**KINGSBURY**

**PIANOS.**

The construction is upon the most advanced principles of the Art of Piano manufacture; and no pains or expense have been spared to not only solidly construct, but to so apply the various parts that, besides their wonderful singing or tone-producing power, they would stand well in tune and in all climates. The qualities of these Pianos are Durability, Sweetness of Tone with great power, Singing or tone-carrying capacity, Evenness throughout the Scale, and Standing in Tune.

The "Æolian" Pedal, or "tone-muffler," is intended for the use of beginners and students of the Piano-Forte. By its use, one derives all the benefits of touch, while doing away with the noise or monotonous tone produced in the practice of scales, chords or chromatics, which is so annoying to the listener, and of no advantage to the performer. It also saves the hammers from unnecessary wear, thereby prolonging the life of the instrument for many years.

We are now offering these elegant Pianos on the most favorable terms. Parties contemplating purchasing a Piano will do well to investigate the merits of the "KINGSBURY."

**Very Profitable Investment.**

Whether it pays to raise your own chickens or not has been an open question among all who have attempted to keep poultry at a profit. Many people keep a few chickens in order to have fresh eggs, fearing the consequences of purchasing from the markets.

**MAKES**

The large percentage that die before the brooding age is reached discourages many and causes them to abandon the practice entirely.

But like every trade or occupation some are successful, and make money out of it. There is a reason for this, the remedy very simple, by investing 50 cents in a bottle of DETROIT IRON TONIC and DETROIT POULTRY POWDER you can likewise be successful.

**HENS**

All successful poultry raisers use it. It makes the hens lay and produces flesh. Cures Cholera, Roup, etc. Nothing on the market like it. The investment will repay you ten fold.

**LAY.**

The DETROIT IRON TONIC and POULTRY POWDER has entirely overcome the loss so many have suffered by the death of the fowls from one cause or another.

You need have no fears about raising chickens now.
