CALIFORNIA TEAM NOT TO VISIT CITY

At the regular weekly meeting of the Baseball League yesterday afternoon, the proposition to have a team from California visit Honolulu for a series of games was brought up and it was decided not to attempt such a plan. The League does not feel itself able to lay out \$2500 for the purpose suggested. The following letter from the manager of the California team was read:

Honolulu, Sept. 14, 1903.
Mr. D. P. R. Isenberg and Directors of Honolulu B. B. League.
Sir and Gentlemen:—I am representing a picked professional ball team and am very desirous of bringing the same to play a series of games with your players on the following terms, which I hope you will find and agree, are very reasonable.

You to have round trip tickets left in San Francisco, either with the steamship company, or a representative and on arrival at Honolulu to board and lodge twelve men for a period of 30 days, or more if you wish.

As near as I can estimate the expenses will be in the neighborhood of two thousand dollars.

Having witnessed a game Saturday, 12th inst., I should suppose your receipts were in the neighborhood of from four to five hundred dollars. Now this would surely be increased to at least one-half again as much or say six hundred.

We agree to play till you get your expense money, of passage, room and boarding; then we to get one-half of the gross receipts. We also agree to play as many games as you gentlemen may see fit to arrange, under the above terms.

You will find it will greatly benefit not only your players, but will arouse much more enthusiasm as is the case in San Francisco, when the eastern professional teams are brought out to play ball with the locals.

We may be able, after playing say two games with each of your teams, to intermingle and act as coaches for your boys, which will certainly improve your games for the coming season.

Please inform me at your earliest convenience, so that I can get the men together and complete arrangements. Thanking you, gentlemen, for the courtesy you have shown me, and hoping we will be able to come to an understanding which will be agreeable to all concerned, I am,

Respectfully yours,
H. R. BECKETT,
140 Tremont Ave., San Francisco.
Mr. Isenberg, speaking on behalf of the trustees, said they were not in favor of the proposition. There was a heavy debt on the baseball park and while this had been a good season there were still outstanding liabilities amounting to \$6000. If the league wanted to take the responsibility, well and good.

Mr. Steere, member of the committee on visiting teams, stated that one meeting had been held. It was the sentiment at that time that none of the propositions presented were feasible because of the great cost. The Beckett proposition was even less feasible. Besides that, there was no assurance as to the class of players to be sent down.

Mr. Murphy said that as long as the trustees felt the way they did, the matter had best be dropped. It would cost about \$2500 to bring a team here and he felt sure each of the five teams could not guarantee \$500. The Beckett proposition was not a good one.

Mr. Isenberg replied that the trustees were not opposed to having a California team brought down. It was simply a question of going into debt to do it. The league was not in condition to stand a loss. If there were a balance of \$3000 in the bank it would be a different proposition altogether.

It was upon Mr. Murphy's motion that the league finally decided unanimously to send a letter to Mr. Beckett saying that it would be impracticable to accept his proposition. It was voted to distribute \$500 on hand to the five teams, the balance to be used to pay the outstanding bills.

KILLED BY DOG BITE

New York, Sept. 11.—Suffering from hydrophobia Andrew Marks, aged 50, Sylvian Marks, his son, aged 25, are on their way here from their homes in Williamsport, Pa., for treatment. Clinton Marks was bitten by a dog three months ago. The wounds healed, but a month later hydrophobia developed. He died in terrible agony. The father, who was his constant attendant, kissed him as he was dying and the foam around his mouth evidently inoculated the father. Sylvian was inoculated by treating a wounded leg with an instrument used during his brother's illness.

Application for writ of error is made in the case of W. A. Wright, Chas. Gay, J. J. Kapuniui and O. Blackstad vs. J. K. Farley as tax collector and assessor of the Fourth Division. Petition is for a review of the W. A. Wright case. Wright was alleged to have embezzled Government funds on Kauai. He is a brother of Treasurer Wright who left the country and a shortage in the Treasury.

The petition states: That the said court on the 28th day of May, 1903, as of the last day of the March term, 1903, made, rendered, and filed a judgment in said action, affirming said defendants the sum of from said defendants the sum of \$2204.60 and costs of suit.

That the said defendants, W. A. Wright, Charles Gay, J. K. Kapuniui and O. Blackstad, your petitioners, and plaintiffs in error herein deem themselves aggrieved by the decisions, ruling and judgment of the said Circuit Court of the Fifth Judicial Circuit, Territory of Hawaii, inter alia, by the findings of said Circuit Court, viz:

1. That the release given by E. E. Conant, while acting in the capacity of Tax Collector and Assessor for the Fourth Division, Territory of Hawaii, to one O. Blackstad the surety on the bond given by W. A. Wright, Deputy Tax Assessor for said Fourth Division, was and is ineffectual for lack of power in the said Conant to release said O. Blackstad.

2. That the other sureties on said bond, to-wit, Charles Gay, and J. K. Kapuniui, were not released from said bond.

3. That the said bond remains in full force.

4. That the conditions of the bond had been broken by the dishonest acts of the principal Wright while holding the office of Deputy Tax Assessor and Collector for the District of Waimea, Island of Kauai.

5. By giving, making and rendering and finding a judgment in said action against the said defendants for the sum of \$2204.60 together with the costs.

In the assignment of errors it is alleged that the court erred in denying the defendant's motion for non-suit based upon the following grounds:
First: That it had not been proven that the plaintiff, J. K. Farley, had filed his bond or taken his oath of office as the statute required.
Second: That the evidence showed that O. Blackstad was released from the bond, and that the release of O. Blackstad operated as the release of defendants, Gay and Kapuniui.
Third: That it had not been shown that defendant, W. A. Wright, had not come into his hands, it not having been shown by competent evidence that said Wright had received the sums of money which are alleged in plaintiff's complaint to have been received by said Wright.
Wright still awaits trial on Kauai. It appears, however, that Judge Hardy has already rendered judgment against him and his bondsmen.

AMERICAN POPULATION
Washington, Aug. 21.—The Census Bureau has published as a bulletin a discussion on the increase of population in the United States, as shown by the census of 1900.
The principal results of a study of these figures are summarized as follows:
The increase in the population of continental United States, that is, the United States exclusive of Alaska and the recent insular acquisitions, was \$13,046,861, or 29.7 per cent. Only one country, Argentina, has shown by the most recent figures a more rapid rate of growth. The present rate of growth in continental United States is estimated as double the average rate of Europe. It nearly doubles that of Canada and exceeds by one-sixth that of Mexico and by one-tenth that of Australia.

THE ONLY No-Under-Shadow Light

There's nothing misleading about that heading.
The Angle Lamp
In its effect, exactly like sunlight. It is, like the sun, up out of the way, and throws its clear, enjoyable light both outward and downward with no bothersome shadows to annoy or to spoil the lighting effect. There's no other light does that—no other light that has "NO-UNDER-SHADOW" But don't stop at that; look at the other features, too. With a minimum of expense, of trouble and of heat there is obtained a maximum of light and real satisfaction. Every annoying feature of gas, electricity, gasolene and acetylene is obviated. This tells the story of a great combination. It uses ordinary kerosene (or coal) oil—one quart in sixteen hours. Its light is more brilliant than gas or electricity, with no more heat—no smoke—no odor—no "drawing up"—no removing of globe or top to light—filled while burning.

THEO. H. DAVIES & Co., Limited,

The following is the inscription on a tablet designed by us and erected in Kawaiahao Church:
IN MEMORY OF
Elizabeth Kaahumanu, daughter of Keeaumoku and Namahana. She was born at about 1773 at the foot of the hill Kauli on East Maui; became a wife of Kamehameha I at thirteen, and was his favorite until his death in 1819. After the death of Kamehameha II in 1823, she wisely ruled the Hawaiian people as Queen Regent until her death in 1832. Although naturally proud and haughty she early in her Regency accepted Jesus as her Saviour, was baptized in Kawaiahao in 1825, and labored earnestly to lead her people to Christ. She was spoken of by the American Mission as "a distinguished reformer of her nation, a kind friend and benefactress of the Missionaries, and a faithful comforter of the infant churches in these isles." As she was falling asleep in Jesus at the age of about 59, in the beautiful valley of Manoa, just before the dawn of June 5, 1832, fully trusting her Saviour, she repeated the following lines of a valued Hawaiian hymn:
"Eia no au, e Iesu, e,
E nana ouolu mai ia'u."
(Lo, here am I, O Jesus
Grant me thy gracious aid.)
