CONSUL UYENO'S IMPORTANT TRIP TO EWA AGITATOR TRIAL NEXT SEPTEMBER

PAUMALO ROAD MAY BE IMPROVED SOON

County Engineer Making Tour of Inspection Today

County Engineer Gere is making a trip around the island today to make an examination of the work going on, and also to get material for a report on work to be undertaken in the near future. Paumalo and Pupukea Roads in particular will be examined.

Petitions have been received by the Board of Supervisors, asking that both roads be improved, and Gere will go over the ground carefully, later making his recommendations to the Board. Both Paumalo and Pupukea Roads were built by the Territory, to give access to lands opened to homesteaders, but their care and upkeep devolves upon the county.

Waikane bridge, which has caused the Supervisors no little trouble and worry, will also be looked at. Friction between Paalo, the road operator for Koolaula district, and the road committee of the Board of Supervisors, has rather mixed things up as far as necessary repairs to the bridge are concerned.

There is considerable other work in the Koolaula district which will be looked over, and County Engineer Gere will probably make a report to the Board of Supervisors at tomorrow afternoon's meeting.

WILL APPOINT A TREASURER MAHOPE

Governor Will Choose Man—Not Yet But Soon

Governor Frear will really appoint a Treasurer—not yet, but soon. But who he will be or when he will be appointed the Governor does not mention.

There has been a belief gradually forming that the Governor intended to get back at the Senate for its refusal to confirm A. J. Campbell, "the best Treasurer the Territory ever had," by letting Attorney General Hemenway continue to fill the position.

ANOTHER BALL-UP BY LEGISLATURE

Responsibility Of Deputy Sheriffs Undefined

Another mix-up caused by one of the new laws passed by the recent Legislature appears to have resulted in the matter of the duties of deputy sheriffs and the question of to whom they are responsible.

The question raised yesterday by Attorney W. T. Rawlins in Judge Whitney's court as to whether or not a deputy sheriff is a deputy of either the High Sheriff or of the City and County Sheriff was raised again by Mr. Rawlins this morning in Judge Robinson's court in the case of Antone Foster versus See Wo Sing. As in the other case, the summons was made out for service by the deputy. The papers were served by a deputy sheriff of the common or garden variety. This, Rawlins contends, does not fill the bill, for the deputy sheriff, according to a recent act of the Legislature, are appointed by and responsible to the Board of Supervisors, and are therefore deputies neither of the High Sheriff nor of the City and County Sheriff.

Judge Robinson, when he heard that the question had been raised in Judge Whitney's court the day before, intimated that he would not pass upon it until Judge Whitney should have rendered his decision. He then made a ruling by making no other appointment. But it appears this is not the Governor's attitude. He will appoint a real Treasurer some day—when he can find a man capable of filling the place.

There is no betting on the result, for there appears to be nobody to bet on. Charlie Huxface is, too young, the Governor says, and there seems to be no wild anxiety to select J. W. Pratt, though it is believed Pratt could be coaxed to accept if he were asked. Nobody else appears to be in the running, and the bookies are disconsolate.

SUGAR.

SAN FRANCISCO, June 1.—Sugar—Beets, 88 analysis, 10s 7 1/2-2d. Parity, 4.24 cents. Previous quotation 10s 8 1/4-4d.

When a steamfitter receives a burn, does it leave the mark of esteem?

Waikiki Business Now Paused

The final proceedings in the Waikiki condemnation proceedings occurred this morning when the judgment of condemnation was filed with the Registrar of Conveyances. This judgment, as has been stated before, places the value of the property condemned at \$63,195. As the money has already been paid over and the land taken by the United States Government for a military reservation, the filing of the judgment closes the incident.

HOSMER A REGENT

Ralph Hosmer, the Territorial Forester, was this morning appointed by Governor Frear a member of the Board of Regents of the College of Hawaii.

The final accounts of E. Faxton Bishop, administrator of the estate of Charles H. Bishop, deceased, were approved this morning by Judge Robinson and the administrator was discharged.

SOGA TRIAL GOES OVER UNTIL FALL

Attorneys For Both Sides Consent To Postponement

Y. Soga, the Japanese editor who is accused of being a disorderly person by reason of having written certain inflammatory articles which are supposed to be largely responsible for the present strike, and of slandering Editor Sheba, will not be tried until September. His case was called in Judge De Bolt's court this morning, but by consent of counsel for both sides, was postponed until the first judicial day of the September term.

Ching Chack Lai, who was indicted by the Grand Jury on the charge of having libeled the Chinese Consul, also appeared before Judge De Bolt and was arraigned. He reserved his plea until Monday, June 7.

CHINESE CLANS FIGHTING. AMOY, China, June 2.—Serious fighting is reported between the clans of the Heuvah district.

The Hawaiian Entomological Society will meet tomorrow afternoon at 3 o'clock in the entomological rooms of the H. S. P. A. Experiment Station on Keolu street.

SHINGLE SANGUINE OVER STOCK MARKET

Looks For Advance In Prices Before Long

"There is a general feeling that prevails among the sugar growers that the strikers will all return to work, and that the trouble will soon be eliminated. While there are no large buyers, stocks and bonds are holding their own well, and there is no reason to believe there will be any considerable slump along the line; in fact I look for better prices."

President Shingle of the Stock Exchange is sanguine over the ultimate outcome of the strike situation. In an interview this morning, he voiced the sentiment of all the sugar growers in that the strikers would soon return to work, and that the situation would rapidly adjust itself to the normal again.

"While there are no ready buyers for some stocks, which accounts for a slight slump along the line, it is only temporary, and I look for a great improvement soon. The strike has not materially affected the market and all of the growers feel that the trouble will soon be settled permanently. The situation is getting better right along, and there is no reason to fear worse conditions, nor any great slump in stocks or bonds."

NINTH CAVALRY BAND AND DANCE AT MOANA

Tonight there will be a dance at the Moana Hotel in honor of the U. S. T. Thomas. Preceding the dance the famous Ninth Cavalry Band will give a concert in the hotel grounds and the program will be a treat for Honolulu music lovers. Music for the dancing will be furnished by the Royal Hawaiian Quintet Club. Army and Navy folk, guests of the various hotels and town folk are cordially invited. With the splendid musical program, the moonlight and dancing, a very enjoyable evening is assured.

LINEMAN WANTED

When the first edition of the Bulletin was being run off the electric power suddenly failed.

A telephone to the electric company's headquarters brought forth a fuse man. He worked a while and announced that he wasn't the man, a lineman was needed.

The fuse man disappeared. As the power failed to materialize the electric people were asked bluntly what they intended to do, and someone thought they were hunting for a lineman. After fifteen minutes, more or less, a man in an automobile arrived and stated that he would go out and find a lineman.

The hour at which the Bulletin is delivered to its subscribers this evening is significant of the time it takes a man in an automobile to find an electric company lineman when there is a rush order for power and repair to the system.

IJICHI'S MEN AT EXPO

SEATTLE, June 2.—The Japanese officers and men from the ships of Admiral Ijichi's squadron participated in the military and naval tournament held today in connection with the Alaska-Yukon exposition.

Pacific Mail Threatens

WASHINGTON, June 2.—The Pacific Mail Steamship Company has given notice that it will withdraw its steamers from the Panama route unless it is given a greater proportion in making up the through rate freight schedule. The government is considering the situation.

Fisher Out, Deakin In

MELBOURNE, Australia, June 2.—Premier Fisher has been defeated in the Federal Congress and has tendered his resignation. Alfred Deakin has formed a cabinet.

Zeppelin Arrives

Friedrichafen, Germany, June 2.—Count Zeppelin arrived here today after having completed a record-breaking journey in his airship.

MILITIA FOR STRIKERS.

SACRAMENTO, Cal., June 2.—The situation at McCloud, where the workmen of the lumber companies are out on strike, is quiet. The militia companies have been assembled and are held in readiness to go to the scene of action whenever needed.

CONSUL UYENO ANSWERS HURRY CALL FROM JAPANESE OF EWA

Expected His Visit Will Have Important Results

JAPANESE RETAIL MERCHANT TALKS IN BEHALF OF NEGRO

Strikers Still Believe Planters Will Give In—Special Rapid Transit Cars for Strike Breakers.

Japanese Consul Uyeno left this morning for Ewa plantation in response to a telephone call from the Japanese of that plantation.

It is believed that the Consul's trip to Ewa means much to the Japanese in connection with the strike.

For several days past there have been repeated indications that the Ewa laborers were very much dissatisfied with the way things are going and the unfulfilled promises of the Agitators and Thugs. The Consul was called up by phone this forenoon and hurried away in an automobile for the plantation. The belief is general that his influence will be against the continuation of the strike that is causing useless loss.

Threats against the life of Editor Sheba of the Hawaii Shingo is one of the latest results of the Agitator-Thug campaign.

A Japanese who appeared to be a working man stated to a Bulletin representative this morning that if the planters finally decided not to give the strikers a raise in wages, Sheba would be put out of the way. The speaker was one of a party of Japanese standing near Sheba's office.

Along the same line is the rumor going the rounds yesterday afternoon that disappointed men who had been misled by the Agitators had picked out seventeen of the Agitator crowd to be brought to a physical accounting if their promises did not pan out soon and the planters give in.

So far as the Japanese newspaper end of the strike fight is concerned, the Hawaii Shingo claims that certain Japanese clans of Ewa have passed resolutions condemning the Agitator organ and supporting him. Resolutions in favor of returning to work are expected from this section.

Makino Sour.

Makino, interviewed by the Bulletin representative today, decorated the atmosphere with a few nasty names and let it go at that. The Agitators are beginning to see failure before them and are not as good natured as usual.

Kawailoa Men.

From Wailua comes the rumor that the Kawailoa men are ready to go to work when assured of protection. They have been held down from the first by the threats of the Thug element that makes its headquarters around the mill. Manager Goodale was in town today and confirmed the current report that the men would be at work tomorrow, but was not inclined to talk.

Honolulu plantation mill has been running for several days and all the

plantation work is making good headway.

Strike Breakers Car.

Seventeen hundred strike breakers are being employed each day on the plantations down the road and more will be taken on as the men get broken in. An arrangement has been made with the Rapid Transit to run an early car so that the men from Kalihii and Waikiki can get to the plantation train. One of the difficulties encountered of late has been the inability of men in the outlying districts to reach the train because it is too far to walk and the Rapid Transit cars do not start early enough. As many cars as are necessary will be run to accommodate these men, beginning tomorrow.

Barred From Kahuku.

Makino remained in town today notwithstanding his threat that Sheriff Jarrett could not keep him away from Kahuku if he wants to go there. Jarrett gave Makino and the Agitators general notice that they are to keep away from Kahuku and they will be kept away.

Japanese Retailers.

The Japanese Retail Merchants' Association, according to one of its members, will continue to give its financial support for the benefit of the strikers. This informant says when it first met the members, about thirty in all, subscribed \$1000 for the "strike fund." Three hundred dollars of this amount has already been given to the strike leaders, and the balance to be given when asked for by Negro and others.

Negoro Refuses to Accept Wages.

Negoro, the legal adviser of the strikers, is said to have been offered a monthly salary of \$25, during the continuance of the strike. He, however, refused to accept it or any part of it. Negro, according to a member of the Retail Merchants' Association, is well liked by the members of that

(Continued on Page 2)

SALARY OF MOTT-SMITH IS ???

but Anyway He Is Worth All He Will Draw For Two Jobs

The question of the salary of Secretary of the Territory and President of the Board of Health Mott-Smith is still unsettled. How much he will draw down nobody, not even the Governor, seems to know. In fact, the Governor said this morning that he did not know how much Mr. Mott-Smith has been drawing since he took the second position in addition to the first.

It is possible for Mr. Mott-Smith to draw down a maximum of \$525, but whether he will collect the entire amount or not nobody knows but himself, apparently—and he is saying nothing, but is industriously sawing wood. Anyway, he earns all he will get.
