TRACHOMA PATIENTS TRY

FIRST CABIN PASSAGE

A short time ago the surgeons found a Japanese woman among the first cabin passengers from the Orient who they recognized as one who had come here several months before. In the steamer and not allowed to land because of the eye disease. The woman was promptly quarantined and again sent back to Japan after making two unsuccessful attempts to get through the government health officer's inspection.

On a number of occasions steered passengers from Japan have been rejected here by the Public Health Department on account of trachoma, held at the quarantine station on the next steamer at the expense of the steamship company. A record is kept of the department of the individual, the particulars regarding each case and facts about the person's passport.

The Sporting World

KANOE

"Cannonball" Kanoe and "Irish" Plunkett, the two star ground gainers of the country, who will oppose each other tomorrow.

Frank Kanoe, known as "Cannonball" on account of his line bucking abilities, is one of the best football players on these islands. Kanoe is, besides a football player, an all-round athlete. He holds the record for the hammer throw and does 100 yards under 11 seconds. Kanoe began to play football in 1903 with the H. A. C. team. He distinguished himself as a ground gainer and has been looked upon ever since as a dangerous man with the pigskin.

Plunkett, although a smaller man than Kanoe, is a wonderful man in offensive work. Plunkett's great point in football is keeping his feet. This man seems almost impossible to down and is often seen carrying several men down the field. Plunkett played his first football with Punahou, but was really taught the game by Benson. Plunkett developed into a sensational half back last season with the Malle team. Besides a crack football player Plunkett is a good man on the baseball field.

By Coach Benson of Malle
"We are going to have the struggle of our lives to morrow when we meet Punahou. Of course I expect to see the Malle win but do not for a minute underestimate Punahou. Our team is in the best of shape and we will have no excuse to offer if we lose. Which ever way the game goes I am sure the spectators will get a run for their money."

By Capt. Reed of Punahou:
"From what I saw of the Malle team on Thanksgiving day I realize that we have a huge contract on our hands to win. Our team is light but we will make up in speed. I cannot say at present just what sort of a game we will adopt, this all depends upon what we have to meet. We have had a few accidents and all the men will enter the game in good shape."

On the eve of what promises to be the hardest fought and best game of football ever played in these islands, Punahou and Malle are both in fair physical condition to meet in a grueling contest. The spectators, who will sit along the side lines and witness the game, will little think of the hard licks and strenuous practice that both of these teams have gone through, working up to a point where they would be in a position to properly represent their colors.

The people, who are so lucky as to be able to see this game, will witness twenty-two of the best trained athletes who have ever faced a football, donned a mole skin, or wore a nose guard in the Hawaiian Islands.

Much depends upon the winning of this game, for the winning team will be in the better position to take the championship. It can be depended upon that neither Benson or Reed will leave a stone unturned to win.

FEW MEN INJURED.

Both teams, as the two coaches have said, will go on the field in good physical condition. Neither team has had any serious accident. Of course there will be men with the usual bruised muscles, but there will be no cripples.

MAILES LOOK TO PLUNKETT.

The Malle team are depending largely upon Plunkett to win the game for them. Plunkett is the star who is supposed to gain those few feet that are necessary to make up the required 5 yards. If Punahou can stop this human steam engine they will have accomplished much toward winning. Of course it takes eleven men to play football but Plunkett is the man for Punahou to fear. Vanhuizen and James are also good men behind the Maile line. Joy, Houghtailing and Buckle are strong line men and can be depended upon to do their share of the work. Quarterback will be the Mailes weak spot and it is here that they will miss little Ben Clark, who will for the first time fight against his old team.

PUNAHOU HAS FAITH IN CLARK.

The Blue and Gold place much faith in Ben Clark their plucky little quarterback. Anyone knows that Clark is in a class by himself when it comes to running a team on the field. This little general will get out of his men all that is in them. Between he and Reed the weak spots in the Maile make up

"IRISH" PLUNKETT.

will be readily discovered.

With Reed and Alexander as tackles Punahou should have the best of it in the line. Reed is both good on offensive and defensive work and the Mailes will find it hard gaining through him. Chilton, Johnson and Cockett are a hard center combination to beat.

Although we are looking for a hard and closely contested game, we pick Punahou to win.

There is much interest being displayed amongst all as to the outcome of this game. As the game draws near the excitement grows. From present indications it looks as though the largest crowd that has ever witnessed an athletic contest will be on hand Saturday to see this struggle for supremacy between the two largest athletic organizations of this country.

The two teams tomorrow will be picked from the following players:
Punahou—Cockett, 220 lbs.; Orme, 190 lbs.; Hart, 175 lbs.; Robinson, 180 lbs.; Chilton, 180 lbs.; Wight, 170 lbs.; Medeiros, 173 lbs.; Alexander, 200 lbs.; Reed, 180 lbs.; Hamaoku, 180 lbs.; McDougal, 175 lbs.; Robertson, 190 lbs.; Robinson, 165 lbs.; Howland, 140 lbs.; Miller, 145 lbs.; Chilton, 155 lbs.; Clark, 130 lbs.; Heen, 135 lbs.; Geo. Desha, 165 lbs.; Kanoe, 190 lbs.; Sherwood, 175 lbs.; Campbell, 140 lbs.; Ahrens, 145 lbs.; Rycroft, 160 lbs.; Crabbe, 180 lbs.; Pa, 165 lbs.; Johnson, 170 lbs.

Mailes—Buckle, 180 lbs.; Kaubane, 215 lbs.; Prestige, 180 lbs.; Allen, 175 lbs.; Richardson, 180 lbs.; Kellett, 200 lbs.; Joy, 210 lbs.; Houghtailing, 220 lbs.; Lightfoot, 180 lbs.; Larsen, 170 lbs.; Akina, 145 lbs.; Fernandez, 150 lbs.; Sumner, 135 lbs.; Rose, 160 lbs.; Plunkett, 160 lbs.; King, 150 lbs.; James, 150 lbs.; Clark, 145 lbs.; Jarrett, 175 lbs.; Freeth, 165 lbs.; Gleason, 165 lbs.; Miles, 135 lbs.; Vanhuizen, 175 lbs.

GOLF IN STATES

The year 1905 saw golf in its most prosperous state. Every championship tournament of the season was well attended and the competition was of the keenest sort. In the men's national tourney Chandler Egan, of Chicago, won premier honors for the second time. He defeated a good field including Walter Travis, Jerome Travers, E. M. Byers, and a host of other championship aspirants. The ending was similar to that of 1904 and preceding years inasmuch as it was a newcomer who made the fight for the title against Egan. Sawyer, also of Chicago, was the man who went through the final round with Egan. One of the features of the year in golf has been the sudden development of the young players. Not many years ago veterans like Travis and Douglas had everything their own way. With them no youngster had a chance. But the spread of the game has been so marked in the last few years that the boys have attained quite as much proficiency as their elders and now stand an equal chance with them for national honors.

DUFFEY'S CONFESSION

Arthur Duffey, whom many knew to be really a professional, notwithstanding the fact that he has for many years posed as an amateur, has at last made a confession, and as a result he will

lose his standing and all of his records.

Duffey has been chasing the dollars with a zeal worthy of a better cause, and during the last few years, everywhere he has turned he has had his hand out for the coin. It seems he has been willing to sacrifice anything for the sake of money, and he has even gone so far as to offer for sale amateur photographs which had been given to him on the other side during his recent trip.

Here is the way the Amateur Athletic Union stands now in regard to Mr. Duffey:

"No punishment that can be meted out is too severe for Duffey. His name has been frequently placed upon our records and he has been given events that he himself admits he was not entitled to, and his name has been eliminated from the Official Athletic Almanac, and the places left blank, with the hope that the Intercollegiate Amateur Athletic Association, the Amateur Athletic Association of Great Britain, the Australasian Amateur Athletic Association and the Amateur Athletic Union of the United States will agree that this punishment must be imposed on Duffey and that those who finished second to him in the different events throughout the world will be credited as winners, and his records will be left out of the A. A. U. record books."

WORK STARTED ON NEW BREWER WHARF

Preliminary work on the Brewer wharf was started this morning. Soundings are being made and it is expected that within a few days pile driving will begin. Lord & Belser have the contract for building the wharf. They have sublet the pile driving job to Cotton Brothers who are making the soundings.

The new wharf will be 360 feet in length and 110 feet wide. Several ship loads of lumber will be used in the construction of the dock. As soon as the task of driving piles is completed building of the structure proper will be started and rushed until its completion within the next three months. The dock will not be finished in time for use during the sugar shipments this season.

GOVERNOR'S ADDRESS.

(Continued from Page 3)

The Governor touched on the difficulty of getting appropriations for Hawaii from men who wanted appropriations themselves.

"Almost all of the buildings built for educational purposes in Hawaii since annexation," he continued, "have been built on borrowed money. The present generation has been looking to the next to pay the bills for our new schoolhouses. If we could only make the people of the United States understand how we are lacking in school buildings, they would say at once, 'why take the whole of that paltry million and spend every cent of it on the schools. Keep three-fourths of it any way. Keep spending it until your people are on a par with the rest of our family.'"

"The President of the United States is showing an interest in Hawaii and Hawaiian legislation. The people of the United States want this country prosperous. The United States want this country to go ahead. And then the President goes on and says that he does not want Hawaii to be an exclusively rich man's country where the poor man is trodden down. And neither do we. Hawaii is probably the only community in the world where the corporations have souls. It is our corporations that subscribe to our charities, to our churches, to our philanthropies. It is right that they should and we want our country to continue to grow in wealth. We want also that every plantation villager shall be interested in the government that is over him and we want him to help with his vote to make this land what it should be. We want our 155,000 people to increase to 500,000. We have the room for them. We have the work for them and we have the land for them. We hear kicks about the land system. The land system is all right. Only about one-third of the land now belongs to the government and a great deal of this waste land. The best land is in private ownership. But we want men who will help us. We do not want those who think the world owes them a living. Let them stay on the mainland. We are not those who are independent and propose to earn their living. We want them to share with the plantations. We want them to work their farms, perhaps on shares. Not alone shares in the profits but some share also in the losses."

The Governor spoke of a plantation man who had talked a great deal about the foolish policy of the executive, who afterwards came out of a session with the Governor, a firm believer in the executive's plans. He declared that if the plantations were to share profits with their farmers, it was but fair that some of the risks would likewise be shared between them.

Perley H. Horne, president of Kamehameha Schools, thanked the Governor on behalf of the audience, for his remarks.

The dinner of the Thursday Club, which preceded the address, was well attended.

Next Thursday Judges Whitney and Dickey will speak on the various phases of the local courts.
