BASEBALL JUNIOR LEAGUE WILL AGAIN TEST SKILL

SUNDAY'S GAME PROMISES TO BE A HUMMER

Bulletins and Giants Are Now Tied for First Place and Youthful Players Are Deadly in Earnest—High Teams Meet Sunday Week

Sunday next the Pauoas will meet the Eagles and the Giants will cross bats with the Bulletins in the struggle for the Junior League championship. The Bulletins and Giants are now tied for first place, each team having a perfect score, and there will be some lively excitement when the game is called.

The youngsters are playing some pretty baseball and their games are attracting more than one grown-up fan. Whatever shortcomings the members of the Junior League may have, they are not lacking in enthusiasm, and the little fellows are setting an example in regard to practice that some of the older teams might do well to emulate.

On the Sunday following Christmas will come the great struggle between the Bulletins and Giants. Unless the unexpected happens, and the standing of the teams is radically upset by the double-header of next Sunday, the game the following week will be the great test of supremacy between the top-liners.

The schedule of games in the Junior League for the rest of the series is as follows:

- Dec. 20—Pauoa vs. Eagles; Ala Moana vs. Bulletin.
Dec. 27—Giants vs. Bulletin; Ala Moana vs. Eagles.
Jan. 3—Pauoa vs. Ala Moana; Giants vs. Eagles.
Jan. 10—Eagles vs. Bulletin; Pauoa vs. Giants.
Jan. 17—Ala Moana vs. Giants; Pauoa vs. Bulletin.
Jan. 24—Pauoa vs. Eagles; Ala Moana vs. Bulletin.
Jan. 31—Giants vs. Bulletin; Ala Moana vs. Eagles.
Feb. 7—Pauoa vs. Ala Moana; Giants vs. Eagles.

EX-CHAMPION WILL BE A COAL-HEAVER

NEW YORK, N. Y., Dec. 3.—Young Corbett, formerly champion pugilist and conqueror of "Terrible Terry" McGovern, made his debut as a stoker aboard the steamship Creole yesterday, when he sailed on that vessel for New Orleans, where he is to fight a 12-round battle with Phil Brock Dec. 12.

"What I want is good, hard work, and plenty of it," announced Corbett. "I am certain that I can come back and want to be in the pink of condition when I meet Brock, so that I will be able to show the public that I am still something of a fighter."

Al Lippe, his manager, agreed with him. Consequently, just before the pair boarded the vessel, Al bought a coal shovel and a suit of overalls.

ORVAL OVERALL WANTS HIS SALARY RAISED

CHICAGO, Ill., Dec. 3.—Pitcher Overall of the Cubs had a two-hour star chamber session with President Murphy yesterday during which a disagreement arose over Orvie's salary clause in next year's contract. The big pitcher refused to sign at terms quoted.

Overall intends to remain in the city until Jan. 1, and possibly the difference between the player and the club owner will be adjusted before he leaves for his home in California.

Negotiations between Murphy and Overall were not unpleasant at any time during their conference, but a difference of a few hundred dollars was still between them when they adjourned the meeting.

When a car is in motion there is considerable wear upon the top and bottom halves of the link bolts, and sometimes they may wear down to less than half their original diameter. Considerable may be done to remedy this condition, especially if the bolts are regularly oiled around the links, and the eye at both ends of the spring.

SPOUTS BY THE SPORTING EDITOR

Whether or not the Inter-Island Steam Navigation Company runs the Mauna Kea to Hilo for the New Year's race meet will depend entirely on how fast the bookings come in. When the special excursion rate of \$15 to Hilo and return was announced for New Year's, it was supposed that there would be a general rush to take advantage of the opportunity. As the regular round trip fare is \$25, the reduction made for the special excursion is quite a liberal one. Though the race meet at Hilo should prove a big attraction to lovers of horse flesh, there has been but little activity shown in booking, and there is some danger that the special excursion may not be made after all. When once the company has made arrangements to run the Mauna Kea on the excursion, it will have to do so whether there are any passengers or not, for the ship is a mail steamer and the postoffice authorities have something to say in the matter. Those who want to go to Hilo and back for \$15 had better make haste and communicate with the offices of the steamship company.

If some enterprising sportsman wants to furnish a little entertainment for the world-at-large, he might make arrangements to charter a few Japanese sampans and fix up a sampan regatta. Under the skilled handling of the Mikado's subjects, the sampans seem to be capable of making pretty good speed. If about ten of the boats were to race over, say, a five-mile course, without sails but propelled by sweeps, the contest would certainly furnish plenty of amusement, for the man on shore. The manner in which the stocky Japanese boatmen drive their craft through the water when wind there is none, must commend itself to the admiration of any man who likes to see people work. That propelling a sampan would be good training for a fighter who wishes to develop his wind there can be no doubt. About six weeks on the sampan should act as a sovereign anti-fat remedy. On the whole, the S. E. believes that he can recommend the sampan to all muscle-grinders who are tired of stereotyped stunts.

PROBABLY IN NO OTHER PART OF THE UNITED STATES DOES THE GAME OF BASEBALL HOLD UNDISPUTED ASY AS IT DOES IN THIS TERRITORY, AND IN HONOLULU PARTICULARLY.

To be sure, every small boy born under the Stars and Stripes learns to handle ball and glove just about as soon as he can walk, but his efforts are usually confined to playing one-o'-cat in some vacant lot. When a nine is organized, it is rarely affiliated with any other organization, and games are played just about when his majesty the sovereign American youngster feels the spirit move within him. There are usually several leagues of greater or lesser importance in the larger cities, but their seasons are brief and, except in the case of professional players, it would be a difficult matter to keep the members up to the mark through a very long series. Certainly Young America in Honolulu is putting the mainland-born variety to shame as far as the great American game of baseball is concerned.

MADDEEN SHIPS HIS RACERS TO EUROPE

LEXINGTON, Ky., Dec. 1.—John E. Madden today shipped twenty-five of the choicest-bred mares at his Hamburg place here to New York and from there they will go to France, where Mr. Madden will establish a breeding plant for thoroughbreds. With the mares will go the noted sire Imp. Ogden.

Several mares to go are by Imp. Sandringham, brother to King Edward's two great sires, Persimmon and Diamond Jubilee.

Next week Mr. Madden will send Sir Martin and Fayette, his two great money-winners of the past season, to England to race.

PROGRAM FOR RACE MEET WILL ATTRACT HORSEMEN

Hawaiian-Bred Stock Will Be Well Represented—One Jumper Comes from Mainland for Hurdle Races. Japanese Ponies Being Trained

Reports from Hilo indicate that preparations for the big race meet on Jan. 1 and 2 are progressing smoothly. There is every indication that the classes will be well filled and that the entry list will be of a particularly enticing grade.

The promoters of the meet are making particular arrangements for the events limited to Hawaiian-bred horses, and the showing of steeds of island nativity will be particularly satisfactory to horsemen of the Territory. It is rumored that some very classy animals will be on hand to uphold the dignity of Hawaii, and that citizens of the Territory will have no cause to be ashamed of their equine representatives.

The attractive purses which have been offered for the various events will doubtless prove a strong incentive to horse-owners and no pains will be spared to have all of the horses that compete trained to a point where they will be able to make the best possible showing.

The jumping events will be particularly interesting. At least one steeple-chaser has been brought here from the mainland for the meet and there are on the islands some jumpers who, horse experts say, are worthy of competing in almost any company.

The events for Japanese ponies promise to furnish plenty of entertainment. Scores of the wiry little beasts are being gotten into training for the occasion, and the purses will go to good animals, and not to the least bad of a poor lot, as is often the case.

EASTERN LEAGUE MEETS THIS WEEK

NEW YORK, N. Y., Dec. 1.—President P. T. Powers of the Eastern Baseball League has issued a call for a meeting in this city Dec. 6 of the owners of clubs of that league and of the American Association to ratify and carry out recommendations presented by the committee appointed at Buffalo a fortnight ago relative to the appeal to the National Commission for higher classification. These two organizations, which bolted the National Commission at its meeting at Chicago, claim they do not wish independence, but took the action for the purpose of securing privileges they consider essential. President Harry Pulliam of the National League today declined to make any statement regarding the bolters.

The National Commission will meet here next week.

CHICAGO, Ill., Nov. 28.—Tony Caponi, through his manager, Cal Harris, is out with a challenge to Stanley Ketchel for a chance at the middleweight championship. Manager Harris says he will post a suitable forfeit with any reputable stakeholder that Ketchel may name, to show that he is in earnest in going after the match. Harris declares Ketchel is made to order for Caponi.

"Any man that misses four out of six punches can't beat Caponi. Ketchel is one of these wild swingers. A clever man can beat Caponi but Ketchel isn't clever enough. Papke has a knockout decision over Caponi to his credit, but it was a fluky fight."

The Italian expects to get a fight before a Los Angeles club during the latter part of next month with some good middleweight if Ketchel cannot be secured. He is willing to fight Papke or Hugo Kelly to prove that he is entitled to a match with the champion.
