What a gathering of the faithful there will be when politics is purged by Achi! The Senator's theory is all right, but unless memory fails he has not objected to official influence when it was on his side.

The Advertiser says it can't find ten representative taxpayers in favor of local self-government. This inability to find what it does not want is merely an evidence of the influence Thurston exerts over those in his treadmill and wearing his collar.

The proposal that the band accompany delegates to the National nominating conventions has everything in its favor provided the people of Hawaii are to make some special effort to advertise the Territory. Bands are always much in evidence at these assemblies, and backed by Berner and his boys our delegates are certain to be a good "ad" for the islands.

The subscriber who wanted to know whether President Pinkham of the Board of Health would give up his salary has his answer in Mr. Pinkham's liberal contribution for the maintenance of the Honolulu Dispensary. He gives no indication of being parsimonious in dealing with the poor and if every Honolulu official would contribute the same proportion of his salary he would assist a most excellent cause.

Kaui's tribute to the late Paul Isenberg tells in a small way the deep impression Mr. Isenberg made upon the every-day life of the community which claimed him as neighbor, friend and representative citizen. He left many monuments to his successful career in these islands but there is none that expresses more truthfully the good-will that makes life worth the living than the mark raised through the subscription of Kauai citizens.

If it be true that there is an overflow from Hearst's money barrel in Hawaii, it would not have to be a large one to cover the whole Democratic plank. Contributions by the New York Congressman to assist in party organization would at least show that he has more energetic interest in strengthening his party, even on the outskirts, than has ever been brought out by any other National Democratic leader. If Hearst were less a worker and more of a nonentity his Presidential chances might be better among a certain class.

RIVAL FIGHTS FOR FAIR LADY'S FAVOR

Wm. Pike, a young Englishman, was arrested last night by Detective McDuffie. McDuffie last night found a young fellow, called Oscar Ritter, in a pitiful condition with blood streaming from his face. Ritter said that Pike had hit him while they were having a celebration with a crowd on Kama street. McDuffie located Pike and found on his person a 22-caliber revolver and a pair of brass knuckles. He took him in custody.

Pike appeared in the Police Court this morning charged with assault and battery on Ritter. It developed that Pike and Ritter were both smitten with the charms of one young lady. They, the young lady and several others had been having a celebration at Walkiki yesterday and were finishing up on Emma street when the two rivals became mixed up, with the result that Pike struck Ritter. Miss Piggett on the stand admitted that she "supposed" that her charms were responsible for the affair.

Judge Lindsay scored Pike severely, stating that only a coward would carry brass knuckles like those offered in evidence. Pike was found guilty of the charge and fined \$20 and costs. Miss Piggett was arrested and is at present locked up at the police station for investigation.

BASEBALL PLANS

There will be a meeting of the Trustees of the Baseball League this evening at the Pike's Hall to discuss rules. One week from tonight the trustees will meet to make final arrangements for the season. The question of rules, the acceptance of umpires, and season ticket arrangements will be discussed by Russell and C. F. Zamloch, arrived by the Ventura and will play this season in the Eilers' baseball team if they prove to be of the proper class.

COMMITTED FOR MURDER

Kama'i Kahili, the man who stabbed Hana in a drunken row back of Punchbowl a couple of weeks ago, appeared in the Police Court this morning charged with murder in the first degree. Kahili was not represented by counsel. He waived examination and was committed to the Circuit Court for trial.

KONA LAND SUIT

Eliza Roy this morning filed suit vs. Clinton J. Hutchins, trustee, defendant, and Henry Waterhouse Trust Co., Ltd., a corporation, garnishee, for the sum of \$3401.36, alleged to be due as rent or a lease and taxes on same. In her complaint the plaintiff alleges that on February 1, 1899 she, being then and now owner of certain lands, amounting to about 1400 acres, in Kona, leased these lands to the Kona Sugar Co., Ltd., for a term of thirty years, at the annual rental of \$3,576.56 for the first two years and at the rate of \$5,952.00 for the remainder of said term. The rent was payable semi-annually in advance.

On or about March 28, 1902, all the property and interests of the Kona Sugar Co., including the premises belonging to the plaintiff, were placed in the hands of a receiver. On or about May 9, 1903, the receiver, F. L. Dortch, sold all the property of the Kona Sugar Co. to Clinton J. Hutchins, trustee, at public auction, in Kailua. Further that after the sale Hutchins took possession of the premises mentioned and continued to hold and enjoy them from June 13, 1903, to and including December 31, 1903, when the defendant assigned the lease of said property to C. J. Falk.

Plaintiff further alleges that the defendant has failed and neglected to pay the rents which became due to plaintiff as lessor as said lease during the term of ownership of the defendant of the lease and the use of the premises by him for the period mentioned above. There is now due to the plaintiff as rent under the terms of the lease for said period the sum of \$2358.50. Whether that the lessee of the lease, for itself and its successors and assigns, agreed with the lessor to pay all taxes which might be levied on the premises during the term of said lease, and upon all crops and improvements placed thereon without deduction or rebate from the rent. That there was levied on the premises in taxes \$142.86 which became payable on September 1, 1903. That the said taxes have not been paid and that there is now due plaintiff from the defendant the sum of \$142.86 on account of taxes. The plaintiff has often requested the defendant to pay the said rent and taxes but he neglects and refuses to pay the same or any part thereof.

Plaintiff further alleges that there are goods and effects of the said C. J. Hutchins, trustee, concealed in the hands of said Henry Waterhouse Trust Co., Ltd., garnishee, the attorney, factor, agent or trustee of said defendant, so that they can not be found to be attached or levied upon, and that debts are owing from the Waterhouse Co. to the defendant and plaintiff alleges that the amount so held is not known with certainty by plaintiff but plaintiff alleges that she believes that the Waterhouse Co. holds certain of the property and effects purchased by the defendant and is otherwise indebted to him and has and holds moneys belonging to plaintiff in a sum unknown to plaintiff.

Wherefore plaintiff prays for judgment against the defendant for the sum total of \$3401.36 with interest thereon and also costs of the suit. Further that defendant be cited to appear before court in the September term and that the garnishee be also summoned to appear personally at the same time appointed for the hearing of the case and then and there on its oath disclose whether it has, or at the time of service had, any good or effects of the defendant in its hands, and if so, the nature, amount and value of same, or is indebted to said defendant, and if so the nature and amount of such debt.

SCOTT CONFESSES

Wm. B. Scott, the collector for Bishop & Co., is at present lodged in the Oahu prison with a peck of trouble piling up against him. While there as yet have been no formal charges filed against him, it is probable that one or possibly two, serious charges will be brought against him in the near future. Scott was early yesterday morning placed in custody in the Oahu prison. No charges were filed against him and his name did not appear on the police station record of guests. The authorities, when asked regarding the matter, stated that no definite evidence could be brought against him. In the meantime Scott would remain in prison until the Ventura sailed, when he was to depart in her as a passenger for Australia.

This morning High Sheriff Brown stated that Scott would not be allowed to leave the Territory just at present. On the contrary he would be held to face a charge of embezzlement, which is to be brought against him. In speaking of the Scott case High Sheriff Brown stated this morning as follows: "Yesterday morning we took Scott in custody for investigation. We had suspicions that he had been guilty of criminal conduct. In the meantime we did not have sufficient evidence to convict him. We have at present the evidence of accomplices but in a case of this kind the evidence of an accomplice is not sufficient to convict. We know, however, of a witness who is at present on Molokai.

"During the investigation of Scott yesterday his manner was such that we were afraid that he might commit suicide, if he were left to leave. To prevent any such occurrence we placed him in custody in the Oahu prison.

"It was the plan that Scott should leave in the Ventura. Last night, however, Scott's books in Bishop & Co.'s were gone over and it developed that there was a shortage of about \$1600. Scott this morning confessed that he had embezzled the money. As a consequence he will not be allowed to leave the Territory. He will be held here to face charges of embezzlement. His case will be brought before the Grand Jury next Wednesday."

TO BUY KAHAIKI

United States District Attorney R. W. Breckon today received notice from the War Department at Washington that the money, some \$39,000, was ready to be paid out for the Kahaiiki lands, to be used as an Army post, as soon as the transfers from present holders were ready.

NO WAR IN JAPAN

Japan's war has evidently injured its tourist travel. The following letter is being circulated by the Consulate: In answer to inquiries too numerous for individual responses, and in hope of correcting some erroneous impressions that exist abroad, we, the mayors of the principal cities of Japan beg to give our assurance that normal conditions prevailing throughout the Empire of Japan in war is as orderly as Japan in peace. Business men and travelers who contemplate journey to Japan will encounter no inconvenience and will be exposed to no danger. Ordinary means of communication by land and sea are not and can not be interrupted. Japan and its territorial waters are not within war zone, and positions and advantages of our fleets and armies insure Japan against invasion.

PUBLIC WORK MOVES.

Offices of the Department of Public Works are being moved back to the large chamber on the Ewa side of the main floor of the Capitol building, occupied by the Senate in special session, from the temporary quarters in the basement which were taken when Governor Carter called the Legislature. Former arrangements in this room are being improved upon. The Superintendent of Public Works will occupy the small corner room on the Ewa side in the rear of the Capitol, approached along the broad veranda. This will prove more private than his former quarters. The water works office is included in the new arrangement.

Beer must be pure

to be good; must be brewed only from the best materials; must be scientifically filtered, thoroughly aged, bottled at the brewery and sterilized after bottling. It must always be shipped in the bottle, for beer shipped in bulk and bottled at supply depots is sure to absorb impurities.

The Famous A.B.C. Beers

are guaranteed absolutely pure and free from all preservatives and chemicals

used in other brands of bottled beers, which are injurious to the health. They are never sold in bulk—are the only beers bottled exclusively at the brewery. Made from the finest Bohemian hops, they are aged for months, then filtered and piped direct from the brewery into bottles by means of hermetically sealed filling machines. This prevents the beer from coming in contact with the outside air, and insures absolute freedom from bacteria. It also preserves its natural effluence and zest.

\$50,000 GIVEN AWAY

The Board of Directors of the Louisiana Purchase Souvenir Coin Company will set aside an appropriation of \$50,000, which will be presented, in its entirety, to the person who sends us a correct estimate of the EXACT number of paid admissions to the Louisiana Purchase Exposition, which opens at St. Louis, April 30th, and closes December 31, 1904. Should no one succeed in estimating the exact number, the money will be presented to the one who sends us the nearest correct estimate. This Golden opportunity to secure a magnificent fortune costs NOTHING. Our object in making this unprecedented offer is to advertise and promote the sale of our Souvenir Coins of Admission to the World's Fair. These Souvenir Coins of Admission are of artistic and appropriate design, are invaluable as mementos of this greatest of all Expositions and are similar to the Columbian Half Dollar, aside from their intrinsic value, we will accept them in exchange for regular tickets of admission to the World's Fair, and for this purpose will maintain a ticket office at the main entrance to the Fair Grounds, which will be open every day during the World's Fair period. Everybody wants one of these Souvenirs, but only a limited number will be offered for sale. Price 50 cents. With every Souvenir Coin of Admission purchased we allow one estimate to be made and filed of the total admissions to the Fair. No one has any advantage in this contest. YOU are just as likely to get the \$50,000 in Gold as anyone. It is all pure luck. Should there be more than one correct estimate the \$50,000 will be divided equally between the persons making the exact or nearest correct estimates. There may be no ties or dividing of this money; the enormous sum of \$50,000 may be received by one person. WHY NOT YOU? The lucky winner will be notified the instant the official announcement of the total number of paid admissions is made by the Louisiana Purchase Exposition Company. We will also pay all of your expenses to St. Louis and will deliver the \$50,000 IN ONE GREAT BAG OF GOLD as soon as you reach this city. The total paid admissions to Chicago World's Fair were 21,480,141; Paris, France, Exposition, 16,795,167; Pan-American Exposition, 5,360,859
