CABLE MESSAGE MAY 3.

Washington, D. C., April 8 - Encouraged by the degree of success attending the last effort to distribute time signals New Year's eve, the naval observatory is preparing to make another attempt in the hope to span the globe itself. Rear Admiral Chester, the superintendent of the observatory, has just issued a notice to all agencies willing to co-operate that the observatory proposes to send out a special series of telegraphic time signals beginning at 11:55 p. m. United States eastern time, May 3 and ending at midnight. This will be done at the request of the American Railway association in connection with the international railway congress which is to meet in this city on the following day. It is pointed out that as an incident to the test, if care is taken by the telegraph companies the signals may serve to afford fairly accurate determinations of longitude at any telegraph station on the continent.

FAIRBANKS TO PRESIDE.

Washington, D. C., April 8 - Vice-President Fairbanks will preside at the White house at a reception to be given the members of the International Railway Congress next month. He will do the honors of the occasion at request of President Roosevelt. So far as known, it will be the first time a Vice President of the United States has been requested by the President to represent him on any occasion of this kind. As President Roosevelt expects to be in Colorado at that time it was necessary that some one be appointed. The congress meets from May 4 to 13. Two years ago it met in Paris, where the members were received by President Loubet. Four years ago King Edward then Prince of Wales, was the host.

ANDREWS MEN WORK

FORMER HAWAII SHERIFF IS AFTER THE OFFICE

POLITICS, COURT AND SOCIABILITY THAT'S GOING ON IN THE KONA DISTRICT - WHAT'S DOING.

(Special to The Bulletin) Kailua, Kona, May 6 - Republican club meetings of last Saturday were fairly well attended although no opposition was made to the status for delegates to Hilo convention. It seems to be thought that Andrews is in the field and will, through his friends of the convention, attempt to get the nomination for Island Sheriff. Some of the political deputy sheriffs will be delegates elected by their precincts, but they will not go in person, but will give their proxies to the Andrews faction.

John C. Searle is a persona non grata to these men because of his honest methods and they would be willing to see the ex-Czar on the throne again as they, then, could play favorites. One of the Hind boys will most likely run as Supervisor from West Hawaii Kauhane or J. H. S. Martin are being spoken of as candidates from Kauai, while Woods may be induced to offer himself as choice of the Kohala people. Tom Ridgway of Hilo is the only attorney who is willing to put up the \$25 nomination fee and he will be the Republican candidate for county attorney. Wilfong and Ridgway's brother have been in Kona lately on "private business," of course. J. W. Smith was here a short time ago, also on "business." J. W. wants to be attorney, so they say, but it is conceded that he cannot get a nomination. Guy Gere was here, too, last week, he is inspecting the new roads now approaching completion. Hare, the Post-office inspector, has been minutely examining Kona offices; he is on a still hunt.

The term of court ended on the 3rd, a fairly fat calendar, but one which did not pan out very well. A gambling case in which two of the four defendants were let out on pleas in abatement, filed by Attorney Mills and an assault charge that the jury acquitted the Jap defendant upon, a liquor selling case out of which habeas corpus proceedings came and an action to declare the office of district magistrate of North Kona vacant by reason of George Clark, the incumbent, being an alleged alien (he thought he was fully naturalized years ago) and which led to his hurried trip to Honolulu to find if he too, were a man without a country, were the principal items on the Circuit Court bill of fare. Civil matters went over till next Kohala term, two of the attorneys, wishing to find out the status of the district magistrate before trying cases in which he had sat at the early hearings.

"Are you a citizen?" was a usual question at Kailua, asked by one man of another. It is said that the status of jurymen would have been made the ground of attack by one young lawyer if "alleged" citizens had been permitted to serve by Judge Matthewman. The latter, like Diogenes, now rests in his tub of a boat, as it floats about the placid waters of Kailua bay. A yacht, trim as a man-of-war, and with its own gun firing at the regular hours, was off the coast last week; several boating parties went off to La Paloma and were well received by the commander.

Young men, jurors and residents, formed what they styled the "Kailua Promotion Committee" and during the term entertained royally. An elaborate dinner was given to about 25 guests on the night of May 1st. The morning paper described the feast as being fine and messy and that great credit was due Messrs Maguire Jr. and Sam Parker Jr., the sub-committee. It certainly was a time of good fellowship. On the 2nd, an all day luau was had at the large, cool, Kailua wharf. The "Beef Trust" case, so called by the Kau Ripper (an Anglo-Japanese paper), was a fizzle; the trust chewed its cud and went home tail down, while Makino yelled "Banana!" - It was his day. However, the horns of the "trust" are long, strong and sharp; we await the next encounter.

KONA IS JOYFUL

(Special to The Bulletin) Kailua, Kona, May 6 - With the coming of rain the whole of the Kona seems to be rejuvenated. The coffee prospects are for a heavy crop of the rosy berries - or cherries. People are talking grass and the cattle low with delight, while butter shipments may be soon made from leeward Hawaii. Taro is being freely planted now, for the reign of Jupiter Pluvius is well assured. Even the bee men rejoice, for have not the abundant orange blossoms afforded nectar to the busy hive.

OVERTAKES THE COPTIC

The little Alameda has again proved herself the "old reliable." The Alameda left here on April 26, nine hours behind the O. & O. liner Coptic, yet the Alameda landed her mails in San Francisco before the Coptic did. The Alameda met head winds and choppy seas part of the time, yet made up the handicap and reached the Coast on time. She got her passengers ashore almost as soon as the Coptic did.

Hilo Sports Looking UP FOR

Races and Baseball

(Special to The Bulletin) Hilo, Hawaii, May 4th - Sports are looking up in Hilo as it now looks as though there will be big things doing in the horse-racing and baseball lines.

At the present time Dr. Jones has So So, Egyptian Princess, and an unknown horse which J. D. Kennedy recently brought down from the coast, in his charge. These horses are all of top-notchers in the racing line and will be heard from on the Fourth of July should they have a race meet in Hilo then. Maui sports have sent word that they want to monopolize the 11th of June and give Hilo the Fourth as a day for sports. Hilo will send some horses to the other Islands to take part in the races should the purses be large enough. Anyway, Hilo invites all lands to the time which she expects to have July 4th.

There is also a great deal of baseball talk in the Crescent City just now as teams are forming for the coming season. Harry H. Morehead has been asked to captain the all-Hilo team which he has been forming. Hilo has already received challenges to play Paialoa, Waimea, Honokaa, Honoumuli and Oiaa. The main trouble in Hilo is that some of the best players do not care to play Sundays and Sunday is the only day that plantation people can all get away from work. When Ex-Sheriff Andrews said that the reason many do not care to play ball upon Sunday now is because it is not breaking the law, he made a good guess.

NEW SUGAR SHIP HAS A HISTORY

Another vessel is soon to be added to the local sugar fleet, and the new accession has an interesting history. Word has been received here that the American ship Manga Reva sailed from San Francisco for this port on Tuesday, May 2, and should arrive in about a week.

The Manga Reva has had an eventful existence. In the spring of 1900 she was the wheat-carrier Pyrenees, and sailed from Seattle with a cargo of wheat for England. She took fire at sea. The nearest point of land was the Pitcairn Islands, 1600 miles away. The vessel was headed there and by crowding on sail succeeded in reaching the islands, all afire but still floating. At the Pitcairn Islands it was found impossible to beach the Pyrenees, so she was taken to the lagoon of Manga Reva, in the South Pacific, and beached there, her crew worn out with fighting the flames. Her wheat cargo was afire by this time, the deck was bulged and split, and the hold was one mass of smoldering coals. The captain and crew left her at the lagoon.

Later Captain E. A. Thayer, of San Francisco, bought the hull for \$1200 and took it to San Francisco. The masts were then burned down, the decks burned up and the seams opening up. She was repaired from time to time, till after many vexatious delays she has been made ready for the sea again, renamed the Manga Reva, in honor of the little lagoon where she was beached. She will load sugar for New York here and at Kahului. Captain H. C. Townsend is now commanding the vessel.

SHERIFF SEARLE BUSY

Hilo, Hawaii, May 5th - Sheriff Searle returned from Kailua last night where he has been attending the court term over there. The Sheriff reports that the Porto Rican who murdered the Chinaman at Kau has confessed. He also says that Kau was pretty well shaken up by the recent earthquakes. The Sheriff leaves this morning in the Kinua for Kohala upon business connected with the police department. There has been considerable doing in police circles lately and both the Sheriff and Deputy-sheriff Fetter have been upon the go nearly all the time. Dr. John J. Grace returned Wednesday from a seven months trip abroad. He visited the volcano yesterday.

The undercurrent of politics is beginning to run in Hilo. Weather: Sultry and showery.

THIRD OF THE FOURTH.

The Third Precinct Club of the Fourth District nominates the following for delegates to the County convention to be voted for at the primaries: Chas. W. Booth, Robert N. Boyd, N. Marquez, O. Sorenson, A. W. Neeley, John Mana, A. Lewis Jr., A. K. Keo, J. C. Oliviera, A. Manuel, J. P. Dias, David Manuel, D. Kawahoa, Dick Ke-kona, Frank McIntyre, B. J. Wright, George K. Lowe, D. Kaahanui, F. Souza, S. Kenul, J. S. Nobrigga, U. Napoleon, Benjamin K. Kane, M. J. Cabral, J. K. Kahului, S. Kaunomona, Kepano, Lima ahuaale, W. A. Kaila, Moses Naehu. Ten are to be elected.

PITHY NEWS OF HILO

FRANCES GAY AND WIFE COMPLETE HAWAII TOUR

BERLOWITZ MAKES LAST TRIP TO HAWAII BEFORE TAKING TRIP TO OLD HOME - PERSONALS

(Special to The Bulletin) Hilo, Hawaii, May 4th - Hilo's now famous whistling buoy is still a whistling. Frances Gay left in the Helene which sailed for Honolulu on Thursday morning. Mr. Gay and wife, with Mr. Aubrey Robinson and family, came to Hilo in the steamer American which arrived from Honolulu a week or so ago. The party, as stated before, have been making their first visit to this island. After a day or so spent in Hilo they went to the Volcano House and later took the Mauna Loa at Honuapo, Mr. Robinson and family going to Honolulu, while Mr. and Mrs. Gay went to visit Mr. Robert Hall at Niuhii, Kohala. While in Kohala the Gays heard that Kilauea was very active again so they came overland and again visited the volcano. Mr. and Mrs. Gay have had a most delightful trip and spoke especially of the many beauties of Hilo and the immediate vicinity. They thought Kaula was the only really pretty island in the group until they saw Hawaii. The Helene will stop at Lanai to land Mr. Gay, who is to visit his brother, Chas. Gay, who virtually owns the whole island. Strange as it may seem, this will be the first time that Frances Gay ever set his foot upon Lanai!

Wm. Berlowitz, the oldest drummer of them all when the time that he has been travelling is taken into consideration, made his last trip to Hawaii last week as he has severed his connection with the Pacific Hardware Co. and Peacock & Co. and will leave soon for his old home in Germany. The following people have left Hilo recently, or will leave soon, to remain away from the Islands for all time: L. K. Pierson, wife and son, Miss Florence Scott, Miss Genevieve Bacon Venable, Miss Dollie Sumner, Mrs. Nellie Tracy and son Max. Those mentioned below are leaving upon extended trips varying from two months to a year or so: Mrs. Dr. Hays and child, Mrs. David W. Marsh, Miss Esther Pomroy, Mrs. J. H. Moragne and children, Mrs. E. G. Hitchcock, Miss Hattie Hitchcock, Miss Minnie Schmidt, Miss Mary Shipman, W. D. Downer, Mrs. Herman Ludoff and Irving B. Schoen. J. Castle Ridgway is making a tour of the Island.

Miss Mary Baldwin, of Santa Cruz, California, was a passenger by the Kinua yesterday and will see Kilauea today, returning to Honolulu Friday. Miss Sullman, of San Jose, is with her. Miss Baldwin called upon one or two of her old Santa Cruzans last night whom she had not seen for a number of years. Mr. Pearis, secretary of the National Pharmacy Association of San Francisco, is in town.

Harry Irwin, Ex-Sheriff Andrews' partner, has been in Kona where he attended the term of court there.

Weather clear at five o'clock this morning with no unusual signs of increased volcanic activity up to this time. Two Porto Ricans got into a fight at Oiaa recently and Tuesday one of the men died from the effects of knife wounds received at the hands of his adversary.

ELLEFORDS IN NEW PIECES

At the Orpheum last night the Elleford Company, which has been playing to capacity, presented an entire change of program. This evening's will be "My Friend from India," a farce comedy which has attained great prominence on the coast as a laugh producer. Laughter and merriment is guaranteed to all.

Wednesday and Thursday will be given over to "Other People Money," Friday and Saturday, Dave K. Higgins comedy success "Kidnapped," incidental to the pieces specialties will be given. Seats for the entire week can be secured at the box office.

TRUNKS AS TESTIMONY.

Chicago, April 11 - An investigation by the Federal Grand Jury which is inquiring into the working methods of the alleged beef trust of a much deeper nature and wider scope than is associated, is to result from the examination of the contents of the eight trunks taken yesterday from the safety vaults in the First National Bank building.

When these trunks were opened, it is said, the entire secret transactions of the Aetna Trading Company, a corporation through which the secret business of the big packers was transacted, was revealed to the jurors, and as a consequence many new witnesses will be subpoenaed. The trunks and contents have been impounded on an order by Judge Sanborn, so that no one by legal process can obtain possession of them.

LANTERN BLEW UP

Hilo, Hawaii, May 4 - Kawamoto, a Japanese magic lantern operator, was instantly killed at Hakalau on Tuesday while he was filling a tank with gas. The gas tank exploded blowing a hole clean through his head. His partner testified afterwards that he himself had his ear down close to the tank listening to hear if the tank was being properly filled with gas at the time of the explosion, and that he was thrown about twenty feet away from the machine. He had one hand badly injured but aside from that was not much hurt.
