TWO AVIATORS; THREE MACHINES

Two days' flights in Honolulu, one in Hilo, and one at Letcher in the present schedule of Aviators Walker and Masson, who arrived from the Coast this morning on their way to Australia, bringing three machines with them. There are four in the party besides the mechanics—C. H. Walker and wife, D. Masson and N. C. Adasides; the last named being the business manager for Aviator Masson and no mean flyer himself. With the flyers are two expert mechanics, and ordinary mechanics will be engaged here for work other work as it is necessary to do on the three machines. (Continued on Page 4)

CLERK OUT; GIRL IN

John C. Anderson, chief clerk of the road department, was ousted yesterday afternoon by Road Supervisor Wilder, and in his place this morning there was Miss G. Swayne, a young lady from San Francisco, who came to Hawaii six weeks ago and is making her home here. Anderson's dismissal and its alleged causes was the talk of all the politicians today, and it is generally declared that Anderson's head was summarily lopped off because he is a Republican, and as such does not meet with the favor of Mayor Fern. Fern's wishes, it has been charged, go a long way in the road department, and Anderson's friends say his place has been wanted for some time. Road Supervisor Wilder today declined to discuss the reasons for dismissing Anderson, otherwise than that the chief clerk has not been giving satisfaction in his office. "I gave Anderson a letter setting forth the reasons for letting him out, and if he has any protest to make, let him make the letter public," said Mr. Wilder today. "I do not wish to give the cause for dismissing him, except that as I told him several weeks ago, he has not been giving satisfaction here. 'Are there not political reasons why Anderson was discharged?' he was asked. 'No—nothing like that,' said Wilder, 'and he can make the letter public if he wishes to do so.' Wilder denies absolutely the reports that the mayor's wishes have had anything to do with the personnel of the department. 'The mayor has in no case used any influence for or against any of the men since I have been in office, and you can deny any such reports,' he said today. Men closely associated with Wilder also say the same thing. Anderson was a Democrat up until a few weeks after the election last fall, when he turned and became a Republican. He has been in the road department for about two years. Miss Swayne's home has been in San Francisco. She has had much experience in office management, and Supervisor Wilder said today that she was highly recommended to him. She is making her home with Mrs. C. R. Buckland.

PRO-MAHUKA COMMITTEE IS NAMED

Executive Body to Organize Public Protest Against Site-Shifting. Business men organizing to oppose the threatened change in the Federal building site this morning formed an executive committee of five, and next Monday will begin the active campaign as a counter-move to the 'site-shifters.' At a meeting held in W. R. Castle's office this morning, the following were named on the executive committee—W. R. Castle, L. L. McCandless, William Wolters, C. C. von Hamm and John Lane. At this meeting assurances of support were received from such a large number of business men and firms that the committee expects to start its campaign with half of the work completed. Another meeting will be held next Monday morning, and a number of de-

KOHALA MIDGET COMES BACK AT SPEAKER HOLSTEIN FOR DENYING HE CHARGED GRAFT

Speaker Holstein's declaration that he was misquoted by the Kohala Midget, which published an article in which Holstein was quoted as charging graft up to Superintendent of Public Works' Campbell's office in connection with the Mahukona wharf construction, has aroused the editor of the Midget, and this is what the paper says editorially in its issue of last Wednesday: 'We have read Mr. Holstein's denial, and his open letter in the Gazette of May 26. Excepting an immaterial error in the appropriation for Hanalei, The Midget HAS NOTHING TO TAKE BACK. The following members of the Kohala Civic League, were present during Mr. Holstein's remarks: P. P. Woods, vice-president; P. K. O'Brien, secretary; W. P. McDougall, treasurer; H. H. Renton, George C. Watt, George P. Tolson, H. R. Bryant, Arthur Rollman and Robert Nalpa. These are all honorable gentlemen who would not maintain the truth for you, favor or malice. We can rest our case confidently on their words. Several of them reminded us of Mr. Holstein's: 'I make this as a public declaration.'

JUDGE CLEMONS CABLES VIEWS TO WICKERSHAM

Judge Clemons sent a cable-gram to Attorney General Wickersham this morning in which he recommended legislation by Congress making the provisions of the Judiciary act relating to substitute judge, applicable to Hawaii forthwith. This is an endorsement of the plan set forth last evening in the interview with Judge Clemons published in the Bulletin. The purpose of Judge Clemons' recommendation is to overcome the difficulties in the way of early action in the condemnation proceedings ordered for the Mahukona site extension.

NOT FOR JAPANESE

At their meeting this morning taking over of the books formerly sold commissioners of public instruction at went on record as being opposed to a suggestion that a room in public school buildings be turned over to the use of Japanese instruction in the Japanese language after the regular daily school session was ended. The request was contained in a communication from the Hawaiian Board bearing the signatures of O. H. Gulick, Frank Scudder, John Gulick, Percy L. Horne and Rev. Doremas Scudder. After reciting the difficulties of the sectarian Japanese schools, the letter said, referring to the proposed Japanese classes in the public school buildings: 'They would be unable to appeal to religious prejudice and to foster anti-American sentiments and would be very careful not to behave in any such way as to endanger their privilege of using the school building. Should the Board of Education, then, be able to grant the request for the use of a room in a public school building for the use of a private school, it would thereby discourage the anti-American sentiment and encourage the pro-American sentiment among the Japanese to a marked degree.' The board, however, decided that this could not be done without upsetting established policies of the department, which it refused to do. The policy of Superintendent Pope in making an agreement with Avileigh, the teacher and stationer, for the
