When you are Advertising, less you say about outside matters the more space you can devote to your merchandise and its prices. Advertising is not a hot-air proposition; it is a branch of every business. Tell the truth about your goods, make your Ads. attractive, and above all, live up to what your Ads. promise.

## BELIEVES IN JONES' INSANITY THEORY

### Admiral Evans Gets Orders To Return To Cavite

Admiral Evans this morning received orders by cable from the Navy Department in Washington. The Admiral's orders are to leave Honolulu between Dec. 25 and Dec. 30 and proceed to Cavite, calling at Guam on the way.

Rear Admiral Robley D. Evans, commanding the fleet now in port, kindly granted an interview to a Bulletin reporter yesterday. The object of the questions asked was to secure information with reference to the probable length of stay of the fleet in port but Admiral Evans, not having received any orders since arriving in port, could not give any definite information this point. On this and other matters he had the following to say:

"Yes, I am very glad to have the privilege of making another visit to your beautiful little city. My first was a very short stay and this longer period will give me a chance to really see what you have here.

"Everything is all right here but I must certainly register a kick against your mosquitoes. I suppose that is what everyone does, but, of course, your efforts here with petroleum and a general cleaning up of old tin cans and other containers that secrete stagnant water will certainly have their effect so that future fleets coming here will find more comfort in living.

"No, I cannot say just how long we will remain in port. We picked up and came out here in obedience to orders and we have already received further orders to return to Yokohama. I can say, however, that we will be here at least a week. How much longer than that will depend on future developments. We may receive orders here which will give us a longer stay in port. I would not be at all sorry for such instructions. Our next destination is Yokohama but we may be ordered elsewhere. No one knows.

"As to when the men are to be given their liberty, I can give you no exact date but will say that the men are to be allowed ashore just as soon as the coaling operations have been completed. This should not take more than two or three days for we intend to begin tomorrow and go right ahead full speed. Undoubtedly the men will work with a will to coal their ships as soon as possible for liberty ashore in such a beautiful place as this is dear to the heart of every man in the fleet."

### JONES A LUNATIC ACCORDING TO EXPERT DR. WOOD

Dr. C. B. Wood, called by the defense as an insanity expert in the Jones murder trial, answered the lengthy hypothetical question, put to him in port, this morning, at this afternoon's session in Judge Gear's court, declaring it as his conviction that the alleged murderer of wife and mother-in-law was insane at the time of the tragedy, basing his opinion on the facts stated in the question.

On cross examination the doctor stated that he had formed the opinion as to Jones' insanity from reading the press accounts and had expressed the belief that defendant was not in his right mind. Nevertheless, if there had been anything in the hypothetical question put to him in court, to contradict the opinion already formed he would not hesitate to change his opinion. After the question he was still of the conviction that Jones was crazy.

The end of the Jones murder trial is expected before the week is out. Argument may commence this afternoon of tomorrow morning. Warring over technicalities and hypothetical questions is now consuming the time.

Dr. C. B. Wood occupied the stand all the morning and was still in the box when recess was taken, having so far answered none but preliminary questions as to his qualifications as an expert insanity witness.

Court held a night session and did not take a recess until 12:19 o'clock this morning, resuming at 10 o'clock a. m.

Prosecution had Doctors Sinclair, Miner, Hodgkin and Watson on the stand. The burden of their testimony, given in response to the same long hypothetical question propounded by the defense to Dr. Mays, was that defendant Jones was a sane man.

Attorneys Robertson and Dunne are now putting on Dr. Wood in rebuttal in view of the injection of new evidence, relative to typhoid fever in defendant's youth, in rebuttal by the prosecution, putting to the doctor an all-embracing hypothetical question, similar to that asked Dr. Mays, but covering the feature introduced in rebuttal by the four doctors called by the prosecution as to Jones' youthful sickness, brain fever, meningitis, typhoid or whatever it was, and the after effects as to his mind.

Prosecution's experts declared the disease in childhood, supposed to be responsible for Jones' after life, could not have been meningitis, under the alleged circumstances; it was probably typhoid and no serious mental effects therefrom were likely.

For the last few days the alleged murderer has had a guard sitting beside him in court. This was not the case during the first days of the trial. When the insanity experts are through, argument is in order and the jury will hear what counsel has to say.

### Men of Navy To Be Given Season Of Exciting Sports

Arrangements were made at the Naval Station this forenoon by means of which the men of the fleet now in port will be given a series of sports that will serve to a great extent to make their stay a pleasant one.

At a meeting of citizens in the Young Hotel last night, the following committee was appointed to take charge of the shore end of the work; Bob White, J. A. Thompson and H. A. Wilder as baseball representatives; Jess Woods, W. H. Babbitt, G. Lucas, for football; E. Munroe and J. H. Cotton for Association football; C. W. Macfarlane and T. W. Hobron to represent the Yacht Club; O. Sorenson, W. C. Parke, L. A. Walker, and Merle Johnson for the Rowing Association, and W. W. Harris.

W. W. Harris was chosen chairman and he appointed the following committee to call on the vessels of the fleet at 10 o'clock this forenoon for the purpose of making arrangements for field and aquatic events.

In the meantime, Lieut. Evans, son of Admiral Evans, sent out from the Kentucky a request that each ship send a representative or representatives to the Naval Station to confer with the town men. This simplified matters to a great extent, and at 10 o'clock every man was on hand, the various vessels of the fleet being represented as follows: Kentucky, Midshipman Weaver; Wisconsin, Ensign Osterhaus; Oregon, Midshipman Land, and Gunner Hurd; Cincinnati, Ensign Vincent; Raleigh, Lieut. Wood; New Orleans, Ensign Berrien, and Albany, Ensign G. Smith.

After quite a long discussion the following program was decided on:

Sunday, Dec. 20—Two baseball games between two all-Honolulu teams and the teams of the Kentucky and Oregon, which stood first and second in the league. Bob White will arrange for the two Honolulu games.

Friday, Dec. 25 (Christmas)—First and second fleet football teams vs. the Punahoa and H. A. C's.

Saturday, Dec. 26—Boat race in the harbor between boats of the various vessels, the events to last from 1 until 4 p. m. The following list of events was arranged at the meeting: 12 and 30-oared cutter races, dinghy race, gig by way of wind-up.

Both sides will ask many instructions to the jury. There are all kinds of speculations as to how long the jury will take to decide the matter after it is up to them.

Guilty as charged, murder in the second degree, manslaughter, insane, not guilty—one of these must be the verdict, unless the jury fails to agree.

### CUBAN SUGAR TROUBLESOME

WASHINGTON, Dec. 17.—The President today signed the Cuban Reciprocity bill and issued a proclamation declaring the law effective in ten days. The reduction of the duty on Cuban sugar will, it is believed, result in other countries demanding the same consideration under the favored nation clause.

### Colombian Troops Ready To Fight

COLON, Panama, Dec. 17.—The cruiser Atlanta in its search to locate Colombian troops, found a force ready for action assembled at the Gulf of Darien. General Artz states that Colombia will certainly go to war if the mission of General Reyes, now in Washington, fails.

### ATKINSON IS CONFIRMED

WASHINGTON, Dec. 17.—The nomination of A. L. C. Atkinson as Secretary of the Territory of Hawaii was today confirmed by the Senate.

KAHN-LIVERNASH BALLOTS. WASHINGTON, Dec. 17.—The committee investigating the Kahn-Livernash election contest has ordered that the ballots in the disputed election be sent to Washington. Livernash, who was the Democratic-Labor candidate in a San Francisco Congressional district, defeated former Congressman Kahn by a narrow margin.

OFFERED TO GEN. BLACK. WASHINGTON, Dec. 17.—The Presidency of the Civil Service Commission made vacant by the death of Mr. Proctor, has been tendered to General J. C. Black.

### BUSINESS MEN WANT RETENTION OF MARSTON CAMPBELL

Governor Carter is in receipt of the following communication from some of the representative business houses, suggesting the retention of Marston Campbell in the Public Work Department. No action has, as yet, been taken.

Honolulu, T. H., Dec. 12, 1903.

GEO. R. CARTER, Governor of the Territory of Hawaii, Honolulu.

Sir:—The undersigned being informed that Mr. Marston Campbell retires from his position in the Department of Public Works, on the first of January next, desire to express their appreciation of the able, conscientious and honest manner in which he has fulfilled his duties as Assistant Superintendent of Public Works, and to suggest that in their opinion it would be to the public interest if his services could be retained in that department.

Very respectfully,

(Signed by) H. Hackfeld & Co., by J. F. Humberg, director; Hustaco Peck Co., by W. H. Hoogs, manager; C. Brewer & Co., by G. H. Robertson, manager; Theo. H. Davies & Co., by F. M. Swamy, managing director; Bishop & Co.; Pacific Hardware Co., by L. S. Dillingham, Jr., manager; Henry Waterhouse Trust Co., by R. W. Shingle, secretary; The Honolulu Iron Works Co., by C. Hedemann, manager; Wm. G. Irwin & Co., by W. M. Giffard; The B. F. Dillingham Co., per W. F. Dillingham, treasurer; Honolulu Rapid Transit & Land Co., by L. T. Peck, treasurer; W. W. Dimond & Co., per Emil A. Berndt, treasurer and manager; Wall, Nichols Co., by Frank E. Nichols, president; Inter-Island S. N. Co., by J. A. Kennedy, president; Alexander & Baldwin, by J. Waterhouse, treasurer; M. McInerney, per E. McInerney, treasurer; Wilder's Steamship Co., by C. L. Wight, president; Wilder & Co., by S. G. Wilder, president; Lewers & Cooke, by F. J. Lowrey, president.

### Our Ability To Please

Has been demonstrated time and time again. Our work tells the story of quality. If you want up-to-date photography for the holidays or any other time come to us.

EXPRESS  
Masonic Temple. Tel. Blue 581.

### CARTER MEETS EVANS

Admiral Robley D. Evans, Lieut. Chapin, and the Admiral's son called on Governor Carter at 10 o'clock this morning at the Capitol, being welcomed by the Territorial band. Secretary A. L. C. Atkinson, Superintendent Holloway and Senators Crabbe and Dickey received with the Governor. Captain J. A. Thompson and Gustave Rose of the National Guard, escorted the distinguished visitors to the executive chamber. Where such calls were short affairs in the Dole days, Carter lingers longer with those who pay official visits. Today's reception lasted over half an hour.

The commanders of the Raleigh, Cincinnati and Albany called on Admiral Evans this morning with a view of allowing their men shore liberty since their vessels are not coaling now. It is possible that some of the men of these vessels will be allowed ashore tonight. The men from the battleships will not be allowed ashore until they will not obtain leave for a day or two.

Judge Gear this morning denied C. W. Ashford's motion to quash indictment against Mau Chong, charged with killing Policeman Mahelona, and set plea for tomorrow. Ashford will again move to quash on indictment's second count on the ground of an interlineation.

During the Jones murder trial this morning Judge Gear ordered Millard street closed on account of the disturbing noise of heavy traffic. The order may stand while the trial lasts. Goto habens corpus case goes over Hill Monday.

### COMBINED CONCERTS

Admiral Evans having kindly tendered the services of the band of the flagship Kentucky on the occasion of the annual dinner of the Merchants' Association at the Hawaiian Hotel on Saturday evening, arrangements have been made for concert to be given jointly with the Territorial band. The launch on the Waikiki side of the building will be thrown open to the Naval and military officers, as well as local society people.

Again on Monday evening, by courtesy of the Admiral, the flagship's band will perform at the Hotel in conjunction with Professor Berger's band when the entire hotel will be open to entertainment of the visiting officers and society generally. A quintette club of Hawaiian boys will furnish extra music for dancing on both evenings.

### NEW ROADS TO ROME

Superintendent of Public Works Holloway has arranged for certain practical improvements in the Capitol grounds. A gateway will be made at the corner of King and Richards streets and a path constructed through the lawn to the Capitol. Another footway will be made from the large entrance to the grounds on Richards street across the lawn to the King street main entrance. A circular pathway will frame the band stand the paths, just mentioned as contemplated, joining this. It is Holloway's idea to preserve the grass and, at the same time, institute a convenience that will "fill a long felt want."

Chas. Dole is now pronounced by the attending physician to be out of danger. He is still at the home of Edgar Henriques in Nuuanu valley and is recovering slowly.

### Sterling Silver Buckle Suspenders

A pair for Christmas will make "him" happy. They come in silk webs of pretty colors. They're easy to wear—and easy to pay for—but hard to wear out—and hard to beat. They will satisfy every degree of luxurious taste.

1071 BISHOP ST

### HARD AT WORK ON BATTLESHIPS

The waterfront in the neighborhood of the Naval wharves presents a very busy scene today. The Wisconsin and Kentucky are coaling. The Cardiff being put aboard is very dirty to handle and has marred the beauty of the stately battleships so that they can hardly be recognized.

Today only three vessels are coaling, the two battleships named and the cruiser New Orleans which is lying at the Pacific Mall wharf with the stern outside the end of Naval wharf No. 1. The Kentucky will take on board 1200 tons, the Wisconsin 1150 and the New Orleans 515 tons. The Kentucky is noted for her ability to coal rapidly. This battleship did good work this morning although she was not able to work at her full capacity as there was only one lighter on her starboard side. As it was, the Kentucky put on board almost 900 tons of coal up to the noon hour. She expects to get through with the remaining 300 tons this afternoon.

The Wisconsin, which has not as fine coaling facilities as the Kentucky, will get through with the present supply by tonight. The work

New Orleans only receives what is left over by the Kentucky and therefore will hardly finish today.

When the cruiser New Orleans has finished, she will be put out in the stream. The place at the Pacific Mall dock will then be taken by the battleship Oregon, now lying in the stream. The Oregon needs 1200 tons of coal. The cruisers Albany, Cincinnati and Raleigh will fit come to the wharves. They are all to be coaled by the means of lighters.

The Albany is to begin tomorrow. She needs 550 tons and the Cincinnati and Raleigh 400 tons each.

While the Naval station is making and excellent showing in coaling so large a fleet, some trouble is being encountered on account of an insufficient number of ash garbage and water lighters to accommodate the vessels lying in the stream. Lighters for these purposes will have to be lined from private concerns.

On account of the coaling of ships no sailors have been allowed shore liberty. When the actual coaling is finished the vessels will have to be thoroughly cleaned and then some painting done. It is only when all this has been accomplished that the jolly tars will be allowed their liberty.

Pay day is due now and the men will be given their money as soon as coaling facilities as the Kentucky, will get through with the present supply by tonight. The work
