Fleet Suggestions

Fleet suggestions are being thick and fast and the great number of them are good ones thought out by members of the various committees and presented to the Bulletin in order to get the temper of public opinion on the subject.

Chairman Waldron of the Entertainment Committee had a happy thought yesterday when promoters of the Kennel club show went to him to get the Fishmarket for their exhibition. Waldron does not feel that the dog show would fill the Fishmarket and it occurred to him that if the Kennel Club had one corner of the place, that organization would be a good one to conduct a general boxing tournament in the Fishmarket building.

The men of the Fleet are very keen on the boxing tournament. They like it and the officers do not hold them back. The Fishmarket would make a splendid amphitheater and being close to the waterfront would be especially handy for the men. A great crowd could be accommodated by erecting a grandstand, and a small entrance fee should be charged, the disposition of the funds to be left entirely to the judgment of the men of the Fleet.

One of the men who has a new idea daily but is backward in putting it forward suggested that school girls dressed in white should be placed on the slopes of Punchbowl so as to frame the word "Welcome" on the Fleet grounds Diamond Head and comes off the harbor. If the Fleet arrived in the early forenoon this would be quite feasible as the hundreds of young girls would be glad to have the excuse for going up on the hill to see the Fleet come in.

"The Fleet will arrive here on Thursday the 16th," said a man this morning. "Now I suggest that a part of the Monday following be set apart for the Japanese to do what they please. Make the day a general holiday on the plantations of this island. Let's put the railway to give half fare—Fleet."

which it will certainly do—and thus the people from the outside districts on this island will have almost three days in which to participate in the Fleet celebration. They can come in late Saturday, and have Sunday and Monday in town. Some of the suggestions suggest making Saturday the plantation holiday.

"For the outside islands I hope the inter-island company will make special rates, even lower than half rates. The transportation line can afford it. Then the Mauna Kea's trip should be arranged so that she will get into Honolulu on Friday morning of the 21st. Another steamer could take the mail. Now that the islands have a fine steamer that can carry the people I think she ought to be run back and forth between the islands as speedily as she can make the round trips. If a man cannot come to spend the whole week during the Fleet stay, he can take a day or two the first or the last of its stay.

"The Kaula run could be taken care of by the Kinau. I certainly hope that the main transportation companies will conduct their lines on a schedule and at a rate that will enable the people to come to the city, see the Fleet and do it at a very reasonable rate."

The committee on clubs and fraternal organizations meets at 4 o'clock this afternoon in the Stock Exchange rooms.

"What's the matter with having a yacht race of our own while the Fleet is in port," said Fred Macfarlane. "Can't you imagine what a send-off the boats would get from the men on the ships when they started out on a reception on their return. They Thursday the 16th," said a man this morning. "Now I suggest that a part of the Monday following be set apart for the Japanese to do what they please. Make the day a general holiday on the plantations of this island. Let's put the railway to give half fare—Fleet."

CAPITAL FROM JAPAN

(Continued from Page 1) apples raised by the Japanese will be canned by the Wahiawa Pineapple Company.

The Ioshima brothers have planted 50,000 pineapples in Wahiawa and they are extending their farm by securing more lands. Among the well-known Japanese who are interested in the cultivation of pineapples are S. Ozaki, Dr. Hasegawa of Waiakua, Nakashima, Tanimoto, Teshima and Ota.

Recently Dr. Hasegawa formed a partnership which is said to be backed up by a large financial institution in Japan. Dr. Hasegawa could not be reached today, but from reliable sources it was learned that he is contemplating purchasing large tracts of land in Wahiawa or in that neighborhood.

S. Ozaki, a well-known merchant, is enthusiastic over the prospects of the pineapple business. He says that the Hawaiian pine is one of the best in the world. He has high regard for Mr. Dole of Wahiawa and all the Japanese there have no complaint to make against him.

Among the prominent Japanese who went to Wahiawa as guests of Mr. Ozaki some time ago was Y. Akai, manager of the Yokohama Specie Bank. Since then it was rumored that the Specie Bank would advance money for the erection of a pineapple factory and for leasing or purchasing more lands. Akai, however, when interviewed, denied the truth of the story. One thing, however, is certain—the Japanese at Wahiawa are actively engaged in the cultivation of pineapples.

PHYSICIANS WILL

(Continued from Page 1) would be nothing done by the calling physician. He would simply examine a child who seemed to have something the matter, and then make out a little card which would be sent to the parents, with a request that medical attendance be sought in the matter. The visiting physician would not treat the children; simply make a report to the parents.

Ear, eye, nose, throat, chronic, and organic troubles would be given the greatest attention. It so often happens that a child in school is reproved for being backward, when if the truth were known it is on account of some trifling ailment physically that could be easily remedied that the pupil does not seem to give the right attention to work. This fact has been proven so many times that no specific examples are needed.

Test cards for the eye may be given to the children so that they may in a measure determine whether or not a child is suffering from affliction of these organs. This system is in use in Boston and other Massachusetts schools.

BULLETIN ADB. PAY

have come forward with their certificates than had been expected.

The local stock market is still strong, with plenty of orders to buy coming in to the brokers. All the stocks held their own at the session this morning, and some of them made a small advance. Among these were Olan, some sales of which were recorded at 4 1/4. Pioneer which sold at \$122, while the last sale was \$130, and the Brewery, which came back to \$20.

Vapo-Resolene

(Established 1879)
An Inhalation for
Whooping-Cough, Croup, Bronchitis, Coughs, Diphtheria, Catarrh.
Croup is a Boon to Asthmatics.
Does it not seem more effective to breathe in a remedy for disease of the breathing organs than to take the remedy into the stomach?
Vapo-Resolene comes because the air, rendered strongly antiseptic, is carried over the diseased surface with every breath, giving prompt and constant treatment. It is invaluable to mothers with small children.
Those of a Consumption Tendency will find immediate relief from Croup or Inflamed Condition of the Throat.
ALL DRUGGISTS.
Send postal for descriptive Booklet.
