Mills, 10, 12, 16 and 18 feet.

We have just erected a 12 foot Galvanized Steel Perkins Windmill at Moiliili at the foot of the hill, on a wooden tower sixty feet high.

We would like to have anyone, who desires to purchase a Windmill, examine this one, or any other PERKINS MILL, and he will at once be convinced of its superiority. We have also GOULD'S PUMPS of various kinds and sizes. No better pumps than these are made and the prices are very reasonable.

If you want a Windmill or Pump, or Galvanized Pipe of all sizes for conducting water, please give us a call, and we can accommodate you.

#### THE VISITING CARD.

Abuse of the Article by Omicron Social Lawgivers.

No social body can be intelligently conducted without certain formulas. Without some regulations the simplest society would become an unregulated and unformed affair. People must act according to some well defined and generally understood rules. Thus, when making social calls it stands to reason that some form of announcement is necessary. For just such purposes the visiting card was invented. It was a simple device and easy to understand. But the simplicity of it became irritating to certain arbiters of etiquette, and complications were introduced. Instead of the visiting card remaining an announcement, as was intended, it was changed to serve as a memorandum. Hence, things have been carried to such a point that now when a married woman starts out to pay calls she is required to carry a veritable package of cards, and she is expected to leave not only her own, but two of her husband's cards, at each house at which she calls. This does not imply at all that the husband accompanies the wife. In fact, a hostess, receiving the card of a woman friend and two of her husband's cards, would be amazed to go downstairs and find her husband. What, then, does the husband's card imply? Absolutely nothing. That is the simple fact.

The creators of this piece of etiquette explain that whenever a wife makes use of her name socially in any relation she should include the name of her husband. But in what respect she fails to do this when she sends up her own card of "Mrs Robert Schermerhorn" is not explained. The simple fact is that the custom is foolish and unnecessary, and no sensible reason for its existence has ever been given or can be advanced. It is not generally understood, nor will it ever be. Things without reason never are. Visiting cards should remain to serve their original and wise purpose—telling a hostess that the owner of the card handed in is waiting to see her, or has called upon her. But to accompany her card with two cards of a man who is at his office is a custom foolish upon the face of it. It is a practise which sensible people are impatient with, and rightly so. It would certainly never enter a man's mind to send two of his wife's cards with his own when making a call, and until a better reason is given why a woman should hand in her husband's cards when he is not calling with her, the custom should cease. It is not etiquette; it is nonsense.—Ladies' Home Journal.

#### BY POLICE AT CALLAO.

Inquiry here confirms the story coming from Lima to the effect that the State Department has lodged a demand with the United States charge of legation at Lima for the release of the mate of the American bark "Uncle John." He was ashore on December 19 last at Callao, and was arrested because of his constant demand for "Rainier Beer." On tap or in bottles at the Criterion Saloon.

Printed ducks are just as good, if not better than anything else for boys' shirt waists. They wash and wear well, two very important considerations. Kerr has them in a large variety of patterns at eight yards for one dollar.
