About the only man or boy to whom we can't sell clothes is the one who never looks here. Say, won't you look here?—IT WILL PAY YOU!

BROWN OF HILO
CONVICTED
WANTS A PARDON

A petition was received this morning by Governor Carter asking for the restoration to civil rights of B. H. Brown of Hilo. It is hardly probable that B. H. Brown will be restored to civil rights by Governor Carter.
This petition is only one of several to the same effect that have been received by the Governor during the past two years. He has before stated decidedly that he will not pardon Brown, but this declaration does not seem to deter Brown and his friends from flooding the executive chamber with petitions.
Brown was a Hilo policeman, who some time after annexation was convicted of extortion. It appears that the Hilo police force at that time was the subject of much criticism, and numerous charges of graft and extortion were made. Citizens were liable to be held up anywhere and at any time by policemen and made to put up varying sums on penalty of arrest if he refused.
Several charges of this kind of extortion were brought against Brown. He was tried on the strongest charge and convicted. He was sentenced to pay a fine of \$40 or \$50. This, of course, lost him his civil rights, and ever since that time he has been trying to have them restored. Even the Legislature has intervened and tried to get the Governor to pardon the man, but Governor Carter refused. Brown's brother was at that time a member of the Legislature, and Brown is himself a politician of considerable prominence, which possibly accounts for the fact of his being able to secure the signatures of the most prominent men of Hilo to his petition.
Governor Carter states that in his opinion a man who has been convicted of a crime like that of B. H. Brown is not the kind of man who should be allowed to vote. Brown degraded his

office and shamed his fellow countrymen by his act, and he should suffer for it as a example to others who may be tempted to do as he did.
The ship Babcock will probably sail for Astoria this afternoon. She will pay her old crew off today and will take on a new crew which will be composed of Japanese and Porto Ricans, who were signed on this morning by Shipping Commissioner Almy. She will also have new mates.
A new road is to be opened up, running from the Ewa end of Wylie street to the Oiewa lands, district of Honolulu. High Sheriff Henry has selected a jury of six to pass on the proposed road, and work will probably be begun as soon as they shall have done so.

MAJ. REED HARDLY KNOWN IN AMERICA

While talking with Dr. Moore, of the Marine Hospital Service this morning the subject of yellow fever was touched on and in this connection the name of the late Major Walter Reed, U. S. A., was mentioned and Dr. Moore spoke interestingly on the subject of his great discovery, probably the most important ever made in medical science by an American. He said:
"The difference between the way in which other countries reward their really great men and the way in which it is done in this country, forms an interesting contrast. In the case of Major Reed he made a discovery after years of research and dangerous work which has been and will be of the greatest benefit, not only to this country but to all mankind. He discovered and proved that yellow fever is transmitted through the Stegomyia Fasciata, the same mosquito which we have here in Honolulu and all the day mosquito, and through his discovery it has been possible to make the Panama Canal zone habitable for white men and to reduce the deaths from the yellow jack to a minimum.
"Yet what return has he received? When it was proposed to erect a memorial to his memory a short time ago it was found that the South, which benefited immeasurably by his discovery, contributed only a few hundred dollars to the fund. He was a man who was almost unknown to the great mass of the public who are generally to be interested in such plans as the one for a memorial to his name.
"The government has taken one step to perpetuate Maj. Reed's name, however. The memorial which he has been given is to have one of the new military hospitals named after him.
"Contrast with this the way in which the German people recognize their great men of science. A short time ago a popular vote was taken in Germany to ascertain the twelve greatest men in the fatherland. In the list the name of Robert Koch, the great bacteriologist, was given the third place. There, the work of such men is appreciated. Here it is done and that is all that there is to it. Sometimes one hears of it for a little while after but not often."

Oratorical Contest IN HONOR OF Washington's Birthday

President John Ellinger, Secretary Lyle Dickey and Jared G. Smith and W. R. Farrington of the Board of Governors of the Hawaiian Society of the Sons of the American Revolution met at their headquarters this noon to discuss a proper patriotic program for the celebration of Washington's birthday. The following resolution was adopted which fully sets forth their plan, which it is hoped will be taken up by the pupils of the schools named:
♦ Resolved, that the Hawaiian ♦
♦ Society of the Sons of the Amer- ♦
♦ ican Revolution observe Wash- ♦
♦ ington's Birthday, February 22, ♦
♦ 1907, by a meeting in the evening ♦
♦ at which there be held an orator- ♦
♦ ical contest by representatives of ♦
♦ different schools, and that the sec- ♦
♦ retary be instructed to issue invi- ♦
♦ tations to Oahu College, the High ♦
♦ School, the Kanehahameha Schools ♦
♦ and St. Louis College, to each fur- ♦
♦ nish one contestant, who shall ♦
♦ write an original oration on the ♦
♦ topic "Patriotism." The oration ♦
♦ shall not exceed ten minutes in ♦
♦ length, and be delivered at the ♦
♦ public meeting of the Society on ♦
♦ said occasion; and that four prizes ♦
♦ of \$25.00, \$15.00, \$10.00 and \$5.00 ♦
♦ be awarded to the contestants and ♦
♦ that \$50.00 be appropriated for ♦
♦ that purpose.

TRIBUTE TO PAUHAH AT THE MAUSOLEUM

Continuing their memorial service of last evening in honor of Herneke Pauha Bishop, the boys and girls of the Kanehahameha Schools, headed by the Royal Hawaiian Band, rode on the trolley cars this morning to the Mausoleum, where their benefactress is at rest. Upon their arrival there, Captain Nahola Hips, to the tune of the music of the band which was stationed at the gate, marched the school battalion in with, of course, the young ladies in the lead.
There were present at the mausoleum, besides the members of the faculty, a number of our well known people, among whom were Mr. and Mrs. C. M. Cooke, Theo. Richards, Rev. and Mrs. Lono, Hon. and Mrs. F. W. Beckley, Rev. W. K. Poul, Governor Cleveland, Hon. S. Kellinui, Senator David Kanuha, Mrs. Judge Frear, Miss Peabody, Mrs. Kinney, Mrs. Emma Nakulua, Richard Reuter, Sam Paulo, Mrs. Emma Defries and Principals P. L. Horne, Ida M. Pope and Miss Knapp.
When Captain Berger struck up the famous solemn tune of "Nearer, My God, to Thee," and the crowd stood bare-headed, the girls divided themselves and stood surrounding the grave of their chief. The boys stood at attention with their regimental color in the center while Chester G. Livingston, the musical director, approached and led the school children in singing "Pauha ke Ahi," a song dear to the hearts of Kanehahamehans. At the close of the singing six boys stepped forward and presented the bouquets of flowers to the girls, who scattered them appropriately over the grave. It was indeed a moment of silence, and nothing but the singing of the birds could be heard.
The school next, under the direction of Mr. Livingston, sang "Only Remember," and the echo which returned from the adjacent hills, brought many to tears. Following this the recitation of Scriptures by all was listened to and ended with the singing of "Pauha ke Ahi," under the direction of Miss S. Lillian Byington. The school will wind up the celebration of the day with a Hawaiian dinner this evening at the boys' dining room, the affair being strictly invitational.
The St. Francis lunched over to the Sorenson wharf this morning to discharge her cargo of coal.

H. Hackfeld & Co., Ltd., Tobacco Department

Normal Inspector H. M. Wells, who fell over a pall on Maui some time since and was very seriously injured, will arrive on the Claudine tomorrow. He will go to the Queen's hospital for treatment by Dr. Waterhouse. Strong hopes, it is stated, are entertained of his recovery, though whether or not he will be able to resume his duties as inspector on Maui, where much riding is necessary, is considered doubtful.
