MONDAY, JULY 1, 1901.

There never was yet an organ grinder whose mind didn't run to monkeys. Hence these cartoons.

It causes no surprise to find attorneys, who followed Thurston's lead in trying to vote Humphreys out of office, now engaged in defending Twiel.

Citizens of Honolulu were not mistaken in believing Delegate Wilcox's report on the opinions of the President would give Thurston another Humphreys nightmare.

Sereno Bishop seems to have forgotten that Affidavit Pearson has "done politics" with Lewis. From the Thurston standpoint this alone ought to be sufficient to secure the removal of Judge Humphreys.

The President makers who think they have laid Teddy Roosevelt on the shelf by making him Vice President are counting without their host. Roosevelt is one of the men whom the people will not allow the politicians or financiers to put aside.

The case that Sereno Bishop and Thurston are trying to make out against Judge Humphreys is awful. But the only people worrying these days are Thurston and the contempt lawyers who find themselves unable to discover any act of the Judge that will justify his removal. Thurston and Sereno are girding around the center of personal spite, and well they know that spite doesn't remove judges or influence the President or Attorney General to overturn justice in the courts. Thurston seems to think that exhibitions of wrath can save him from his unenviable position as a source of public amusement.

AS TO SPECIAL SESSION

From discussions in the Senate and House, people about town have come to the conclusion that there is to be a fight between the two branches of the Legislature when it comes to the discussion of the Appropriation bill in the conference committee. Said one of the independent Senators today: "You will see no deadlock and no fight. The work of the conference committee will go along smoothly and will be completed in a very few days."

"You will find that to a large extent, the amendments of the Senate and House to the original bill will be stricken out and that the bill will pass in nearly the same shape as it did upon first appearance. This I know has been decided on by the Independents."

"From the present outlook, it seems to me that there must be a special session of the Legislature for the passage of a loan bill. It is the only way that the country will be enabled to live. If the Governor or Acting Governor refuses to grant a special session, the Treasury of the Territory will be bankrupt."

"I say that all signs point toward a special session. It is a well known fact that the Treasurer, the man behind the money bags, has not only suggested but has come out forcibly for such a course. The Superintendent of Public Works, the man on whose shoulders rests the responsibility for the proper expenditure of millions of money for public works, is also very much in favor of a special session."

In order to even up matters a little, one of the Republican Senators was seen and this is what he had to say: "I am very much in favor of a special session of the Legislature because I can see no way out of the present dilemma. If I could, I should not say to you what I do. The country must have money and there is only one way of getting it. The lack of a loan bill means the bankruptcy of the Treasury and a deplorable state of affairs in business circles. We must have that special session and I, for one, am in favor of it."

KIPAHULU'S NEW MANAGER

Wailuku, June 28.—Andrew Gross, for many years the successful head luna of the Kipahulu plantation, has been promoted to be manager in place of Manager Bucholtz, resigned. Mr. Gross has resigned the office of deputy tax assessor for the Hana district.

CATHOLIC SCHOOL PROGRESS.

Wailuku, June 28.—The closing exercises of the boys' and girls schools under the Catholic brothers and sisters which took place this week are highly spoken of by those capable to judge of their merits. The work of the teachers in both these schools is of a very high order and will compare favorably with some of the Honolulu schools. The teachers are very conscientious in their work, hence the excellent results.

JAPANESE WILL CELEBRATE.

Wailuku, June 28.—The Japanese colony of Wailuku will give a big Oriental dance at the skating rink on the evening of July 5. Invitations have been sent to the subjects of the Mikado living within a radius of five miles, to attend the celebration. The promoters assert that they will either make the evening hours with joy or make the night hideous.

Will Carry Mails.

Wailuku, June 28.—The contract for carrying the mail service between Kipahulu, Kuupo and Hana districts have been awarded to Keoho and Pinehola.

Cape Colonists Join Boers.

London, June 21.—Henry W. Masingham, writing in the Daily News, says that 6000 Cape Colonists have already joined the Boers.

TELEGRAMS NOT ALWAYS BEARERS OF BAD NEWS

Telegrams do not always carry bad news. This was brought home to a Honolulu family Saturday evening in a manner that caused no little worry for a while but finally wound up in with a laugh all round.

A member of the family is in business on one of the other islands. About 7 o'clock in the evening a telephone from the wireless telegraph office announced that a telegram for the mother of the family had been received, and the question asked whether the dispatch should be delivered over the telephone. The mother was out at the time and orders were given that the dispatch be delivered by messenger.

Half an hour later the mother returned but the messenger had not arrived. As the Kinau had just come in with mail the conclusion that comes to every thoughtful, loving mother was immediately reached—something must have happened. Why should a telegram follow so soon after the mail? What was the matter? Where was the message?

A telephone to the local telegraph office brought the response from central, "nobody there." No response could be obtained from Manager Cross's house. The Waiatae station was closed for the night. With such failure to locate the telegram, the contents of the dispatch increased in importance and seriousness. Was it a fall from a horse or serious illness? Finally it was suggested that the American Messenger Service be called up. The office responded that a telegram has been accepted for delivery but the boy who should have taken it to its proper destination had been sent to Waikiki. Orders were given to have the dispatch delivered immediately by boy, hack or anything, but send it quickly.

When the missive was finally delivered the family was prepared for any bad news that could be imagined. The mother opened the envelope in nervous haste. The family awaited the result with bated breath. The dispatch was read and contained this: "Dress suit, shoes, necktie."

California Lynchers.

Alturas, June 26.—The Grand Jury, which adjourned yesterday, after having investigated the Lookout lynchings, returned three indictments for murder. Robert Leventon, Isom Eades and James W. Brown are the persons named. The indictments charge these three men with the murder of Martin Wilson, the thirteen-year-old son of old Mary Wilson, the squaw.

The Nippon Maru from the Orient brought two passengers in the cabin for this port, Mrs. Y. Katsuki and Miss E. Nakanishi. Many through passengers are aboard bound for San Francisco. The cargo for this port consists of 554 tons of general merchandise. The vessel will take about 250 tons of coal and depart for the Coast in the morning.

Life Insurance

When you take a life insurance policy you want absolute protection, aside and distinct from your investments and speculations.

You do not want the life insurance company to put your money in a sugar plantation in which you have already invested. If the sugar plantation fails, your life insurance policy falls of its purpose. If you want to leave all your money in the Islands, invest it yourself: If you want life insurance put it in a good company, incorporated under the laws of a State which does not permit a life insurance company to speculate in stocks or to loan the policy holders' money on wheat and corn fields. The Germania Life Insurance Co. of New York has more assets for each \$1000 of insurance in force than any other company in the world.

CARROLL WHITAKER,
 ATTORNEY,
 HILO, HAWAII.

Hilo, Hawaii, June 7, 1901.

DEAR SIRS:
 In my innocence I purchased here in Hilo a jar of your

PIN-MONEY PICKLES

(put up by Mrs. E. G. Kidd, Richmond, Va.)

It brought me great trouble, and one of three things must occur:

1. You must stop making them; or,
2. I must get them at less expense; or
3. I'm a ruined man.

Since my first venture I've had many "jars." My family from early morn cry "Pickles;" neighbors ring the door-bell and shout "Pickles;" relatives visit me in expectation of "Pickles." Your pickles are my Nemesis. Please, Dear Sirs, quote them by the Keg, Barrel, Hog-head, Ton or Shipload, and "preserve" me.

Yours very truly,
CARROL WHITAKER.
