OWES HER HEALTH

To Lydia E. Pinkham's Vegetable Compound

Scottville, Mich.—"I want to tell you how much good Lydia E. Pinkham's Vegetable Compound and Sensitive Wash have done me. I live on a farm and have worked very hard. I am forty-five years old, and am the mother of thirteen children. Many people think it strange that I am not broken down with hard work and the care of my family, but I tell them of my good friend, your Vegetable Compound, and that there will be no backache and bearing down pains for them if they will take it as I have. I am scarcely ever without it in the house. "I will say also that I think there is no better medicine to be found for young girls to build them up and make them strong and well. My eldest daughter has taken Lydia E. Pinkham's Vegetable Compound for painful periods and irregularity, and it has always helped her. "I am always ready and willing to speak a good word for the Lydia E. Pinkham's Remedies. I tell every one I meet that I owe my health and happiness to these wonderful medicines."—Mrs. J. G. JOHNSON, Scottville, Mich., R.F.D. 3. Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and to-day holds the record for the largest number of actual cures of female diseases.

COMMISSION MAY COME FRIDAY

The two-starred blue banner of rear-admiral will probably be flung to the breeze at the local naval station on Saturday morning in honor of the promotion of Captain Cowles to a higher grade, the commission for which will undoubtedly arrive on the Sierra Friday.

The rank of rear admiral was bestowed upon the commandant of the local naval station the middle of January when Rear-Admiral Barry was retired, but as it is only allowable for an officer to raise the flag of a higher rank when he has the commission in hand, the blue captain's pennant still flies from the staff at the station.

There was a chance that the commission would arrive on the last mail as it did not, there seems no doubt that it will come to hand by the Sierra.
