A VOTE OF SEVEN ALL

CONFERENCE COMMITTEE'S TIE UP ON THE MILITARY

**Two Votes Taken But the Result
Was Unchanged—Other Items
Passed In Very Quick
Order.**

After a hard day's work yesterday the conference committee ended up by coming to a deadlock over the military appropriations. Everything was going along beautifully when the clerk announced the department named and there was immediately a dead silence. The items were not in the House bill but had been inserted by the Senate.

Mr. Emmeluth was the first to speak and all he said was: "I move all the military items be stricken out of the bill." Mr. White moved that the first item pass. Mr. C. Brown suggested cutting the items in two and then letting the appropriations go through. Even this compromise did not please the opposition.

Chairman Baldwin called for a vote on the question of striking out all the military appropriations but, not being satisfied with a show of hands, he called for a standing vote and this was the result:

Ayes—Emmeluth, Monsarrat, Nakapahu, Kalaokalani, Pooki, Makinal and Beckley.

Noes—J. Brown, C. Brown, Baldwin, White, Paris, Makekau and Gillilan.

As will be seen, the vote stood tie and the chairman was forced to delay the consideration of the military items until today.

LOYALTY OF FILIPINOS

The Manila American gives the following account of the treachery that has to be dealt with in the Philippines: Tablo Tabares, a native, accused of the murder of Private George O. Hill of Co. H, 18th Infantry, at Cabatuan, Panay, July 18, 1900, was tried by a military commission convened at Iloilo, found guilty and sentenced to be hanged. The reviewing authority confirmed the findings and sentence with the following remarks:

"It appears that the accused in this case was two of the policemen of the pueblo of Cabatuan to bring to his house an American soldier, who, unfortunately, was one of weak intellect and strong passions; that, taking advantage of the latter fact, he caused him to be delayed in his own house for an hour or more, during which time he plied him with native drink in the shape of vino, until he was sufficiently intoxicated for his nefarious designs, that he then gave positive orders to these men to take this unfortunate American soldier outside of the pueblo and kill him; that when these policemen returned and reported their action, it was not only approved, but that he took steps to protect these men from the hands of the law, by sending them out to join the insurgents, thereby placing them practically without the jurisdiction of the American Government established in these islands; that he took advantage of the situation to the extent that he caused to be placed in the hands of those in open insurrection against the American Government, of which he was at the time an officer, the gun, belt and ammunition of which they had stripped the deceased. At no time during the intervening months, while he was still holding office as sergeant of police under the American Government did he make known his knowledge of the crime that had been committed. The proceedings, findings and sentence are therefore approved.

"The sentence is confirmed and will be duly executed at the pueblo of Cabatuan, Island of Panay, P. I., on the 14th day of June, 1901, under the direction of the commanding general Department of the Visayas.
