TANGIER, Morocco, Aug. 22.—The forces of the Sultan, who had been encamped around the walls of Fez, besieging the army of Mulai Hafid, the Usurper, were attacked in a sortie today, a general engagement being brought on. The Sultan's troops were defeated and the Sultan himself narrowly escaped capture. He is now being hotly pursued by the victorious horsemen of his half-brother.

DOINGS OF THE SUPREME COURT HAS FOURTEENTH CHILD

The case of the Bishop Trust Company vs. the Oahu Sugar Company was heard before the Supreme Court for hearing before the Supreme Court. In the matter of the taxation of costs in the Lahaialuna case, in which the trustees have taken an appeal, it was set for a hearing on Thursday of this week. A motion by the Attorney General to dismiss the appeal of the Hilo Fruit Company was withdrawn in open court this morning. Jimmie Thompson's suit will be submitted on briefs, and without argument probably.

WARM PRIMARIES

(Continued from Page 1)

scores which the leaders of that precinct wish to settle. Solomon Mailelona, who is one of Jack Lucas' strongest supporters, will stand against Eli Crawford, who favors Lane, and Alapai, the stable-boss, who is a Huijace man, the two latter having combined against Mailelona, though this fact is supposed to be a secret.

In the Twelfth, Bernard Kelekolio, who would fain get a nomination for the House, will be opposed by Willie Crawford and Charlie Clark, of whom the former is also a candidate for the House. Clark, who was until recently supposed to be a candidate for Representative, is said to have decided not to run, as he now has employment which is more congenial to him than that in legislative halls.

In the Ninth and the Eighth there is some apprehension lest the followers of Achi who still grace the Republican rolls make some trouble. Kahuaha and Fred Beckley being opposed in the latter precinct to Abraham Kekoa, the Achi man. In the Eleventh efforts are being made to have just one slate, this to be effected through a compromise, while in the Tenth it is expected that Kaloepu will be able to head the ticket without opposition.

In the Pearl City precinct trouble is threatening. George Nawaakoa, who was a short time ago deposed as Road Supervisor, being in the ring against Archer, who will name one slate. Nawaakoa is opposed to Huijace.

There has been much speculation as to who would run for Supervisor. Cox of Waiwala will run again, but it is not so certain that Dwight will do so. Among the new men who are in the battle for these honors, are Bill Aylett, the veteran bandboy and hackman, who some years ago was a member of the House; Nakapahu, Lane's Puna representative; A. K. Vierra, the baseball man; and Jim Quinn. S. P. Maileluna, the foreman on the Oceanic wharf, is also said to have aspirations.

Ex-Representative Correa announced yesterday at a political luncheon at Kalihii Camp that he would again be a candidate for the House.

A baby boy was born yesterday morning to the wife of Supervisor Joseph James Fern. This makes the fourteenth child in the family of the well-known Supervisor, and Joe is kept busy today receiving the congratulations of his friends. It is a strange coincidence that Fern was himself the fourteenth child in his family.

MISUNDERSTANDING IN DREDGING CONTRACT

Through a disagreement as to the terms of the dredging contract for the harbor work, legal complications may soon hedge about E. J. Lord, the contractor. He has been dumping the debris from the work where it was not wanted by the U. S. engineers, and was notified to stop by Engineer Burbank. He stopped for a while but recently resumed, and now it is thought possible that he might, if such a thing should be thought necessary anywhere along the line, be arrested under the Rivers and Harbors act of March 3rd, 1899, by which U. S. Engineers and their assistants are made arresting officers, and it is specified that such work as it being done shall go forward with the approval of these engineers.

It has been mentioned that Lord may be arrested because he has "made himself objectionable." Under the Act, this would warrant no more than a discharge.

TARIFF CONFERENCE

(Continued from Page 1) various matters of importance which are slated to be brought up. Governor Freer and Delegate Kanihinaho have been working together with a view towards getting the public opinion on this matter, as they feel that it is something in which every citizen and well-wisher of the Islands should be vitally interested. With this in mind, and so that the matter could be settled before the special session of Congress, invitations have been issued to all the organizations and business firms to have a representative present tonight at the meeting.

NEW PARK COMMISSIONERS.

Gerritt Wilder and George P. Castle have been appointed Park Commissioners to take the places of L. A. Thurston and E. A. McInerney, resigned.

Post Office Inspector Hare showed up this morning at the Judiciary building. He has been making a tour of Maui, and it has been rumored that he has been investigating an alleged robbery of the United States mails. However, when asked about it this morning, he stated that there was no robbery. The mail sacks, however, had been damaged, by what he did not say.

WATERFRONT NOTES

With only six tons of freight for this port, but with a larger list of passengers than usual, the P. M. S. S. China, Captain Friele, arrived this morning from San Francisco en route to the Orient. She is taking on 64 tons of coal here, so she will not get away from her dock before 6 o'clock this evening. The China had an uneventful run down here, finding smooth weather all the way from the Coast. She brought 174 bags of mail, representing an accumulation of four days. In her hold, the China carries 500 submarine mines for Manila harbor. They are good mines, minus the vita explosive. The China has at one time and another carried the mine with the explosive in them, but this was not done with so large a shipment, which would have been sufficient to blow up Oahu if the gunboat had been left in the cases.

The Asia was in the harbor at Hongkong when the typhoon which did so much damage along the China coast struck that place. Pursuer Thor, describes it graphically. It was a circular wind, travelling at the rate of 40 miles an hour. The Asia was unharmed, but the Persia went on the mud flats. She was uninjured, as was the Mongolia, the only damage sustained by the big vessel being to the gangway, which was smashed by a vessel loose from its moorings.

The A. H. S. S. Mexican departed yesterday afternoon for Hilo to discharge the remainder of her cargo. She will land the rails and other equipment for the five miles of additional track which the Hilo railroad is putting in to aid in the construction of the Hilo breakwater. The steamship Arizona departed for Kahului to discharge freight and take on sugar.

THE FLAURENCE WARD, which got in late Saturday afternoon from Midway, after a slow trip, encountered rather calm weather all the way here in place of storms as was feared. She made a passage of over a month.

EIGHTEEN Gilbert Islanders who had been victims of a "blackbirding" expedition in Guatemala, passed through on the Aorangi, being sent home by the British government.

THE ASTRAL is overdue at Delaware Breakwater, and nothing has been heard of her since she left here last April in company with the Atlas and the Edward Sewall, both of which have been in port some time.

THE ASIA sighted in 32.56 degrees north and 163-25 east, on her last trip from the Orient, the wreck of a Japanese schooner, the Kimo Moto Maru 110 tons gross, owned by Mitsubishi Goshi Kaisha.

THE P. M. S. S. Asta arrived in port late Saturday afternoon and went on yesterday. She had a fine cargo of silk amounting to 25,000 bales, worth \$2,500,000.

THE KE AU HOU for Kaula and the Helene for Hawaii are inter-island sailings this afternoon, both leaving at 5 o'clock.

THE MIKAHALA'S freight list included 1 horse, 1 cow, 1 dog, 16 head cattle, 98 pigs, 94 bales wool, 11 boxes chickens.

EDWARD SKEHAN died on board the Aorangi while she was in port here this trip. He was a consumptive.

HALF A DOZEN Honolulu people went down to Hilo on the Lurline yesterday, sailing at 2 o'clock.

THE W. G. HALL'S freight list included 2021 bags sugar, 2000 bags rice, 100 bags coconuts.

THE KINAU will bring as cargo 410 bags of sugar from Kaula.

THE KE AU HOU brought 1000 bags sugar.

THE LURLINE brought spuds for the fleet.

He will also make a study of the cane parasites, and the opinion is expressed by a local authority that this research will result in much profit, probably, to cane-growers in the long run.
