Just Like Gold Coin.

For more than fifty years has PERRY DAVIS' PAIN KILLER stood the test against all remedies prepared to eradicate pain, and today stands at the head of the list among the medicines that are so essential to keep at hand in the home.

It is not a new fangle remedy nor do the proprietors lay claim to any wonderful revelation of the ingredients that enter into the manufacture of this ever popular remedy.

It is perfectly harmless, you need have no fear of becoming habitually inclined to its use.

For Colic, Cramps, Dysentery, Colds, and all painful affections, a few doses will certainly give relief. You cannot afford to be without a bottle in the house.

Your forefathers used it and found it beneficial.

Why experiment with some remedy that is new and its effect on the system unknown?

It has many rivals but no equal.

The new 35c. size contains over double the quantity of the 25c. size.

WANTS MORE FIGHTING SHIPS.

Pacific Coast Not to Be Left at the Mercy of Japan.

New York, N. Y., July 4.—The Herald's Washington special says: Secretary Long will recommend to Congress at its next session that authority be given for the construction of additional battleships and torpedo boats. Some of the former type of ships will undoubtedly be contracted for with Pacific Coast firms. Department officials say that at least five battleships should be assigned to the Pacific station in addition to the cruisers and gunboats already there.

The administration will probably award a contract for one of the thirty-knot torpedo boats, bids for which were received some days ago, to a Pacific Coast firm. Commander O'Neil, Chief of the Bureau of Ordnance; Chief Naval Constructor Hiebora and Engineer in Chief Melville were in consultation today over the bids. It looks as though their recommendations would be favorable to Eastern firms entirely, but the department will probably decide to give a Western firm a contract for one vessel at least.

Army and navy officers say that, with the naval force on the Pacific Coast and in Asiatic waters and the coast defenses already completed, the country would have no difficulty in defeating Japan should she forcibly contest our rights to annex Hawaii.

SALE OF THE HAWAIIAN HOTEL

PREMISES, HONOLULU

H. I.

On Wednesday, July 28, 1897, at 12 o'clock noon, at the front entrance of the Executive Building, Honolulu, will be sold at Public Auction, the Hawaiian Hotel Premises at Honolulu.

These premises are centrally located in the city, in the centre of the block bounded by and with entrance drives from Hotel, Richards, Beretania and Alakea streets, and the grounds contain an area of 17-10 acres.

The Buildings consist of the Hotel proper of two stories and basement; built of brick and concrete with broad verandas at front and rear of each story.

The Main Building covers an area of 10,800 sq. feet with Lanai or wing addition on one side, 40x24 feet, and wooden addition on opposite wing for Kitchen, 60x18 feet.

There are also Four Cottages on the premises with ample provision for bath rooms and closets.

The Main Building contains a spacious Parlor, Public and Private Dining Rooms, Large Billiard Hall and Bar Room, and Forty Sleeping rooms. The Cottages contain about twenty additional sleeping rooms.

A water tank with capacity of 10,000 gallons is placed on a tower at an elevation sufficient to give a good water pressure in second story of the Main Building. This tank is supplied from an Artesian well on adjoining premises, owned by Dr. J. S. McGrew.

The buildings and grounds are thoroughly lighted with Electric Light.

Plans of the Buildings and grounds can be seen at the office of the Minister of the Interior.

Terms of Sale are Cash in United States Gold coin.

Upset price: \$60,000.00.

In case there is no bidder to purchase the property at the above upset price, a lease of the same will immediately be offered for sale at an upset price of \$4000 a year for a period of thirty years under the conditions set out in Act 7, Laws of 1896—and more particularly of Sections 2 and 4 of said Act which reads as follows:

"Section 2. Every such lease shall contain a covenant on the part of the lessee that he shall, during the first four years of the term of the lease, cause to be erected upon the leased premises a fire proof building of Brick, Stone or Metal, in a workmanlike manner, satisfactory to the Minister of the Interior at not less than a stated cost; and keep the same suitably insured at not less than two-thirds of its value for the benefit of the lessor; and shall keep the building in good repair during the remainder of the term of lease, reasonable use and wear thereof only excepted; and in case of damage or destruction of such building by fire, shall make good such loss or damage by the necessary repairs or reconstruction or else surrender the insurance to the lessor.

"Section 4. Every such lease shall also contain a covenant on the part of the lessor, that upon the request in writing by the lessee or his representatives, before the expiration thereof, the premises with the improvements, shall, if all of the conditions to be performed by the lessee have been satisfactorily performed, be put up at auction for a lease for a term of not over twenty years; unless said premises shall be required for public uses, of which the lessee shall receive at least one year's notice. Such auction sale shall be held not more than six months nor less than one month before the expiration of said term."

The cost of building to be erected in accordance with Section 2 as above quoted, is placed at \$50,000.

J. A. KING,
Minister of the Interior.
Interior Office, March 27, 1897,
