HONOLULU, TERRITORY OF HAWAII, THURSDAY, MAY 7, 1903

PRICE 5 CENTS

Warships To Salonica

[Associated Press Special Cable.]
PARIS, France, May 7.—French warships have been ordered to Salonica to protect national interests.

Mustering Turkish Troops

[Associated Press Special Cable.]
CONSTANTINOPLE, Turkey, May 7.—Ottoman troops are mustering with warlike rapidity in Macedonia and Albania. All the preparations are being made for war.

KILLED IN RAILROAD TUNNEL.

[Associated Press Special Cable.]
EGGLESTON, Va., May 7.—Ten workmen were killed today by a cave-in of the railroad tunnel at this place.

KILLED IN TRAIN WRECK.

[Associated Press Special Cable.]
WINNIPEG, Manitoba, May 7.—Ten persons were killed in a train wreck near Winnipeg today.

THE WARSHIPS DEPART

AMPHITRITE AND TORPEDO DESTROYERS HEAD FOR JAPAN

SMALL BOATS WILL BE TOWED IN CALM WEATHER—PLAN OF THE TRIP.

At about 9:30 o'clock this morning the two British torpedo boat destroyers Virago and Sparrowhawk steamed from the Naval slip to the outside anchorage where they joined the cruiser Amphitrite which went outside yesterday. Once outside preparations were made for fastening the tow lines by which the Amphitrite will pull along

the two smaller boats. At about 11:15 all arrangements were completed and with thick, black smoke pouring out of her four gigantic funnels the Amphitrite steamed down to leeward, passing the two smaller vessels, which then followed in her wake. It is the plan of the officers to have the Amphitrite tow the destroyers to Yokohama whenever the weather is smooth. When the sea gets so rough that the hawsers begin chafing the destroyers will have to paddle along by themselves until the weather abates. They will have banked fires while they are being towed so that they will have steam in case of an accident. It is quite probable that the war vessels will stop at Midway island on their way to Yokohama. If this is the case the Amphitrite will have to stay outside while the destroyers will be able to run up under the land. The destroyers can then be re-coaled with coal from the big vessel.

ELLEFORD DUE TOMORROW

Lovers of good clean, well written drama should not miss "A Wife's Honor," presented at the Orpheum last night and to be repeated this evening. It is a clever play, cleverly played. Jessie Norton, the popular favorite, is due on the Alameda tomorrow, Elleford himself also coming. Jessie Norton will open with the company on Monday, Elleford also joining his forces for the last two weeks of the season.

ELKS REDUCE PRICES.

The seat sale for the Elks' entertainment opened this morning at Wall, Nichols Co. with a vim. Following the example of the Old Homestead company the Elks have greatly increased the number of one dollar seats. Everything back of the loges is set at that figure with the family circle at 75c. A new act has been added to the program, entitled "Fun in a Chinese Wash House." A rehearsal was held last night, while the Floradora aspirants are being drilled daily.

The place to get pure Kona coffee is at J. Day's grocery, 25c per lb.

LONG CARVING KNIFE OUT IN SENATE

Salary Figures Attacked By McCandless and Dickey.

HEALTH BOARD ITEMS SENT TO COMMITTEE

HOUSE EXPENSE BILL READ FIRST TIME—WORK ON THE FINAL SALARY BILL BEGINS.

SENATE.

Extra Session.

Seventh Day.

War began speedily when the third reading of the six months salary bill was resumed this morning.

Health President's Salary. Senator Dickey moved to strike out item of \$1500 for salary of President of Board of Health. He did not believe in paying the president a salary unless he gave his whole time to the duties. He called for the ayes and noes.

Senator Baldwin recognized the fact that a physician had to depend on his practice for a living and he should be paid for the time he devoted to the Board of Health. He moved to make the item \$1000.

Senator McCandless showed that the Health appropriations had been increased from \$194,000 to \$250,000 in round numbers, or over 21 per cent. Money was more plentiful then and people found it easier to pay their taxes. He thought the carving knife Senator Baldwin spoke about yesterday should be used one about four feet long. What was wanted over there was more executive ability.

Senator Cecil Brown said the Legislature had already passed an Act which had become law, providing that a salary should be paid the President of the Board of Health. They must give him something, but not too much. He thought \$250 a month as in the bill was right.

Senator Dickey, seconded by Senator McCandless, moved that the salary be one dollar.

Senator Paris, seconded by Senator Woods, moved the item pass as in the bill.

The item passed as in the bill on the following vote:

Ayes—Achi, Baldwin, Brown C., Brown J. T., Crabbe, Isenbergs, Kaine, Kaimuokalani, Nakapahu, Paris, Woods—11.

Noes—Dickey, Kaohi, McCandless—3.

Chief Health Officer. Hostilities broke out furiously on the item of \$1500 for salary of chief health officer.

Senator McCandless moved to strike it out. Senator Achi, to reduce it to \$1200. Senator Dickey favored reduction, when Senator McCandless told him consistency should make him support the motion to strike out.

FIRE CLAIMS MONEY IS IN SIGHT

In a few days the fire claims matter, which has been hanging fire for such a long time, will be settled and the money which is now tied up, will be put into circulation. This is the gist of a conversation that was had with Secretary George R. Carter this forenoon while he was busy attending to the very matter on which this article bears.

Mr. Podmore, who has been looking after the interests of a large number of Chinese in reference to the fire claims matter, must be given the credit for starting the ball rolling, for at a meeting held recently, it was decided by a number of his Chinese clients that they should join together in a bid for the purpose of securing their claims.

The proposition was this. The claims representing the sum of \$4,000, it was decided by the Chinese that they should go before the Secretary of the Territory and express their willingness to take one bond of a thousand dollars (25 per cent) and the remaining \$3000 in cold cash. It was brought out at this meeting that upon the receipt of the latter amount, it could be divided up in proportion to the claims of the respective members of the bid. This done, the bond could be sold and the cash received from this sale divided in a like manner.

When the Secretary was seen this forenoon, he had just completed a conference with Mr. Podmore, the representative of the first Chinese bid and he expressed satisfaction at the start that had been made. On this point, he had the following to say: "Everything will go smoothly now and in a little while, when the papers have been all straightened out, we will begin the payments. When the first of these payments is made and the other claimants find out the satisfactory result, they will undoubtedly come trooping in for the purpose of following suit.

"Indeed, I do not believe that we will have to wait that long, for there are bids being formed now for the purpose of doing the very same thing as that done by the bid represented by Mr. Podmore. This is the only way to settle the matter and the claimants seem to fall realize the fact.

"No, we have no intention of waiting until all the bonds are guaranteed. We feel perfectly sure that enough will be taken out by bids made up of the various claimants, to cover the amount. As soon as our papers are ready, we will proceed to the payment of the money to the claimants who have come to the fore with such a proposition as that presented to me by Mr. Podmore this morning. Everything is going along in fine shape and the money will soon be in the hands of those who have a right to it. I anticipate no further trouble. There is no doubt whatever in my mind that the Chinese and Japanese claimants will be very quick to get into different bids. The principal thing is to get money into the hands of some of the claimants so that the others may see tangible results.

"Some of the claimants such as S. C. Allen have signified their intention of taking more than their share of the bonds, and this will of course help out the other claimants for the more bonds taken, the more actual cash there will be to hand to the remaining claimants. I am very much pleased over the outcome of this vexed question and I am glad to be able to now assure the people that they will have their money before very many days."

The young man thinks his girl looks loveliest when angry, but oh what a difference after they marry.

RAILWAY SUBSIDY IS RECONSIDERED

House Passed Item On Motion of Mr. Vida.

BECKLEY SOUNDS NOTE OF TIMELY WARNING

FAVORABLE REPORT ON ITEM FOR HANDBOOK OF HAWAII—TERITORIAL PRINTING HOUSE.

HOUSE.

Extra Session.

Seventh Day.

The first business in the House this forenoon was the reading of the following from W. C. Weedon: Weedon Wants \$5.50.

"Your petitioner, Walter C. Weedon, a resident and taxpayer of Honolulu, H. T., respectfully shows that on the first day of January, 1901, he was at that time, and has been ever since, a member of the National Guard of Hawaii, with the rank of regimental sergeant, and as such, was entitled, by law, to exemption from any personal tax for the year 1901; that on or about the 31st day of January, 1901, he applied to the tax office at Honolulu, for his tax exemption receipt, and received from the Deputy Tax Assessor personal tax exemption receipt No. 351, dated January 31, 1901; that subsequently, on or about the 13th day of November, 1901, while your petitioner was absent in the Eastern States, his wife, as agent and attorney-in-fact, went to the Tax Office in Honolulu, to pay his property taxes for the year 1901, with a penalty of 50 cents, being \$5.50, which was an illegal and unlawful demand, but your petitioner's attorney, not knowing the facts, paid over the said amount of \$5.50 to the Deputy Tax Assessor and received therefor personal tax receipt, dated November 13, 1901.

"Now, therefore, your petitioner respectfully prays for relief, in the passage of an Act, or the incorporating in an Act, direction to the Treasurer of the Territory to return and refund to your petitioner the sum of \$5.50 which your petitioner was unlawfully compelled to pay.

"Very respectfully,
"WALTER C. WEEDON."
The petition was referred to the Finance Committee.

Unanimous for Handbook. The following report of the Committee on Public Health and Education on the petition of Charles R. Frazier for the handbook on Hawaii was laid on the table to be considered with the Appropriation Bill:

"Your special committee to whom was referred the petition of Chas. R. Frazier for an appropriation of \$5,000 for the purchase of Frazier's hand-

WEDDED IN HONOLULU

JOHN LENNOX TAKES BRIDE FROM COLORADO

MARRIAGE FEAST AT MOANA HOTEL—HAPPY COUPLE THEN DEPART FOR KAUI SHORES.

There was a pleasant wedding in town on Tuesday. The ceremony was performed by Rev. Alexander Mackintosh at the home of D. B. Macaonachie, 1513 Young street, in the presence of immediate friends.

John Lennox, manager of McBryde Sugar Company, and Miss Anna May Cooke of Denver, Colorado, were joined in the holy bonds.

After the ceremony the wedding party repaired in carriages to the Moana Hotel, Waikiki, for the marriage dinner. Today the happy couple leave for Kauai.

The bridegroom's many friends in the Territory will be of one mind and heart in congratulating him, and wishing Mrs. Lennox and himself a long and blissful wedded career.

CITIZENS' PARTY

The County Bill which passed during the regular session of the Legislature and is now a law of the country, has in it so many features new to voters of this Territory that every conscientious citizen has begun to talk about the men who are to fill the respective offices provided for in the measure. They realize to the full the importance of putting good men at the head of affairs and there are a great many who feel that in this strife for the best possible results, strict party lines should be laid aside and a Citizens' Party formed for the purpose of securing good government. Talk of this movement is general throughout the Islands but Honolulu and Hilo are leading the van.

All manner of talk is being indulged in on the streets and the impression is growing stronger every day that in order to secure good government, some movement of the kind is necessary. It is contended that in the successful counties on the Mainland, the tendency is all along the line of forming forming citizens' parties for the control of the local affairs and that the very best results have been secured from a working out of this idea.

Of course, the proposition is not that there shall be an attempt to break up the parties such as they stand today.
