ALL-CHINESE WIN SECOND GAME

Spring Some Surprises on Fast Semi-Pro Team From Sacramento.

SACRAMENTO, Cal., Apr. 7.—The speedy Chinese ball team from the University of Hawaii lowered the colors of the Brooke Beanties, a fast semi-professional team, today by a score of 2 to 1. The local tossers expected to have some fun, but found that the Chinese know every trick of the game. They outhit and outfielded the Brookies, Lai Tin, the Chinese third baseman who does the 100 yards in 10 flat, dashed the locals by his speed. Snook pitched for the Brookies and Apau for the visitors.

AL PALZER TO MEET BRITISHER

SAN FRANCISCO—That Al Palzer and Bombardier Wells, the English heavyweight, are a fixture for the Fourth of July date in San Francisco is the announcement made by Eddie Graney, who will handle the card. Graney has been hearing from O'Rourke, handler of Palzer, every few days, and there came a message from Wells that he will arrive in New York on May 11, and will leave at once for San Francisco to look over the ground and decide on training quarters.

According to the latest plans, neither heavyweight will engage in a match prior to the Independence Day card, this having been mutually agreed upon between all parties concerned.

"Palzer is now in Milwaukee," said Graney, "where he is doing theatrical work. Wells would have come to this country earlier than May, but as my contract requires that he is not to be matched prior to the Fourth, he decided to remain at home. The bout is a certainty and, as soon as it is time, we will get busy on the bout."

Unquestionably, the match is one of the strongest heavyweight attractions that could be arranged. From Western fight fans who have seen Palzer the Iowa-New Yorker is the most likely-looking candidate in that section of the country, and if he can whip Wells, he may eventually place himself in line for a bout with Jack Johnson, which match at the present time would not be considered as much.

VIOLINIST GIVES LAST LOCAL CONCERT

Raul Pereira, the Portuguese violinist, who, with his quintet, has been charming large numbers of music lovers at the Liberty Theater, will give a farewell concert at Lusitania Hall between 2 and 2 o'clock this afternoon. This will be a farewell concert, as the musicians leave on the Lurline tonight for the Coast. The queen will attend.

PACIFIC COAST LEAGUE.

(Standings April 16.)
Oakland has started the Coast League season with a rush, taking six games from San Francisco and dropping only one in the opening series.

WILLIAMS' GREAT GAME

Johnny Williams is breaking into fast company with bells, and already he is looked on as the find of the year in the Coast League.

The San Francisco Call, under date of April 3, says:
"Little Johnny Williams from Honolulu, an O'Rourke recruit, made good in fast company this afternoon and forced Happy Hogan to accept the short end of a 4 to 1 score."

Williams allowed the Villagers four scattered hits, permitted a total of eight of them to reach first base, and let down just long enough in the second frame to allow Brown a double, which scored Stinson, who had walked. Just 22 men faced him, five more than the minimum. In the first frame four men were up, five were up in the second, four each in the fourth and seventh and only three each in the third, fifth, sixth, eighth and ninth.

RIDER BREAKS WORLD'S RECORD

CHARLESTON, S. C.—A new world's record was established when a jockey rode eight winners in the last nine races, seven being straight winners.

It was a great day for Jockey Turner, who is riding at the Palmetto Park race track. Out of a card of seven races Turner rode six winners. All were favorites in the betting, the longest-odds horse piloted by him being Stars in the first event, which was quoted at 11 to 5. All the fields were well filled, there being nineteen starters in the first race.

Turner rode his first winner less than one year ago. He came into prominence as a rider when he had been in the saddle only a few weeks, and last season booted in no less than sixty-two winners. He had fifty-one seconds to his credit and forty-nine thirds. Eddie Duncan was the only jockey who rode more winners than Turner last year; but the latter is so far ahead of the other boys this year that there is little chance of him being overtaken. His honesty has never been questioned. Astride a favorite, Turner always gives the better a run for his money, as was shown by his riding today.

LOSES GIFT OF KING KALAKAUA

SAN FRANCISCO, April 10.—The police have been asked to look for a valuable watch chain bearing this inscription: "From His Majesty, King Kalakaua, 22, to Emanuel Lewis, 32, July 5, 1887."

The chain was either lost or stolen last Saturday at the Greek Theatre in Berkeley, where it was worn by Miss Jeannette Lewis, 119 Fourteenth avenue. A diamond-studded gold watch was stolen at the same time. The chain was attached to the watch. Miss Lewis prizes the chain because of its association with her family. It was given to a relative by the late King Kalakaua of Hawaii.

WASHINGTON B. THOMAS HEADS BIG SUGAR CO.

NEW YORK, April 9.—Washington B. Thomas was elected president of the American Sugar Refining Company today. His election was announced in a statement which explained that in 1908, after the death of Henry O. Havemeyer, Thomas accepted the presidency of the company "for the purpose of assisting and protecting the interests of its many stockholders."

The board of directors was enlarged and substantial reorganization effected. Thomas then resigned to become chairman of the board of directors, which office he held until his re-election as president today.

Oahu	36	19	17	.527
Cosmos	33	5	28	.152

Although the race in the "Y" bowling league is run and won, the players find considerable fun in rounding out the schedule. Last night the Brunswick-Balkes took three straight from the Oahu, and by so doing clinched fourth place, with the possibility of a tie for third position, should the Laetis lose their three final games.

For the winners Franklin had high score, 213, and Schmidt average, 187. For the Oahu Whites had high score and average, 203 and 172.

The dummy, with the aid of Dyson, rolled a nice game for the Oahu.

Since Bernal got his do-do ball he can't even touch the head pin.

Dyson's laugh was rather expensive in one of the frames.

SAWED OFF SHORT

Sam Langford, the American heavyweight, defeated Sam McVey of California in a 20-round fight on points at Sydney, April 8. Langford and McVey fought in the stadium before 15,000 spectators, and, after a hard contest, in which bonuses were fairly even until the last few rounds, Langford succeeded in reversing his defeat at McVey's hands on December 26 last.

W. B. Atwater and R. R. Young, two aviators who have gained name and fame in the flying game within a comparatively short time, are passengers on the Manoa, bound for Honolulu.

They have on board their machines and spare parts, and expect to do considerable flying in the Far East. Atwater and Young are both accompanied by their wives.

A Coast scrapper named Carter arrived on the Wilhelmina this morning and is looking for matches here.

WHY WICKERSHAM QUIT CABINET

WASHINGTON, D. C., Apr. 9.—Attorney General Wickersham will not serve in the cabinet after March 4 next, if President Taft is re-elected. It was said today upon unquestioned authority.

Wickersham entered the cabinet with a distinct understanding that he would not serve more than four years, it was declared. It was also said President Taft and Wickersham were in thorough accord as to the administration's antitrust policy and that today's announcement was without political significance. Wickersham had little to say about his reported retirement next March.

"I expect to get out then," he said. "Every cabinet officer resigns on the 4th of March, at the end of administration. As to entering Mr. Taft's cabinet again, if he is invited, I should not care to decline an invitation should not be extended to me."

OLD LETTERS ADVISED SALE

Developments in the Kukaikau plantation row which is being thrashed out before Judge Robinson in the Circuit Court came along the lines of proving the authenticity of two letters supposed to be written by J. F. Hackfeld in March 1895. The matter was up yesterday afternoon when Mrs. Annie Horner Taylor, sister of the litigants, Albert and Robert Horner, was called to the stand.

On being shown the letters she stated that they were copies she had made for her father and also told of the circumstances under which they had been made. The letters advise the Horner brothers to make their recommendations to Davies & Co. if they can get a fair price.

JUNIOR BICYCLE AND WALK ADDED

Haleiwa Race Now Has Five Separate Events on the Card Entries Open Today.

Boosters of the Haleiwa race got together last night and talked ways and means for the big day of pedestrianism and cycling scheduled for Kanehameha's birthday, June 11. It was decided to add two more events to the list—a walking race over the Haleiwa-Honolulu course and a junior cycle race. This makes five events for the day, which is quite enough, and possibly too much, to be properly handled. The handicap and scratch foot race will, of course, be combined, but in addition there will be a senior bicycle race, from scratch, a junior bicycle, with handicaps, and a heel-and-toe walk.

The objection made to the last feature, which seems to be well taken, is that it will be next to impossible for the judges to keep an eye on every man over the full 36-mile course, and that the contestants are sure to "break" at some time during the grind.

The entry list for all events opens today at E. G. Hall & Son's. Names will be taken up to June 5, each entry to be accompanied by a fee of 50 cents for each event.

ANOTHER PLAY OF HAWAII

SAN FRANCISCO, Cal., April 10.—From an amateur performance at Oakland a year ago, Mrs. Elva Reed Grosskirk, an Oakland society favorite, has scaled the ladder of theatrical prominence to the position of leading woman in a pretentious vaudeville act which was offered at the Fifth Avenue Theater in New York on Monday, April 8.

The playlet is called "Hawaiian Romance." It was produced by Albert Kappler, a well-known Eastern actor, and Mrs. Grosskirk was selected for the position from a score of applicants.

Mrs. Grosskirk left for New York last fall with letters from Paul Steindorf, the musician. She at once called the entire into exclusive musical circles and studied under a number of celebrated teachers.

Two months ago she learned that Kappler was about to launch a vaudeville act. With a score of other women she was given a try-out and immediately engaged.

Her part is that of a Hawaiian girl and requires musical ability of a high order. She received flattering notices from the New York dramatic critics and Kappler predicts a particularly bright future for her.

NO CASCARET USER EVER HAS HEADACHE

A 10-cent box will keep your liver, stomach and bowels clean, pure and fresh for months.

Sick headache, biliousness, dizziness, coated tongue, foul taste and foul breath—always trace them to torpid liver, delayed fermenting food in the bowels or sour, gassy stomach.

Poisonous matter, clogged in the intestines, instead of being cast out of the system, is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Salts, cathartic pills, oil and purgative waters force a passage way for a day or two—yes—but they don't take the poisons out and have no effect upon the liver or stomach.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the decomposed waste matter and poisons in the intestines and bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your drug at means inside cleanliness and a clear head for months. Ask any of the millions of Cascaret users if they ever had headache.

SAND AT SEA.

The schooner Alvena put in at San Diego, Cal., recently, after a trip of twenty-seven days from Columbia River, with her decks covered with an inch or more of sand. The captain reported that when his vessel was about seventy-five miles off shore and about one hundred and twenty-five miles north of San Diego it suddenly became enveloped in a cloud of fine sand. The sea was smooth and the wind from the southeast, and the dust seemed to fall from the sky. The sand continued to fall for two days.
