OF
**COLORED
DRESS GOODS**

Before giving you the prices offered in this sale let us define the policy of the new management regarding advertising bargains. Our advertisements, as we stated last week, are to give news of new arrivals in stock and from time to time offer special inducements. We want every lady to know—Sachs' Dry Goods Co. will not offer a bargain unless it is a bargain. That is the true mission of the advertisement, and you will find it faithfully carried out at our store.

Reductions for one week only
VALUES NOT CONSIDERED

GOVERNMENT OFFICIALS OF WAILUKU ARE KICKING

Commissions Being Withheld by Auditor as Specific Salaries—Jas. N. K. Keola Resigns Clerkship—May Lose \$500.

Wailuku, Feb. 8.—Messrs. W. O. Aiken and Jas. N. K. Keola, deputy tax assessors and collectors for Makawao and Wailuku districts, respectively, are at present in a quandary as to how they will be paid for their services for the last period.

Mr. Aiken has been regularly appointed government land agent at Makawao, and has been paid as such up to last December, 1921. Mr. Keola, as clerk of the Second Circuit Court has likewise been paid from the auditor's department right along. Their commissions, however, as deputy assessors, the auditor now holds as specific salaries and he will continue to do so, until the Supreme Court decides the case of the Hilo inspectors.

If the auditor wins, these two officials will lose over \$500 each and their services for the past six months will count for nothing.

The \$500 will of course be taken out of the total sum of their commissions and the balance remitted to them. Mr. Keola has given up the clerkship, but Mr. Aiken has been allowed to continue as land agent, to serve without pay, which is the diplomatic way of saying that his services will be paid out of incidentals in shape of horse or clerical hire. While this mode of procedure is a clear evasion of the law, no one dares raise a voice for it is done with the approval of the powers that be.

NEW PAULIST UNIVERSITY

Alton, Ill., Feb. 1.—The first news of a new Catholic university, to be built and established in Washington, D. C., at a cost of \$150,000 has been given out here by Rev. Father Walter Elliott, rector of the St. Thomas College in Washington.

It will be the only college of the kind in the United States. The university is promoted and the funds for its building will be obtained by the members of the Paulist Fathers community numbering in the United States forty-three. The purpose of the university will be to educate young priests, already admitted to the priesthood by missionary work among the non-Catholics of the United States and the insular missions in the Philippines and Porto Rico. Priests who have finished the priesthood can enter the school, and after a three-year course will be admitted to the missionary list.

Father Elliott makes several visits in the larger cities before his return to Washington and will then start on a tour of the United States to secure funds for the erection of the new university.

KONOHI ON MAUI

Wailuku, Feb. 8.—The leading Chinese merchants of this town have been entertaining their Maui and Hawaiian friends during the past two days at luau. Konohi day in Wailuku was celebrated in a becoming manner, but the festivities will last many days yet.

PICTURE-TAKING CONTEST.

The Eastman Kodak Company has opened a contest in which they offer \$2000 in cash prizes and \$2000 in Kodaks for the best pictures taken with Eastman Kodaks or Brownie cameras. Here is a great opportunity for Honolulu amateurs, with the excellent advantages for picture-taking the beautiful scenery of the island affords.

The Honolulu Photo-Supply Company will be headquarters of Honolulu contestants, and they have all the information about the contest. Call and see them.

DESPERADOES HANGED.

Portland, Ore., Jan. 31.—As cool a pair of men as ever were seen walked to the scaffold this morning, when Jack Wade and B. H. Dalton were hanged for the murder of James Morrow. Without a tremor, as the straps were adjusted and the black caps placed over their heads, Wade and Dalton paid good-bye and dropped through the traps. Before the execution Dalton made a long address, along religious lines, and read two passages from the Scriptures. Wade contented himself with a few remarks. Both were gone to the end.

ENTERTAIN THE PRINCE.

New York, Feb. 1.—The expenses for the entertainment of Prince Henry of Prussia are to be met by a private subscription and the committee on finance, named by the executive committee in charge of the arrangements, is now at work discussing methods and means of raising the money needed. No decision has been arrived at thus far but at a meeting of the committee on finance, which will be held in the rooms of the Chamber of Commerce next Tuesday, it is likely that a definite plan will be approved.

THE CHINESE PROTEST.

London, Feb. 1.—According to the Shanghai correspondent of the Times the Yang-Tze Victories have memorialized the Grand Council protesting against the action of Sir Robert Hart, the director of Chinese Imperial maritime customs in extending the customs and postal service to the interior Hupai and Honan provinces, requesting the council to limit the customs operations to the treaty ports and to restrain the tendency of foreign encroachment upon Chinese prerogatives.

TALKS ABOUT CUBA

Chief of Chemistry Bureau Suggests Appeal to Europe.

UNITED STATES CANNOT AFFORD ISLAND RELIEF

Depression in Sugar Industry is Due to Bounties Granted in Europe—Favors Annexation not Tariff Change.

Washington, Jan. 29.—A member of the Ways and Means Committee said late tonight that a poll had been taken in the committee on the reduction of the Cuban tariff, and that it stood 7 for reduction and 19 against. "There is a little question as to one man," said this committeeman, "who is included in the count of 10 against. If he gets over to the other side it will make the committee stand 8 for and 9 against. You can positively say that there is a majority of the committee against a reduction of the tariff on Cuban sugar. I think the plan is beaten in the light of this vote."

Dr. Wiley, Chief of Bureau of Chemistry, Department of Agriculture, was before the Ways and Means Committee today in connection with the Cuban reciprocity question. His statement covered the scientific phases of the production of sugar from beets, cane, etc., and the development of the respective industries. By means of charts he showed the comparative insignificance of the beet sugar industry in 1855, when most of the sugar was made from cane. Since then conditions have reversed, and the larger part of this production was in Europe, the product in America being comparatively small. Dr. Wiley expressed the opinion, however, that the beet sugar would never extinguish the cane product, as the latter had special uses.

Dr. Wiley's emphatic declaration that Cuba's appeal to the United States was misplaced, and would not afford relief, attracted much attention. This came after he had shown that the European bounty and cartel systems were the controlling factors in the sugar situation. The Cuban planter had prospered, he said, under Spanish regime, and why should they now lay their misfortunes to the breaking of the Spanish yoke? Under such circumstances, it might be best to lead them back to Spain.

Dr. Wiley then said: "The cause of the trouble they are fighting is not in the tariff duties of the United States, but is the overproduction of sugar, due to bounties granted by Europe. Their cause should be pleaded in the parliament of Europe, not in that of America. Their suit should go before the Reichstag and the Bundestag, and not before the American Congress. The place to plead their cause is before the Congress of Brussels, not before the Ways and Means Committee of the Congress of the United States."

At another point Dr. Wiley said it was a question whether the relief sought for Cuba would have the effect of killing outright the cane and beet sugar industry of this country, or merely paralyzing them, rendering the patient a burden to his friends. But it seemed perfectly certain, he said, that there would be no further factories and investments in this line in this country. Probably there would be feeble efforts to save things from the wreck, but, Dr. Wiley said, there would no longer be the work of a young giant of protection.

On being questioned by Representative Newlands of Nevada, Dr. Wiley expressed himself in favor of Cuban annexation, but said admission of Cuban sugars at reduced rates would be disastrous to beet sugar.

Representative Richardson of Tennessee questioned Dr. Wiley on the difference between his views and those expressed by President Roosevelt and Secretary Root. Dr. Wiley said he was formerly connected with the Beet Sugar Experiment Station in Nebraska. He disclaimed speaking for the Secretary of Agriculture. He was aware of the views of the President, Secretary Root and General Wood, but he said his views were the result of his own inquiries and conclusions.

MOUNTAIN PEAK TUMBLER.

Port Townsend, Wash., Jan. 31.—According to a report reaching here yesterday an earthquake and landslide occurred in the Olympic mountains in the western portion of Jefferson county, just prior to the big storm of last week. The news was brought here by a passenger arriving from down the straits, who stated that Indians report that a number of earthquake shocks were felt, which were followed by a crashing noise.

The next day Indian hunters came to the coast and reported that one of the peaks in the Olympic range had broken off and slid into a small valley, almost filling it with dirt and snow. The little valley was uninhabited and was a favorite hunting ground of the Indians.

RAGE HORSE IS KILLED

IN A BAD ACCIDENT AT THE KAHULUI TRACK

Fell on Slippery Ground and Was Almost Dismembered—Rider Hurt About Forehead—General Mix-Up.

Wailuku, Feb. 8.—A race horse owned by a Japanese was killed in an accident at the Kahului race track last Thursday. Three horses were running a race of half a mile for a purse. The ground was somewhat slippery but that did not deter the Japanese from entering their horses.

Just as the winner was nearing the home stretch, the horse slipped and fell, almost tearing off his hind legs and also breaking his jaws. The rider, a Japanese, was thrown unceremoniously and received a severe bruise on his forehead. The two horses that followed all piled upon the outstretched horse and for a few minutes horses and riders were lying on the ground here and there, in disorder. None of the riders was seriously hurt.

SMOOTH NICKEL GOOD

St. Louis, Feb. 1.—"Smith" nickels must be accepted at their face value, according to a decision rendered by Judge Ryan in the Circuit Court in the case of John F. Rosh, he was awarded \$2,000 against the St. Louis Transit Company for being ejected from a car, arrested and locked up over night because he tendered a worn coin. Judge Ryan said:

"There is no such thing as assumed by a defendant, as a nickel of less than full face value. A gold coin may be worn less than its face value because of abrasion or loss of weight, but this is not true of a nickel. The carrier should be held to the rule that if it ejects a passenger he tenders a good coin in payment, it does so at its peril."

Washington, Jan. 29.—The Census Bureau's preliminary report regarding printing and publishing, newspapers and periodicals in 1920 follows: Number of establishments, 15,305; increase 24 per cent; capital \$192,443,708, increase 52 per cent; wage-earners, average number 94,604, increase 10 per cent; total wages \$56,333,051, decrease 11 per cent; cost of materials used \$59,214,394, increase 29 per cent; value of products \$222,983,569, increase 24 per cent.

The bureau's preliminary report regarding iron and steel blast furnaces in the United States for 1920 as compared with 1919 follows: Number of establishments, 223, decrease 7 per cent; capital \$143,159,225, increase 11 per cent; wage-earners, average number 19,241, increase 17 per cent; total wages \$18,484,400, increase 27 per cent; cost of material used \$131,503,555, increase 19 per cent; value of products \$296,756,557, increase 42 per cent.

The report regarding slaughtering and meat packing, wholesale, for 1920, follows: Number of establishments 929, decrease 18 per cent; capital \$186,681,264, increase 60 per cent; wage-earners, average number 67,908, increase 5 per cent; total wages, \$33,144,913, increase 26 per cent; cost of materials used \$676,907,177, increase 41 per cent; value of products \$779,147,432, increase 39 per cent.

The report on wool manufactures shows a total of 1414 establishments, a decrease of 17 per cent from 1899; total capital \$310,159,749, increase 26 per cent; value of products \$296,990,164, increase 10 per cent; the average number of wage-earners is 159,108, drawing \$57,933,617 in wages; the cost of the material used was \$181,159,639. These figures are exclusive of hosiery, knit goods and fur hats.

Washington, Jan. 31.—Though the United States failed to secure the insertion in the Chinese protocol of a provision assuring the maintenance of the "open door" in China, this result will be achieved, it is learned, by the negotiation of a new commercial treaty with the Peking Government. When in Peking Special Commissioner Rockhill, under instructions given him by Secretary Hay, made an earnest effort to induce the powers to agree to the negotiation of a joint commercial treaty with China, Europe was not prepared, however, to cooperate with the United States, and it therefore became necessary to negotiate separate commercial arrangements.

In the new treaty there will be incorporated a provision which will read something like this: "That whatever privilege exemption, benefit or advantage is already or may hereafter be conceded by China to the official representatives or to the merchants, subjects or citizens of any other country, in respect to their personal property rights or occupations, shall at the time be extended to like official representatives, merchants and citizens of the United States; that the lowest rates of duties or charges imposed on personal property or articles of international commerce of any foreign national origin shall be immediately applicable to like articles of United States origin; and no other or higher duties, charges, burdens or restrictions of any kind shall be imposed on exports of the United States than those imposed on the imports of the most favored nation."
