

Once there was a Man who Meant Well and Tried Hard. He had a Large Family and a Small Income, and his Wife had a very Expensive Disease called Social Aspirations.

His Firm wanted to Promote him, but his Glum Visage had a Depressing Effect upon Customers, and they couldn't Afford to do it. He was Soggy and Heavy-Eyed after lunch, and the Funeral Advertisement beneath his Bonnet gave People the Woolies.

The Doctor said, "Incipient Dyspepsia. Ten Dollars." The Man said, "What's the Use?"

The Firm said nothing; they sent him a Christmas Present. It was a Case of bottled Primo Beer, marked "A Glass with Meals."

Next month he got his Promotion.

Moral: If your Internal Anatomy is Disturbed, try a Glass of Primo Beer with your Meals.

SPORTS

WATER CARNIVAL GRAND EVENT IS PLANNED BY CLUB DAY AND NIGHT SPORTS ON THE LAGOON

Italian Fete Will Enliven Things Early Next Month—Spectacular Features Will Rival Those of Famous Carnivals of Old World—Electricity

A most original and unique fete will be held at Waikiki on November 7, when the Outrigger Canoe Club will give a canoeing and surf-boarding carnival. The sports will take place in the lagoon between the Seaside and Moana Hotels, and will be of exceptional interest.

The function will in reality be an old-world carnival transplanted to the South Seas and given with new-world trimmings. With the gorgeous Honolulu night to work in, the arrangements committee will be able to provide an entertainment which, for beauty and originality, will far surpass the first part of the program, which will be held during the afternoon.

Among the most spectacular events will be the races, during the evening hours, of canoes outlined with electric lights. A storage battery will be placed in the bow of each craft and the water will have the appearance of a magic stream washing the shores of a fairy island.

Surfbords will also be equipped with storage batteries and will be sent flying through the dashing breakers like streaks of liquid fire.

During the evening a catamaran will be anchored off the beach and fireworks will be sent up for the benefit of the watchers on the shore. In many particulars the event will resemble the famous Italian fete, held annually at Lucerne, but features will be introduced here which would be out of the question at the Swiss spa.

In addition to the surf-boarding and canoe racing contests—some of them for the men and some for the boys—there will be a luau, dances, and other amusements. There will be lots in plenty a kahuna will tell the fortunes of those who are reckless enough to peer into the future, and there will be canoe rides on the lake for those who may not care to take part in the races.

Admission to the grounds of the club will be free, but a charge of 50 cents will be made for tickets to the dances at the Seaside and Moana Hotels. Tickets are on sale at the Bergstrom Music Company's store and at Wall, Nichols Co.

The list of patronesses for the event will be announced later.

REILLY AND SMITH YET MAY MEET HERE

That there will be a match between Charles Reilly and Frankie Smith in this city early in December seems tolerably certain. The boys have been offered a purse of \$400 and their steamship fares to come back about that time and Smith has accepted. Reilly has also agreed to come unless he finds some big money waiting for him on the Coast.

Reilly, Smith, and Joe Leahy will sail today on the Alameda for the mainland. Local fans will be sorry to see the lads depart, but the knowledge that they are likely to return in the very near future will be some balm to their feelings. There is no doubt but that a match between Reilly and Smith would prove a great drawing card here.

WILL BOOST TENNIS

Stanford University, Calif., Oct. 14.—Tennis enthusiasts are going to make a great effort to put their favorite pastime on a firm footing this year with the idea of developing the game here so that better showings will be made in future, intercollegiate contests with the University of California. The members of the tennis club plan to hold several tournaments during the year and to have San Francisco cracks visit the campus quite often. The club membership is to be increased and it is planned to have new courts constructed.

DEATH BLOW TO RACING

Lexington, Ky., Oct. 15.—What is regarded by a majority of racing men as the death blow to racing in Kentucky, if the courts uphold the action, was struck yesterday afternoon by the State Racing Commission when it adopted a resolution refusing to interfere with the system of betting in force. Paria mutual system which is in vogue is a failure as far as yielding the tracks revenue.

Abe Attell is out with a challenge to take on Battling Nelson in a twenty-five-round bout and if he survives that meeting is willing to take Owen Moran on in a fight to a finish—that is forty-five rounds.

CHINESE PRINCE SOON TO ARRIVE

Local Chinese Make Great Preparations For Reception

His Royal Highness Prince Thai Shou of the Chinese Government, Special Envoy to the President of the United States, will arrive in the Mongolia November 13th, official news to this effect having been received by the Chinese Consul here. The Prince will be accompanied by Chung Mun Yew, the new Chinese Minister to Washington. Included in the royal suite are nineteen secretaries and one interpreter and fifteen students who will enter American colleges. Some of them will go to England to enter English universities.

Prince Thai Shou is the second son of Prince Chin, one of the nearest relatives of the Emperor. The Prince goes to Washington to personally give the Imperial Chinese thanks to President Roosevelt for the kindly act in rescinding the indemnity assessed on the Chinese Government. At Washington the Prince, together with the new Chinese Minister, will be presented to the President by Minister Wu.

Local Chinese are arranging for an elaborate reception to be tendered the Royal party. At the wharf the distinguished guests will be met by Chinese Consul and staff and the Chinese committee, consisting of G. Kim Pook, C. K. Ai, Yee Chin, Chang Sai, and Tong Kau.

Aside from the official reception to be given either at the Chinese Consulate or at the Young Hotel, the Prince and his suite will be entertained at the Chinese United Society on King street, where light refreshments will be served. At the Chinese Consulate the royal party will be dined. After that the guests will be taken to points of interest. It is not yet known whether the National Guard of Hawaii and the band will be ordered out to receive the Prince. At any rate, those in charge of his reception are doing their best to extend a royal welcome to the guest.

MEDICAL REPORT FROM KAUAI SCHOOL

Superintendent of Public Instruction Babbitt has received the report of an inspection of the Waimea, Kauai, school. Over three hundred pupils were examined there by the government physician, Dr. Sandow, and the following report is made by Principal Pauline Onsted. Out of the three hundred, 10 were suffering with conjunctivitis, one with catarrh of the nose and ears, 5 with catarrh of the ears, one with swollen glands, 4 with sores on the legs, 45 were vaccinated, and 13 were re-vaccinated.

There is hardly a day passes that some new illustration of the need of medical inspection in the schools is brought to the attention of Mr. Babbitt. As yet only a few of the schools have been given a thorough examination, but the government physicians are getting into their work now and reports are expected to come in right along.

TRANSPORT DIX STOPS FOR COAL

Bound from Seattle for Manila with a cargo of miscellaneous supplies, the U. S. Army transport Dix arrived this morning shortly after 7 o'clock. The Dix called in for coal and will take on 600 tons before continuing on her way. Lieut. Rufus B. Clark of the Third U. S. Infantry is transport quartermaster in charge of the Dix, while the Dix carries freight only, no troops ever being sent to the Philippines on her.

The cargo of the Dix this trip consists largely of forage for army stock in the Philippines. The other supplies are of a general character, no ammunition being carried. The Dix made the trip from Seattle here in nine days, encountering pleasant weather all of the way. Coaling will begin at once and the ship will probably leave for Manila some time Friday afternoon.

The haughty heiress was in a rage. "Leave my presence," she stormed, "or I shall make you quail." The impetuous nobleman smiled. "I'm not particular about the quail, miss," he remarked, "I'd be satisfied with a ham sandwich."

BUCHLEY PERFORMS WONDERS ON VIOLIN

Excellent Program Well Rendered Pleases Audience

A large and representative audience turned out last evening to hear the Buchley violin recital at Chas. R. Bishop Hall, Punahou, and the entertainment proved to be one of the most delightful local events that have taken place for many seasons. Mr. Buchley demonstrated fully that he is an artist of brilliant technique and depth of tone.

Of the numbers the Polonaise was given with brilliancy and dash, although the player suffered a little in the beginning with nervousness, which entirely disappeared as the number progressed, and he finished in a manner which captured the audience completely.

The Wienlawsky Legende was rendered with a throbbing tone throughout the haunting melody, while the middle movement was broad and noble.

Of the other Wienlawski numbers the Romance was perhaps the most pleasing, the beautiful melody in the accompaniment being brought out to its full depth of meaning by Mrs. Peck, who has never shown to better advantage than in this number. The last four numbers were striking, in contrast, and showed fully the versatility of the artist.

The Schuman Traumerel fairly held the audience spellbound, while the plaintive melody breathed through the hall and showed the power of the violinist in drawing a pure, plaintive tone. Equally pleasing, although of a different character, was the canonetta which was given with a delicacy which was exquisite in its simplicity.

The Musin Mazurka was given with a vim and dash that was convincing although it was noticeable that one of the strings was beginning to fray.

The Hungarian Dance was played with a fire and abandon that reminded one of the vivacity of the Slavonic musicians.

Mrs. Maekall was never heard to better advantage and shared the honors of the evening. Her List number, although perhaps not so well understood by many of the audience as her later more popular selections, was given with a dramatic power that was enthralling. Her three Liszt songs delighted the audience and the Goleto of Arditti carried the honors by storm. She was forced to respond to an encore, which she did graciously by singing Gounod's Serenade with violin obligato.

Mrs. Peck was, as always, perfect as an accompanist and the difficulty of the numbers brought out her swinging and sympathetic touch to its fullest extent. Following was the program:

- 1. Polonaise... Vieuxtemps
Mr. Rudolf J. Buchly.
2. Die Lorelei... Liszt
Mrs. Bruce McV. Maekall.
3. Legende... Wienlawski
Mr. Rudolf J. Buchly.
4. Nymphs and Shepherds... Purcell
Morning Hymn... Henschel
The Skylark... Tracy
Mrs. Bruce McV. Maekall.
5. Danse... Souvenir de Posen;
Polish Dance... Wienlawski
Mr. Rudolf J. Buchly.
6. Bolero... Arditti
Mrs. Bruce McV. Maekall.
7. Traumerel... Schuman
Canonetta... d'Ambrosio
Mazurka de Concert... Musin
Hungarian Dance... Brahms
Mr. Rudolf J. Buchly.

COWBOYS WANT LAND FOR HOMES

Three To Five Acres Asked By Men On Hawaii

Over in Ka-u, Hawaii, near the Waialua district, there are a lot of Hawaiians who are not afraid to settle down on government land with the prospect of losing it if they do not abide by a five or ten-year residence agreement. A number of these have made application to Land Commissioner Pratt for small tracts of land on which they can build their homes and live for the rest of their lives. There are about twenty applicants for land here, and from calculations prepared in the Land Commissioner's office, they will be given anywhere from 20 to 50 acres each.

Cowboys at Waimea, Hawaii, have also made application for small tracts of land on which they can build homes and keep a small garden. There are twenty or thirty of these wild horse-back riders who want a small plot of ground of from three to five acres, and this matter will be taken up immediately by the Land Commissioner. Mr. Pratt thinks that this Hawaii mountain land contains some of the finest sports in the Territory.

"KAM" TRI-COLOR TEAMS PLAY

Two of the three Kamehameha School teams, the Blues and the Reds, crossed bats on the School campus yesterday afternoon while members of the third team, the Whites, sat around as highly interested spectators.

The game was a very interesting one throughout, both players and spectators having in thought the looked-for luau which President Hornig will give the visitors. The Blues won out in the last inning by hard batting. Following is the score:

Blues... 1234567
Reds... 0102012-6
Whites... 0210011-5

Umpire: Rev. Mr. Hopwood.

Following is the standing of the teams to date:

P. W. L.
Blues... 5 2 3
Whites... 5 1 4
Blues... 5 2 3

EQUINES

J. W. Shirk is planning to drive an Auburn from Los Angeles to the City of Mexico. He is anxious to secure information regarding the condition of the roads, and the route which it would be best to take. He will be accompanied by two mining men, and says he will make the attempt if there is so much as a wagon road over which to travel.

The Freshmen football squad of the University of California was reduced when Trainer Voltz had six "babies" turn in their suits for violation of the training rules. The men attended a sorority dance in San Francisco and did not get home before 10:30 o'clock, the hour set for bedtime.

Alexander Lundquist will henceforth have charge of the Yacht Club's squadron at Pearl Harbor. Some time ago it was announced that a competent man would be placed in charge of the craft and Lundquist was the man chosen.
