FRIDAY, SEPT. 30, 1898

Now we would like to find out whether members of the Council of State act as representatives of Hawaii or appointees of President McKinley.

The Advertiser has never suggested any candidate for Governor, and has none.—Morning Organ.

Now all together boys, what a beautiful political lie.

Hilo and the outside districts will be heard from when they learn that the Honolulu sewerage system is to be paid for out of future territorial funds.

The member of the Cabinet who can show that he fought the neutrality proposition from first to last is the one who will not be forgotten in Washington.

The captain of the steamer that brought the news of annexation was presented with a loving cup. Admiral Miller, who brought the flag and raised it, was apparently forgotten.

The Executive might get around the Industrial school stumbling block by swapping some of the government lands. The question might be raised, however, whether under conditions now existing this is not swapping horses in the middle of the stream.

The public appreciates the disposition of the Rapid Transit Company to thoroughly investigate every method of motive power before putting in the trolley system. This action demonstrates a respect for the beauty and safety of our streets which is too often omitted by "souless" corporations.

The educational authorities would have shown a much better appreciation of the eternal fitness of things had they left the matter of contribution to the Lafayette fund to the discretion of the scholars and teachers. It is one thing to announce that teachers and scholars in the States are to give money, but quite another to publish the statement that contributions "should be secured." It has taken full fledged Americans over a century to come to a philanthropic realization of Lafayette.

COL. BARBER AND VOLUNTEERS.

By interesting his men in sports, endorsing garrison newspapers and giving his men something to do Col. Barber is solving one of the hardest problems that faces the officers of inactive volunteer troops. Under ordinary circumstances volunteers suffer more from sickness when laying around loose in camp, than in an active fighting campaign. They have more time to think of themselves, and allow the little mole hill worries to mount up into serious grievance mountains. Homesickness in its worst form attacks the men when they have nothing in view but the regulation drills and guard duty. Volunteers who went out to fight fall to wonder what they are living for, and

take a disgusted view of life generally.

A man who spend 400 days in Southern prisons during the civil war said he could nearly always pick out the men who would be carried out on stretchers. The men who would set themselves to doing something, even to counting the threads in their messgre clothing, were the ones who pulled through the weary hours of waiting till the day when an exchange of prisoners came.

It is quite interesting to note the change in the spirit of the men at the New York camp during the last two weeks. Soldiers who were swearing at the government, the garrison and the officers, now take a brighter view of their life. Col. Barber and his officers have given their men something outside the usual humdrum of military garrison life. The "want to get out this" spirit has given way to contentment, a disposition to make the best of the situation and "be happy while we may."

ON THE GOLF LINKS.

Distinguished Visitor Plays -- Naval Officers Like the Sport.

At 4 o'clock this afternoon Dr. H. W. Howard and General Gorton, a visiting golfer from the Colonies, will try conclusions on the Punahou links, the weather permitting. General Gorton is one of the crack players in the Colonies, while Dr. Howard has made the best record among the Honolulu players. A good match is expected.

One of the things that went to make up the great regret of Paymaster Stanton of the Philadelphia at leaving Honolulu was the fact that he would have to abandon the Punahou links which he, as a crack player, designates as the very finest.

Paymaster Du Bois of the Bennington is a golfer. He has his clubs along with him and will undoubtedly be a frequent occupant of the links.

Mrs. Hugh Gunn will give instructions in golf on Saturday afternoons.

Some Passengers on Miowera.

Among the passengers on the Miowera are the following:

Hon Spencer Littleton, former private secretary, for the late Rt Hon W E Gladstone, a through passenger for the Colonies.

The popular Lord Brassey, Governor of the Colony of Victoria, Australia, and his wife, Lady Brassey, who are returning from a visit to the Old Country. Lord Brassey is paying much attention to the relations between Great Britain and the United States.

Mrs. Saito, wife of the Japanese Consul to these Islands, and her servants.

The Earl of Ava, son of the Marquis of Dufferin, en route to Australia.

Miowera in Port.

The C A S S Miowera, Hemming commander, arrived in port and hauled alongside the Oceanic wharf at about 12:15 p m today after a splendid run from Vancouver and Victoria. She came with all her staterooms filled with passengers and with freight room taxed to the utmost.

Following is the report kindly furnished by Mr. Humphries, purser of the Miowera:

The R M S Miowera, 3345 tons, F A Hemming commander, arrived on the 30th from Vancouver via Victoria. Left Victoria 7:52 a m, 23d Sept, passed Tatoosh Isl and 9:13 p m, 23d Sept, passed R M S Warrimoo 7:14 a m, 30th Sept. Experienced strong E and ENE wind with very confused high sea, principally from SE and SW for first two days. Since then moderate winds and seas to arrival.

Poorly Attended.

There was a very poorly attended drill of the First Regiment on the Makiki baseball grounds yesterday evening. The band was in attendance. A large number of people were out to see the drill but the moon kept under a cloud all the while making it impossible to see anything but the white trousers of the men. Col. Fisher was very much displeased with the slackness of the men in the matter of attendance.
