

SAY!

Isn't it a fact that you are having a lot of trouble in your garden with Scale, Plight, Leaf Curl, Scab, and all the rest of the big family that seem to like flowers and fruit trees just as much as you do? If so, you should try Sherwin-Williams

Lime-Sulfur Solution

This is one of the best parasitic insect destroyers, and is also particularly valuable for killing lice on animals. For Rose Aphid and Rose Slugs, a diluted solution is very effective.

We also have a good stock of Sherwin-Williams PARIS GREEN, which is sure death to Bugs—kills every time.

Remember! SHERWIN-WILLIAMS CO. put up both these articles, and anything with their name on is all right every time.

SPORTS

MARATHON. OFFICIALS ARE ALL SELECTED

MOTOR-CYCLISTS WILL FOLLOW THE RUNNERS

Poi Lunch at Haleiwa Promises to Be Best Ever—Big Crowd Will Be Catered For at Moderate Cost.

On Sunday week the Haleiwa Marathon race will be run, and from present indications the event is going to be a good one, and the excursionists who go down to see the finish will be treated in fine style.

The poi lunch which is being arranged by the ladies of Waiakua promises to be the best ever held in the district, and the best fish, pig and poi to be obtained will be served under the shade of the stately trees that surround the home of managers of the feast. The Haleiwa Hotel will, of course, have a regular sit-down lunch at the ordinary price, but the larger portion of the crowd will doubtless enjoy the poi picnic to their heart's content.

Jackson has been hard at work on the race proposition, and many more prizes have been gathered in by him. In fact, all the business men of the city have come through with a fine lot of trophies that will be of great use to the fortunate winners. Such things as shoes, umbrellas, hats and other sensible prizes are on the list, which has grown to quite a great length.

The prizes will be allotted in a few days' time, and then the runners will know what they will receive in the event of their getting into any specified place in the race.

The entries are coming in fast for the Marathon and the two bicycle races, and it looks as if there will be a big field in each event. The lads under eighteen years of age reckon that they will cut out the distance to Haleiwa in quicker time than the boys of over their age, and the result is that much interest is being taken in the bike events.

All the officials have been appointed, and a corps of motor-cyclists will follow the runners and act as course judges. The following men have been named to act: C. C. Rhodes, I. Spalding, R. Berger, Lani Magoon, C. H. Hustace and Harry Chilton. These six course judges will watch the runners and see that all is fair and above board; no attendants are allowed in the race, and the peds will have to look after themselves in every way except in case of sickness or collapse.

The starter of the race is Mayor Fern, and the judges at Haleiwa will be Messrs. McKinnon, Horace Johnson, Judge Mahaulu, Jonathan Aiau and Sheriff Oscar Cox.

Hayes is running in fine shape nowadays, and on Sunday he and Jackson went for a little trot over a thirty-three-mile course. Hayes is reported to have done better work than Jackson, and to have increased his stride a lot.

Gomes, Enos, Downey and several others also took a long run on Sunday, and they are all reported to have done well. The race on Sunday week is going to be a close one, and it is hard to say who will win.

Battling Nelson feels sure that he will "come back" and beat Wolgast. He says that he was beaten by Gans, but at a later attempt defeated the negro. He argues from that, that he will recover the title of lightweight champion. But Gans was an oldtimer, too, and going off all the time. Wolgast is a youngster and is improving every minute; it looks like curtains for the Battler.

Bowling is coming into favor once more, and the Fort Shafter boys are getting into form fast for a series of games among the service teams.

The Diamond Heads and J. A. Ca. are looking forward to their game of next Sunday, and the latter team considers that it will have a chance of defeating the "Big" league men.

COMING EVENTS.

Secretaries and managers of athletic clubs are invited to send in the dates of any events which they may be getting up, for insertion under the above head.

Address all communications to the Sporting Editor, Bulletin.

Baseball.

ATHLETIC PARK.

March 27—Diamond Heads vs. J. A. Ca.

Trans-Pacific Yacht Race.

July 4—Start from San Francisco.

World's Championship Fight.

July 4—James Jeffries vs. Jack Johnson.

VALE ELEVEN HAS HARD FOOTBALL SCHEDULE

Eight of Ten Games to Be Played on Home Field—Blue Will Go to Princeton.

NEW HAVEN, Mar. 5.—Yale's 1910 football team has a hard schedule of games. Ten contests will be played by the Blue during the coming season. The initial game will be with Wesleyan at New Haven on September 28, and the final game with Harvard on November 19. The Harvard game will be played at New Haven also. The Princeton game on November 12 will be in Princeton this year.

Two newcomers are on the Yale schedule for 1910. They are Tufts and Vanderbilt University, which will be substituted for Springfield Training College and Amherst. Syracuse will be played on October 1. The game with the New Yorkers is the second on the schedule.

Captain Coy's loss will be greatly felt next fall, but it is expected he will whip the men into the best of shape in his role as coach. Coy will have some good veteran material to work with, and there are some promising candidates from among the members of last year's freshmen team.

Eight of the ten games on the schedule will be played at New Haven. The only two out-of-town games are with West Point and Princeton. The West Point game is scheduled for October 15, and the following week the Southerners from Vanderbilt will journey to New Haven to meet the bulldog. Colgate and Brown will be played before the Harvard game.

The schedule:

Sept. 28, Wesleyan at New Haven; Oct. 1, Syracuse at New Haven; Oct. 5, Tufts at New Haven; Oct. 8, Holy Cross at New Haven; Oct. 15, West Point at West Point; Oct. 22, Vanderbilt at New Haven; Oct. 29, Colgate at New Haven; Nov. 5, Brown at New Haven; Nov. 12, Princeton at Princeton; Nov. 19, Harvard at New Haven.

The military ball-players are getting into shape for their opening game, which is to take place on April 2. The Guards and Marines will hitch up, and the Fifth Cavalry and 20th Infantry will also try conclusions. The different regiments are feeling worked up over the prospect of seeing their representatives at work, and there should be big crowds at all the games.

RECORDS. PRESENT AND PAST FIGURES COMPARED

HIGH SCHOOL DID WELL IN MEET

McKinley Boys Should Have Ground of Their Own to Train and Play On—McCandless Out of Form.

It is interesting to compare the records and figures for the different events at the All-Schools meetings in the past with those put up last Saturday at Alexander Field. The 100-yard record is held by F. McKenzie, who in 1907 cut out the distance in 10 1-5. In the face of the fact that Bill Rice always manages to defeat McKenzie over the hundred, and yet never gets inside of 10 1-5, it would seem that either the timing in '07 was not correct or that the course was a little short. A slight incline would also account for the difference, or, maybe, it is that McKenzie has gone back a trifle.

Then the mile was cut out in 4 min. 58 sec. by R. Smith in 1907, and since then no runner has beaten the figure. Norton is a fine miler, and there are plenty of people who think he could beat the record if pushed hard. His time last Saturday was 5 min. 53 3-5 sec., which is considerably slower than he records.

In the 220-yard low hurdles Bill Rice equaled the record put up by McKenzie last year, and the only Bill beat the record-holder by a few feet. The time was 27 2-5 sec., and those figures will probably stand for some time to come.

Frank Scharsch, the well-known long distance runner, holds the local 440-yard record, and his figures are 54 sec. flat. Bill Rice on Saturday last took 3 3-5 sec. longer to do the distance, but he won in a trot.

The 220-yard flat record is 23 2-5 sec., and was made way back in '02 by A. K. Akana. On Saturday afternoon Rice got over the eighth of a mile in 1-5 sec. slower time, and won from McKenzie by a small margin.

The high jump brought out no sensational leapers, and the 5 ft. 8 in. record of Hopper, put up in '06, was never in danger. The highest Hitchcock could do was 5 ft. 1 in. The half-mile was covered by McCandless in 2 min. 16 sec., and that was no less than eight seconds slower than the record put up by E. Jeverill in '01.

The High School boys must be highly complimented on the showing they made under serious disadvantages as regards training. It takes a lot of spirit to make boys travel all the way down to the Boys' Field every afternoon and rain for a couple of hours. It is not like having a field of their own at their school. And then the jumping and pole vaulting events had to be almost abandoned, as the High School did not have any facilities to practise. McCandless plainly showed how he has gone off owing to not having a place to practise his particular turns.

Still, the school track meet was a fine one, and should the High School get a ground of their own, they will have larger teams in the meets than in the past. The other lads will take up the sport and not leave it all to practically three men.

MUCH INTEREST IN TOURNAMENT

All Four Teams Are in Good Condition for Long-Sustained Pulls—Marines Are Favorites.

Although a number of people were disappointed when they heard that the tug-of-war had been postponed last Saturday, the contestants were rather glad, as it gave them a little more time to get fit for the great struggle. It was a wise move to postpone the affair, as the heavy rain that fell made the Athletic Park very muddy and a good deal of water remained on the field.

However, next Saturday night the initial pulls will take place, and the excitement should run high during the course of the evening. It was decided at first to pull off the tug-of-war for two weeks, but as there was another show arranged for April 2, it was thought advisable not to clash.

The Hawaiian team of huskies, a lot of whom are employed by the road board, is doing great training stunts and it will be a strong lot that drags them across the line. The Marines are having plenty of practise, and they are pulling the scrub teams all over Camp Very. The half-wets consider the first prize as already theirs, and there will be much joy down at their home if they do pull off the event.

The Portuguese bunch of rope-pullers is going strong, and it is going to do some tall scratching before it is yanked over the six-foot limit. In fact, the San Miguel lads think that they will pull more teams over the mark than will haul them the same way. That may be so, and it will lend much interest to the proceedings if some of the dead-sure teams do get a surprise early in the tournament.

Men Gumb's collection of colorful men will be on the job with a vengeance, and they will take some beating, too. All of the men are strong, husky fellows, and they are as hard as nails.

Taking it altogether, if fine weather prevails, the evening's sport should be good, and there will be some fierce pulls in the preliminary stages of the competition. Each team has to meet the others once, and the tournament will last for three weeks at least.

A. K. Vierra is in charge of the contest, and he is doing some tall rustling in regard to the matter. The prize money is very liberal, and the four teams will all get something to remind them, if winners, and console them if defeated.

POSTPONED PULLS NEXT SATURDAY

McKinley Boys Should Have Ground of Their Own to Train and Play On—McCandless Out of Form.

HAWAIIAN GUN CLUB WEEKLY CUP SHOOT

Second Stage of Trophy to Be Shot Off Tomorrow at the Kakaako Traps—Harvey in Fine Form.

Tomorrow afternoon the Hawaiian Gun Club will hold the second of its present season's weekly shoots, and the event promises to be just as good and close a contest as that of last Wednesday.

The shoot will be a combination affair, and, like last week, will be shot in two sections—one of ten birds at the Leggett trap, and another ten at the known angles. The cup has to be won three times by the same gunner, and at present J. W. Harvey has a leg in for the trophy. The champion is shooting in fine form, and last Wednesday grassed all of the twenty birds at which he fired.

At 5 o'clock sharp the competition will start, and by that time there should be a bunch of enthusiastic shots down at the Kakaako traps. Should Harvey again win tomorrow, he will have more or less of a mortgage on the weekly cup.

Austin has not yet come out of his retirement, but he may possibly take up the sport again in the near future. He is an excellent field shot, and when in tip-top form is hard to beat at the traps.

Jack McFadden is figuring on another go at Marlowe of Schofield Barracks, and as soon as the cavalryman is O. K. once more, there will be an exciting go at Lilehua.
