

EVER READY BOTTLE

A keen pleasure and a great comfort to

- AUTOMOBILISTS
- BOATING PARTIES
- PICNIC PARTIES
- HUNTERS
- FISHERMEN
- TRAVELERS
- INVALIDS
- ATHLETES
- SOLDIERS
- ENGINEERS
- PHYSICIANS

A wonderful convenience for the mother with a nursing child. Warm milk at all hours of day or night. It differs from other bottles in that it has a PATENT SPRING CORK which stays in place and absolutely guards against spilling of contents, no matter in what position the bottle is carried.

It has a drinking cup with a smooth, polished surface both inside and outside; has no unsanitary screw threads, and can be kept scrupulously clean, and the drinking cup serves also as a cap for the bottle.

We have the bottles in the quart and pint sizes and the cases for one or two bottles.

The EVER-READY CARRYING CASE is Strong and Attractive.

Before buying any kind of a bottle be sure and examine the EVER READY.

April Big Race Is Looking Good

Entries are coming in rapidly for the Marathon which is to be run on April 18, and the field promises to be a large one. There is some doubt as to whether Jackson and one or two of the other men who finished close up in the Haleiwa event will enter for the April race. It is to be hoped that these men do decide to enter, as otherwise it might be thought that they have a hunch that some of the men who finished behind them in the road race can defeat them in the track affair. It would be a great pity if Jackson does not compete, as everyone wants to see him in action; there was no chance of the general public seeing anything of the race to Haleiwa; that is, beyond the start and finish.

Jackson is without doubt a good man over a distance, and should be able to make the best of them extended themselves. P. J. Walsh is another man who will run well, whilst Gorman, who ran second in the last event, should make them all wake up and take notice. A host of men are in training, and the benefit of the large amount of exercise taken by the young men of the community cannot be overvalued. Marathon running has done a great amount of good to the youths of this island, and, leaving aside the sport in the same, the diminution of cigarette-smoking and beer-drinking is to be much commended.

The race will be about the best thing pulled off in these islands, and should be witnessed by an immense gathering. Jack Scully is going into the matter heart and soul, and, although he is taking a big chance, is willing to trust the sporting section of the Honolulu public, and that his enterprise be rewarded is the wish of everybody.

Most Peculiar Knockout Blow

Abe Attel, the featherweight champion, knocked out Young Pierce, the colored aspirant for honors, in the sixth round. The finish was a most sensational one from all accounts, and the blow that put Pierce to sleep was a surprise to everyone. In fact, nobody knew the colored boy was "out" till Abe stepped away, and let the limp body, which had been propped up against the champion, fall.

Attel, who is a past-master at the infighting game, never hesitated to clinch with Pierce whenever the latter wanted to. About the middle of the sixth round Pierce swung his left and missed. He at once clinched with Attel, who jerked his left shoulder and arm loose. Pierce was holding Abe's right hand fast, and his own right was around Attel's neck. Pierce's chin was on Abe's shoulder.

Attel, quick as a flash, tapped Pierce on the side of the jaw with his free arm. It was a short-arm jolt and was a very hard one. Four times in all Attel shot in the jolts and still Pierce's head did not fly back, and he made no effort to get away. It was not till Attel stepped away and let Pierce fall that anyone knew that the colored lad was beaten. Veterans at the boxing game who lined the ringside, said they had never seen such a peculiar knockout before. It was a huge surprise to the spectators, who could not realize that the fight was finished.

PRESIDENT HAS RIGHT OF WAY

Washington, D. C. — Automobiles will be almost the exclusive method of locomotion by President Taft and his family. The White House automobiles will have the right of way throughout the District of Columbia and will know no speed limit.

Two fine new machines have already been purchased with the \$12,000 appropriated by Congress for this purpose and Mr. Taft has given them a thorough trial. One will be used by the President, the other by Mrs. Taft. Both cars bear on each door the coat of arms of the United States.

The White House garage will be in the present stables used for the President's horses and carriages.

Kauai Ball Is In Full Swing

Two very closely contested games of baseball were played at the park on Sunday afternoon before an enthusiastic crowd of spectators, says the Garden Island.

The first was between the Lihue Japanese team, otherwise known as the "Yamatos," and a team from Waimea. The Waimea boys won by the close score of 8 to 7 for the five innings that were played, the game being cut short because of a desire not to encroach on the time of the second game, between the Waimea and the Kapala team.

The Waimea team came over from their home town in an auto, and the team presented a somewhat motley array of grown men and small boys. They could play ball, however, and the Lihue players found themselves somewhat east in the shade by the sturdy sons of Nippon from the torrid belt. The visitors were dressed in their ordinary clothes when they started the first inning, and were considerably outshone by the home team in their neat uniforms. But during the second inning, the wagon arrived with the Waimea uniforms and they were donned by their owners under the sheltering leaves of the nearby canopy.

The score by innings was as follows:

Waimea	1 2 3 4 5	8
Lihue	2 5 1 0 0	7

The second game was begun a little after 4 p. m., and the husky Waimea athletes were this time opposed to the Kapala Japanese team. This was an easier game for the visitors than the first, but still it was no walk-over, although the Kapala team included a number of small boys in its line-up. Waimea won by 13 to 8, and the score by innings was as follows:

Waimea	1 2 3 4 5 6 7 8 9	13
Kapala	2 1 2 0 0 4 0 5 4	8

"PALS" THE OPENER

"Pals," which is the opening bill for the popular Elleford Company at the Orpheum April 12th, has been selected from a big list of plays produced in New York last season, and is one of the cleverest comedy melodramas seen in Honolulu in many a day. The author, Edmond Day, wrote "The Roundup," which has also scored a big hit in the East. The story is one of everyday life and everyday folks, with all their little troubles and joys, their happiness and sorrow, and abundant comedy situations to keep one interested. Such plays always please, and when presented by a capable company such as the Ellefords and with every little detail attended to in the way of costuming and scenic equipment, one feels that he has had his money's worth of wholesome entertainment. This is the eighteenth successful season for Manager Elleford's popular company, and while he has always had clever people, he feels that the company this season is the biggest and best that has ever been presented to theater-goers. All the plays are high royalty performances, some of which he pays as high as \$2000 for, and with that splendid stage setting which he is giving each production, it would be hard to find a company of the same degree of excellence. In "Pals," every member of the company has something to do, as there are a number of strong character parts which afford the different members of the cast an opportunity to show their ability and talent. Mr. Sasso and Mr. Underwood are seen as the college chums and both are clever actors. Little Miss Luce has the role of "the girl" with whom the two men are in love and many exciting situations are brought about through the rivalry of the "pals." Miss Due is well cast in an emotional part. Geo. Hernandez as usual is "right there" in a

Fine Marathon Run Through City

The Y. M. C. A. Marathon, which is to be run on June 11, is already attracting a lot of attention, and many of the members are in active training for it. The race will be over the full Marathon distance, viz: twenty-six miles and three hundred and eighty-five yards. The course will be once around Kapiolani track, along Kalaniana'ole avenue, down King street to Moanalua, and over the same course back to Kapiolani park, where four circuits of the track will finish the race.

Contestants are limited to those who were members of the Y. M. C. A. on February 27, and for any member whose membership has expired, and who wishes to renew same. No run-down will be allowed in this race. In case of anyone collapsing during the run, medical attendance will be permitted. The race will start at 2 o'clock and as it is run through the city, everyone will have a chance of seeing the event.

Dr. Hand believes in a couple of months training for such long distance events, and intends having paper chases and cross-country runs in the near future, so that the men can get into good shape for the contest.

F. A. Beheret and John Carey are the leaders of two teams that are in training for the race. Whilst the Marathon runners are going it to Moanalua and back, some other events will be pulled off at the Kapiolani track. High school will run off a mile relay race, and it is probable that a 220-yard sprint will be also run.

Picture Show And Boxing Stunts

The boxing matches at the Royal Theater last night were between Hawaiian, Japanese, and Chinese milt artists. A large crowd of fans attended, and seemed to enjoy the fun very much. The ring was only a 12-foot one, and was placed in front of the moving-picture screen. Large gloves were used and all the scraps were under the clean-break rule. Sam Hop was the manager of the boxing stunts and everything went off well.

The antics of the boys were very amusing, and although the skill shown was hardly up to what the public is accustomed to at other shows, everyone was satisfied with the layout. There was nothing serious about the punching and the boys simply laughed their way through the various rounds.

One young Japanese put up rather a good exhibition against a Celestial, and was cheered when he fainted with his left, and then brought his right across to his opponent's thigh! A Hawaiian also caused much laughter by his weird style of boxing, it being a cross between a hula and a wrestling match.

Road Race To Be Around The City

On the Saturday before the big Marathon, the Y. M. C. A. will run a five-mile road race. It is confined to youths of less than eighteen years of age, and will be run around the town. The race will start from in front of the Y. M. C. A. building on Alakea street, and will be along King street to Pawaa Junction, then along Beretania avenue to the junction of King and Beretania, back along King to Alakea and up Alakea to the finishing line, which is the same as the starting point. A time limit of forty-five minutes has been set, but it is thought that the race will be run in less than thirty-five minutes. Quite a number of youths are training every evening for the event, and many run around Thomas Square, finding that they can time themselves better when they have some idea of the distance they run. As the race is through the city no doubt a large crowd will line the streets to watch the event, and this will raise the interest in the big race on the following day.

Business men of San Antonio, Tex., have made a \$25,000 contract for the advertising of the town. ***** fat comedy part, and all the others have agreeable roles. The little Osborne children appear between acts in new specialties and everything goes with the same zest and fervor as characterizes all Elleford performances.
