Low prices at the New England Bakery.

The Seaside has plenty of surf boards, surf canoes, Canadian canoes etc., which are at the disposal of its guests. Remember that the best bathing and the best surf for board riding is directly in front of the Seaside.

There will be special cars leave the Moana hotel on the night of the Mardi Gras carnival as follows: 1:30, 2:30 and 3:30 in the morning. A charge, slightly in advance of the regular car fare will be made on these late cars.

The work on the tower for the harbor light at Nawiliwili, Kauai, is near completion. Consideration of other engineering that port appreciate the value it will be to them after their experiences during the recent storm on this island.

W. P. Noble, capitalist and mine owner of Salt Lake City will shortly arrive in Honolulu. Mr. Noble will bring his two daughters with him and remain during the winter. This will be the capitalists' second visit to the islands.

Word has been received that the remains of the 11-year-old Portuguese boy, Bennie Jardling, have been found in Redwood Canyon in Contra Costa County. He and a companion became separated, and the boy wandered around until exposure to the severe weather caused his death.

The Hawaii Shippo, in a stiff editorial, denounces the proposed citizen's clause in the new liquor bills now under discussion. Claims of unfairness to the Chinese and Japanese are made. That Chinese and Japanese cannot become citizens bars them completely from engaging in the liquor trade. Aliens of other nationalities may become citizens and escape the ban.

The advices received by Japanese Consul-General Saito state that twenty-eight of the Alameda Japanese have been refused a landing. The Consul thinks that such action on the part of the authorities at the coast city will have a tendency to retard rather than help the labor question on these islands, as the Japanese Government will put a stop to further emigration of laborers to either Hawaii or the Coast.

The Honolulu Iron Works, in following out their intentions as set forth in the Bulletin some weeks ago, again insist that their contract entered into with previous Hawaii Board of Supervisors, for \$12,000 worth of road machinery, and which same contract has been declared illegal by the present Board, shall be carried out to the letter. The machinery has been ordered and part of it is en route, and it will be delivered on arrival and payment demanded.

Five Points. That's right, five—there are others, but these are the important ones for you and your eyes: WHEN —you frown or squint in looking at an object; —your eyes show an intolerance of light; —they tire, ache, smart or water; —objects swim or become dim; —you have frequent headaches; These are a few of the points that point to the need of glasses, points that point to us. SOLDIERS MUST PAY FULL RATES. Omaha, Jan. 30.—The railroad companies have refused to grant any cut rate to the government for the transportation of the regiments of colored soldiers ordered to the Philippines.

This move on the part of the railroad companies seems to be in the shape of a "get even" scheme with the government on account of the rate bill passage and rebate investigation of late.

HARRIMAN BUYS FOREIGN COAL. Omaha, Jan. 30.—Coal from Australia is being imported for use on the Harriman railroad lines.

Such a proceeding will more than likely cause the removal of duty charges from Canadian coal. Another point may be considered as in favor of Honolulu. Pacific Mail freighters loaded with coal, en route from Australia to the Coast, will occasionally visit this port for one reason or another.

SLEET STORM CAUSES BIG DAMAGE. Portland, Jan. 30.—This district was visited by a severe sleet storm yesterday. The damage done to orchards, and to telephone, telegraph and electric light companies through the breaking down of their wires and poles, is estimated to be two hundred and fifty thousand dollars.

LOCOMOTIVE WORKS DESTROYED. Philadelphia, Jan. 30.—A fire at the works of the Baldwin Locomotive company yesterday did damage to the amount of one million dollars.

PILOT-BOAT WRECKED. Brisbane, Queensland, Jan. 30.—A pilot schooner was wrecked yesterday at Cooktown, seven of her crew being drowned.

ANOTHER COAL MINE HORROR. Charlestown, West Virginia, Jan. 30.—Eighty men were killed in an explosion at the Stuart coal mine yesterday.

JAPANESE TREAT TRAVELERS BADLY. Mrs. S. L. Burkholder and her mother have returned from a lengthy trip to Japan. They travelled extensively in the interior and along the coasts, taking hundreds of photographs of the beautiful scenery. They had a very enjoyable time altogether, though in many places they report that the conduct of the educated Japanese in the best hotels is not very much better and leaves a blot on the good conduct of the people in the past.—Manila Cable News, Jan. 4.

We Have Moved. You will find us on Hotel Street just opposite Union. We are down stairs because we want more visitors. As was, many customers would have climbed five flights of stairs to see our magnificent stock of books. As is, these will not be discomforted and the new store will be more convenient for the don't-care-to-climb-stairs customers. We cordially invite customers, whether they wish to buy or not. We want them to see what we have, so they can tell their friends. Standard books, rare editions, original manuscripts.

WORK PROGRESSING. (Continued from Page 1) are no heavy freshets, the construction of this middle section, which is to close up the gap now existing between the nearly completed side sections, will commence soon and will be pushed as fast as possible.

Besides the Nuuanu dam, the Department of Public Works is going ahead as fast as possible with the construction of the Kalihi sewer. Considerable has already been accomplished in the short time since work began. The date of completion, however, will, Mr. Howland states, depend largely on the promptitude with which material can be obtained from the Coast. The last shipment of pipe that arrived for the sewer contained much that was broken. When the next shipment will be here is a matter of conjecture. The work is at present being delayed by want of pipe, to some extent, but work along other lines in the construction of the sewer is progressing.

The Territory has acquired a right of way for the sewer through the Kalihi property of the Kapiolani Estate, so no delay will be experienced on this account. However, the construction of that part of the sewer which is to run through that property cannot commence until the pipe for it arrives from the Coast.

AUTO ORDINANCE. (Continued from Page 1) strictly with the letter of the ordinance, while others do neither.

The ordinance is being violated every day. The principal violations are against the section providing against persons under 17 years of age running autos. A number of young fellows under that age are running machines every day. Many of them are very good at it, I admit, but it is against the ordinance, nevertheless. Several of them are sons of very prominent men. The provision making it compulsory to undergo an examination and to take out a license is also being violated. I do not think that there are many violations of the section relating to speeding, but that section is so liberal that there would not be much reason for doing so.

TOMORROW LAST DAY FOR TAX RETURNS. Assessor Holt's Office A Busy Place Today. Tomorrow is the last day on which tax returns may be made. After 5 o'clock tomorrow afternoon, when the tax office closes, taxes will be delinquent, and those who are not satisfied with the assessments made against them will have no recourse to the Tax Appeal Court, if they have failed to make their returns.

As a consequence, there has been a pretty steady stream of callers at the office where Assessor Holt holds forth. There is no indication of what might be called a rush, but a large number of returns have been made during the day. Tomorrow those who always put such matters off to the last minute will probably be struggling to get in line and save themselves the penalty of delinquency.

MOSSMAN TAKES HIS TIME TO ANSWER. Harry C. Mossman, who is being sued for divorce by his wife, Lellani Mossman, only saved himself by 10 minutes from the liability of having a decree by default entered against him. Yesterday was the last day of the period in which, according to the Court's orders, the libellee could file his answer to the libel for divorce. Mossman put it off almost to the last possible minute, and then routed Clerk Scott out of bed at 11:50 o'clock last night to file his answer.

In the answer, Mossman denies all the allegations of the libellant, except those relating to the time of their marriage.

CHINESE RELIEF FUND. It has been pointed out by a man who spent a number of years in China that twenty-five cents will keep a Chinaman for three weeks. He cannot live in luxury on this but it will keep him from starving. It is this case every one that buys a ticket to the lecture on the lava flow at the Y. M. C. A. Thursday night will prolong the life of one of the sufferers three weeks. The lecture itself will be interesting, but this fact, combined with the good will for the Chinese should guarantee a large sale of tickets. Tickets are on sale at a number of places and all are urged to take some part in the good work.

MANILA EXPECTS THE PRESIDENT. Manila is somewhat exercised over the half-promised visit of President Roosevelt to that city.

There is no definite statement to the effect that Mr. Roosevelt will make the visit to the Philippines, says Commissioner W. Morgan Shuster, now in the Philippines, has the following to say regarding it: "There is nothing better I could wish for than to have President Roosevelt come to the Philippines and see for himself what so many people have been telling him. The advantage of such a visit to the Philippines cannot be overestimated. From political and commercial standpoints it would be the very best thing that could happen to the Philippines. I sincerely hope the reports are true and that he will make the voyage."

KENNEL CLUB MEET. The Hawaiian Kennel Club held its annual meeting at the Young Hotel last night. Quite a number of members were present.

F. A. Metcalfe and J. Freile were elected members of the club, and the applications of Sam Woods and Sam Chillingworth for membership were received and will be acted upon at the next meeting of the club.

The election of officers for the ensuing year resulted as follows: President, D. Paul R. Isenberg; vice president, W. Henry; secretary, Clarence Crabbe; treasurer, J. Littlejohn; directors, Messrs. Angus, Hustace, Littlejohn and Rowat.

The Club will put forth every endeavor to assist in the prosecution of any person who poisons a dog.

A lengthy talk was made on dogs in general and then the club adjourned.

MARU FUMIGATED. The America Maru was taken to the Quarantine wharf last night, where she was fumigated, whereafter she was taken over to the Hackfeld wharf. No one from her has been allowed ashore except the captain, steward and purser. The cabin passengers were allowed to promenade on the wharf, but no further. The boat sails at 4 p. m. for the Coast.

CATINAT'S OFFICERS CALL ON GOVERNOR. Marseillaise Played By Band In Honor Of Visitors. An official call was made on Governor Carter this morning by Captain Hautefeuille and Lieutenant G. Geynet of the French cruiser Catinat. The band was on hand to serenade them, and Captain Berger, a veteran of the Franco-Prussian war, led his men in rendering the Marseillaise when the French officers appeared at the Palace grounds entrance. Most of the other ships played, however, were from German ports.

The cards of the two visitors bear respectively the following: P. Hautefeuille, capitaine de vaisseau, commandant la division navale francaise de l'Ocean Pacifique; and G. Geynet, lieutenant de vaisseau, adjudant de la division navale de Pacifique.

Governor Carter was not in when the officers first arrived, and it was suggested that Secretary Atkinson impersonate Governor Carter. It appeared, however, that the visitors were acquainted with the Governor, so the scheme wouldn't work.

Captain Hautefeuille and Lt. Geynet remained with the Governor for about a quarter of an hour. Governor Carter begged to be excused from returning the call on account of much important business.

GRAND JURY IS INVESTIGATING. The Grand Jury was in session this morning and the corridor was full of witnesses who were wanted to testify. Most of them were Japanese, the two matters which it is understood are being considered both concerning Japanese who are alleged to have violated the law.

One of the subjects of investigation is that of the killing of a Japanese at Aiea recently. It is expected that an indictment will be returned against Moramura, the man who is accused of the deed and who is said to have confessed.

It is understood that the Uchida matter will also be investigated. Uchida is the Japanese doctor who is accused of having harbored a leper without reporting the matter to the Board of Health. The leper afterward got away to Japan, according to statements made at the time.

Uchida has accused the Hawaiian Japanese Chronicle of libel, and this matter may also come before the Grand Jury.

BAD WHISKY MAN, EDWARD KUNST. MUST STAY IN JAIL. Edward Kunst, who was convicted some time ago of using the mails for fraudulent purposes and who was sentenced to imprisonment and to pay a fine, today applied to the United States Commissioner to be allowed to take the poor convict's oath. He failed, however, to convince the Commissioner that he was possessed of less than \$20 worth of property and was remanded to the custody of the Sheriff.

Kunst is the man who advertised that he would, for a consideration, demonstrate how five gallons of whiskey could be made for 30 cents.
