

HUMANE SOCIETY TO HOLD ITS ANNUAL MEETING NEXT WEDNESDAY

It is to be hoped that there will be a large attendance at the annual meeting of the Humane Society, that occurs on Wednesday morning, October the twenty-fifth at 10 o'clock, in the lounge room at the Alexander Young hotel. Mrs. Francis Mills Swamy, the first vice-president, will preside in the chair, and conduct the important meeting. Mrs. Sanford Ballard Dole, the president of the organization, is in Europe, but will return to Hawaii by the first of the year. Our revered president has taken an active work in procuring funds for the maintenance of the society and it has been mainly through her efforts that the society has continued. An organization of this kind is much needed in a city like Honolulu, where the population is so cosmopolitan. The Orientals, through ignorance often abuse their animals by overloading, inhuman driving, etc., etc. However, the object of this society is not to reprimand, and watch exclusively the Orientals, for the "rich man, or poor man," if discovered ill-treating the helpless dumb brutes, is severely reprimanded, and if this reproof is not heeded, more drastic measures are taken. When the initial entertainment, "The Gypsy Encampment," was given three years ago, to raise funds for the society, great enthusiasm was shown, and the membership was quite large. Gradually the attendance at the meetings diminished, and the support of the society has depended on a few. It is hoped that this will be rectified during the coming year, and that a twelve month hence the society will have its membership doubled. On the mainland there is a common method used, of calling in the police badges once a year. These are presented at the annual meetings and the president awards the badges to the members that she thinks will accomplish the best work, for the ensuing year. It is hoped that everyone possessing a badge will attend the meeting Wednesday and give a summary report of their work accomplished during the

year. Following are the officers that were elected last year at the annual meeting: Mrs. Sanford Ballard Dole, president, Mrs. Francis Mills Swamy, first vice president; the five other vice president were Mrs. Samuel Damon, Mrs. Bernice Walbridge, Miss Alice Rice, Miss Lucy Ward and Mr. Allen Herbert; treasurer, Mr. A. N. Campbell; secretary, Mrs. Augustus Murphy; auditor, Judge W. L. Whitney. An incomplete list of the members of the society is given: Mrs. S. B. Dole, Mrs. Alice M. Hastings, Mrs. S. G. Wilder, Mrs. Gerrit F. Wilder, Judge Sidney Ballou, Mrs. A. C. Pfordner, Mrs. F. E. King, Mrs. A. F. Wall, Mrs. Fred B. Damon, Mrs. Clara L. English, Miss Wadman, Mrs. M. H. Wadman, Mrs. A. E. SALOON MEN WILL BE FOR SELLING DRINK

Charged with having sold liquor to Tommy Lane while that gentleman was on the "kapu" list, Dick Sullivan, Mike Paton and John Silva are to be warned by the license commissioners. This decision was reached at their meeting yesterday afternoon.

Among other matters that came up before them was the application for a license at Waipahu, which was turned down. On the request of Inspector W. Fennell, the matter of taking up the case of the saloon man at Waipahu having sold liquor to a drunken man was deferred.

The affairs of the McTigue estate are not yet straightened out, and Attorney E. C. Peters was granted further time. Attorney E. A. Douthitt was also granted an extension of time in connection with the petition of Mrs. Wagner, whose late husband had a half interest in the Mint saloon.

Dr. Gaspar is to be informed that he has no right to turn over wine that he received from Portugal to Gonsalves & Co. for sale on his account. The appointment of E. C. S. Crabbe as assistant inspector was confirmed.

LECTURE HOUR CHANGED

Rev. R. Elmer Smith, who will make an address at the Y. M. C. A. on Sunday has taken for his topic "What First."

The meeting hour has been changed to 4:30 so that men can attend without breaking up a full afternoon. All young men are invited to attend; strangers are especially welcomed.

ORDERS TO AMERICANIZE

(Continued from Page 1)

It is proposed to continue the weeding out process until no aliens remain in either branch of the military establishment. It is especially desired that they be speedily removed from the battleships and around the most prominent navy yards.

This step has been under consideration for some time. It was realized that too many chances were being taken, and it was easy for a foreign government to keep fully advised concerning all the army and navy secrets of the United States.

In speaking of the new order a high naval officer said:

"The time has come when the United States must, if it is to keep its military and naval secrets from foreign powers, remove the opportunities for leakage. In the old days of sailing we had somewhat to rely on aliens for our sailors, but now there is not the least need. In future the records of all aliens will be gone over carefully before the men are allowed to enlist."

Effects Not Felt Here Yet.

The effects of this sweeping order, which is in line with the policy maintained by the navy for the last five years, have not been felt in Hawaii as yet. No official advices have been received by either the navy or the army, but while it is improbable that the former will be affected, it is quite possible that there will be a general shake-up in army posts, especially at the Coast Artillery forts.

"We have nothing official on the exclusion of alien servants," said Major Campbell, adjutant-general of the Department of Hawaii, when shown the above dispatch this morning. "However, on the face of the news is probably correct. I should imagine that it might have some bearing on Coast Artillery stations like Fort Ruger, where confidential information might be obtained, but certainly it would not affect ordinary infantry and cavalry garrisons."

"Officers here would be in a peculiar position if the employment of Japanese or Chinese as personal servants was forbidden. They are practically the only ones available, and while the army cheerfully does anything that is for the general good of the service, I doubt if the condition of high officers doing their own housework would come under that head. A few years ago General Morse started an agitation for the discharge of all Japanese servants connected with the Department of Columbia, but the matter was finally dropped."

Won't Affect Navy.

"The enlistment of aliens, except as mess attendants on ships stationed in the Orient, is already forbidden," said

ADMIT COPY TO CONTINUOUS SERVICE, MEANING THE RIGHT OF A MAN TO REENLIST IF HE CHOOSES AFTER HIS TIME IS OUT.

There are a great many Filipino boys in the navy as mess attendants now, and they have gradually taken the places of the Japs and Chinese. At first they didn't care to go far from home and were taken into the insular service, with a one-year enlistment, but now they have developed a liking for travel and are to be found in all our stations.

KAPAA LEASE SOLD AT LAST

The last echo of the famous Kapa lease matter was heard this morning when Joshua D. Tucker knocked down 750 acres of land to be held under lease by the Mahee Sugar Company until June 30, for the sum of two dollars a year. There was no opposition.

Senator Fairchild did the bidding and immediately the sale was over and he was being congratulated stated that it was not such a good thing as it looked as there was a sum of \$18,000 to be spent. Speaking of the matter of the ratoon crop he said that they had to take the government on trust for that and could only wait and see how matters came out.

Two other pieces of land were also sold the Pioneer Mill Company at Lahaina, Maui, being the purchasers. The first was a parcel of 150 acres at Kula, Lahaina, on which an upset price of \$750 per annum rested. The company bid one dollar over this amount and have not secured it for a term of fifteen years starting from today.

The second piece the company secured was one of 80.44 acres portion of Honohoula, Lahaina, and on which the government had set a price of \$242 per annum. This is for fifteen years and they also secured it by raising the price a dollar.

The necessary deeds in connection with the formation of the Hawaii Meat company were filed at the Bureau of Conveyances this morning.
