Just Like Gold Coin.

For more than fifty years has PERRY DAVIS' PAIN KILLER stood the test against all remedies prepared to eradicate pain, and today stands at the head of the list among the medicines that are so essential to keep at hand in the home.

It is not a new fangle remedy nor do the proprietors lay claim to any wonderful revelation of the ingredients that enter into the manufacture of this ever popular remedy.

It is perfectly harmless, you need have no fear of becoming habitually inclined to its use.

For Colic, Cramps, Dysentery, Colds, and all painful affections, a few doses will certainly give relief. You cannot afford to be without a bottle in the house.

Your forefathers used it and found it beneficial.

Why experiment with some remedy that is new and its effect on the system unknown?

It has many rivals but no equal.

The new 35c. size contains over double the quantity of the 25c. size.

BIG GUNS.

The Skill and Machinery Used in Turning Out the Monsters.

Think what one of these guns is. It is a piece of solid steel weighing about 60 tons. It has a chamber running nearly its entire length 18 inches in diameter. At the breech of the gun that chamber is enlarged to a diameter of 15 1/4 inches for 63 1/2 feet. The long tube of the gun is strengthened by an enormous band, reaching almost half its length and called a "jacket," and in addition it has what is called a hoop or band with the appliances whereby the gun is fastened or locked to its carriage. Inside the tube of the gun there are about 50 spiral grooves, which give the projectile or long bullet a twist as it leaves the gun. That twist causes the projectile to turn nearly 75 times a second as it plunges through the air. This projectile weighs 1,100 pounds, and it requires no less than 500 pounds of powder to give it its full force. Every discharge of the gun costs in powder and projectile fully \$600. The cost of one of these guns is not far from \$100,000.

To make one of these implements of war requires not only great skill, but the use of very costly machinery. Not only must the steel be cooked in enormous furnaces, but it must be seasoned as delicately as the most expensive dish for a banquet. Chemistry is called upon to say just when the metal of which the gun is made is of the proper degree of purity.

Then the steel is cast into a long casting. When it is cooled, it is forged or elongated under pressure while hot. Then it is turned outside and inside on enormous lathes. Then it is tempered, so as to harden the metal and to distribute the molecules evenly through the mass to prevent dangerous strains and bursting when the gun is fired. Then it is turned again outside and inside with absolute accuracy as to size. Then the powder chamber is finished, and the mechanism for the fastening of the breech block is made. Then the gun is ready for its carriage, without which, of course, it could do no work.—Harper's Round Table.

Skirt Trimming.

Many of the models for summer gowns, says a New York fashion writer, have flat bands of velvet sewed on the skirt or lace insertions set in about four inches apart, some of these showing a color contrasting with that of the dress set beneath each row of insertion. Tiny ruffles of silk outline the skirt seams, and wider ruffles trim the extreme edge of the skirt, adorn the sleeves and finish the diminutive shoulder cape, and on other gowns accordion plaited frills ripple all over the dress from the neck of the bodice to the bottom of the skirt. The sleeve tops are a mass of the plaitings and the little Marie Antoinette flou or French pelerine is edged with single, double or triple rows of the frills.

The word despot originally meant master or lord. At a later period it became an honorary title, bestowed by the Greek emperors on certain governors of provinces. Now the word conveys the idea of tyranny, though, strictly speaking, it merely means an absolute ruler.

Very Much So.

Father (from the top of the stairs)—Ellen, isn't that young fellow gone?
Ellen—Oh, yes, papa, dreadful!—Brooklyn Life.

City Carriage Co., J. S. Andrade, manager. If you want a hack with good horse and careful driver ring up Telephone 113, corner of Fort and Merchant streets. Hack at all hours. *

Kroeger Pianos, sweetest in tone, Jas. W. Bergstrom, sole agent, cash or installments. Warerooms at G. West's, Masonic Temple. Office at Thrum's Book Store. Tuning and repairing. Telephone 347.

If you contemplate ordering a portrait enlargement we invite your attention to the superior work we offer and would ask a comparison of prices and workmanship before placing your order. King Bros., Hotel street.*

It's one thing to take an order for a portrait and quite another to fill it satisfactorily. King Bros' portraits have always been known to give satisfaction and now that they have reduced their prices so low, an extra inducement is offered. See what they have before you invest.
