PAN-PACIFIC PLAN FORMALLY STARTED

Committee Is Appointed To Bring Consuls To Honolulu

In accordance with a suggestion offered by Governor Carter a joint meeting of the trustees of the Chamber of Commerce and the directors of the Merchants Association was held yesterday afternoon to consider the matter of a Pan-Pacific Commercial Conference. The following were present: J. F. Morgan, H. P. Wood, J. R. Galt, E. I. Spalding, Mr. Lucas, A. Garvie, E. E. Paxton, A. Gartley Jr., E. H. Paris, E. H. Woodhouse.

The only action taken at the meeting was to appoint a committee of six who should work in conjunction with Governor Carter in an attempt to secure an authorization for a Consular Congress from the Secretary of State. The following members were appointed by J. F. Morgan, who was selected as chairman of the meeting: E. H. Paris and A. Gartley, Jr., for the Merchants Association; J. R. Galt, E. I. Spalding and E. E. Paxton, for the Chamber of Commerce.

According to the motion by which the committee was appointed the number is not limited and the increase when deemed necessary will be made by the committee itself.

The outlines of the plan were set forth by A. Gartley Jr., who made the original suggestion to Governor Carter. In his speech Mr. Gartley referred to the fact that a consular conference would show the necessity of fortifications on the Hawaiian Islands. He also touched on the new route which will be used by the American-Hawaiian vessels saying that this would make Honolulu an even more important port of call than she is at present.

Mr. Galt said: "Governor Carter stated that if the matter was taken up with the proper authorities in Washington and the plan considered a good one, an order would be issued and all the consuls at the cities bordering on the Pacific would be ordered here to meet."

"I believe that the plan is a very good one and move that the chairman appoint a committee of six to act in conjunction with Governor Carter, the committee to be constituted of three members each from the Chamber of Commerce and the Merchants Association. The committee also to have power to enlarge itself.

Ed. Paris seconded the motion and spoke strongly in favor of the project. The suggestion was offered that if there were very many men who came here the town would be swamped. Chairman Morgan said that he would like to see the town swamped.

LOPEZ RECAPTURED

Lopez, the Porto Rican who escaped from the penitentiary here some weeks ago, was recaptured last night at Waipahu by Deputy Sheriff Fernandez. The fugitive was hidden away in the mountains near that place and had armed himself with a revolver and a knife, although he did not attempt to use either when discovered by the police officer.

Speaking of Francisco Lopez, High Sheriff Henry says that the man presents a problem which he can not understand. In jail Lopez is peaceable and industrious and invariably succeeds in winning the confidence of his guards. Then he abuses that confidence by escaping at the first opportunity. "I am almost tempted to think," said the High Sheriff, "that the man tries to break back into jail sometimes, when he gets tired of staying outside."

"He was sentenced to a month in jail for some minor offense. Since then he has served six or seven years. At every opportunity he would break jail, and every break added to his sentence. He was down at Hilo at first, but he broke jail so many times that I brought him up here, thinking that perhaps they were a little too hard on him down there. I will admit that he won my confidence here. And then he broke jail again."

"He has only about two months more to serve, and I don't think I will have the sentence added to for this last break of his. I will put a boot on him and let him serve out his time, and then release him. But I'll try to see that he leaves the country when he is free again."

MANOA RESIDENCE BURNED TO GROUND

The new residence of P. W. Waldron, in Manoa, just about ready for occupancy, was burned to the ground last evening. The fire broke out about 9 o'clock, burning fiercely, the building being doomed before the firemen could arrive on the ground. There was no one in the house at the time, and the cause of the fire is so far unknown, although it is thought to have originated in the spontaneous combustion of oil-soaked rags and debris in the house.

The loss is nearly all covered by insurance with the Waterhouse Trust Company, a policy of \$10,000 being in force. Mr. Waldron has been insuring his place as it went up, having placed an additional \$2000 on it only last Monday.

But for the promptness of the fire department it is probable that the fire would have spread to other surrounding buildings, certainly to the buildings of Mr. Cathart, next door. It was a hard pull for the horses attached to the engine to get the three-ton machine up the Manoa hill, especially in view of the state of that road last night, heavy with the prevailing rain and roughened by the storms preceding.

JAPANESE LABORERS HERE

The Toyo Kisen Kaisha "Kusuhō Maru" arrived last night from Nagasaki, bringing 982 Japanese laborers from the Orient and 500 tons of freight. While the Japanese steamship company was able to keep the Japanese laborers from coming here on the French steamer Antral Hamelin, the Frenchman carried off the cream of the freight and left little for the Oriental.

The Kusuhō Maru was formerly the Russian hospital ship Orel and was captured at the time of the defeat of the Russian fleet in the Sea of Japan. She is magnificently equipped for the carrying of immigrants.

SHERMAN FOR COAST

The sailing of the transport Sherman yesterday afternoon was a gala affair, nearly every officer of the Army or Navy in this port being present, while the Honolulu band took the principal part in the festivities, giving a program which lasted for nearly two hours before the Sherman sailed.

On account of the shortage of coal in San Francisco the Sherman did not discharge her entire cargo but took enough to replenish her bunkers for the return trip on her arrival at San Francisco. No mail was taken by the transport, as it is expected that the Berie, due this afternoon, from the Orient will arrive before the army boat.

And you son arrived at years of discretion? "Oh, yes. He's about to be married." "How you contradict yourself!"—Cleveland Leader.
