PROHIBITION FOR HAWAII IS AGAIN UP

RECORD SUGAR CROP

Hawaii will make a remarkable sugar record this year, according to estimates just completed by the Sugar Factors' Association. Manager Nowell of the Association this morning completed the tabulation of the crop estimates as of May 1, and announced that the agencies shipping through the Association give figures amounting to 488,000 tons as their estimate for 1912. On Nov. 30, 1911, the preliminary estimate was 470,000, the new estimate thus raising the old 18,000 tons. The sugar not shipped through the factors will be close to 100,000 tons or perhaps over. Manager Nowell said that there is prospect for a crop upwards of 600,000 tons this year. Every agency reported with an increase over last year except in two instances, these two agencies reporting without a reduction, the figures being the same as before. The tabulation has been under way for some time. A few days ago the estimates were 10,000 tons ahead of the preliminary figures, and the totals checked up today prove that Hawaii will have a mammoth crop this year.

MORE EXERCISE IS ORDER FOR ARMY MEN

Army officers in Hawaii are expected to lead the life strenuous. Although general orders of the War Department prescribing regular physical exercise for officers have been in force for some years, it is left to the post commander to interpret the order as he sees fit and to form rules and regulations to suit climatic conditions. Department headquarters recently called attention to the requirements, and instructed the local post commanders to show how it was being obeyed in their commands. The result has been the issuing of new regulations here. Officers are encouraged to go in for sport, and to get away as much as possible from routine duties in taking their exercise. Polo, golf and tennis are all specifically mentioned, and the general understanding is that the officer indulging in these games is more

430 IN UNIQUE PUNAHOU PAGEANT

First announcement of the full program and those who will take part in the striking anniversary pageant that is to be put on by the Punahou Preparatory School was made this morning and is given below by the Bulletin.

A program picturesque in the extreme, and one in which 420 boys and girls are to participate, given on the Oahu College campus amid beautiful surroundings, this anniversary pageant will be attended by huge audiences. A grandstand seating 1500 persons has been erected and will probably be completely filled.

The program and those who will take part follow:

1. Life and Customs of Primitive Civilization.
 - Tree Dwellers—Fred Chamberlain, Marguerite Ault, Vernon Foller, Norman Ellis, Elizabeth Frazier, Dorothy Gill, Gwendolyn Gurrey, Hilford Owen, Margaret Thurman, Marie Abel, Irwin Beadle, Harold Erdman, Anne Gayler, Hulda Guild, Mabelita Mead, Florence Rhodes, John Walker, Dorothy Curry, Margaret Phillips, Bishop Kinney, Mielan Kinney.
 - Cave Dwellers—Gordon Campbell, Irving Bloom, Estelle Cassidy, Kahlani Devereux, Richard Game, John Gere, James Hoogs, Irving Paris.
 - Eskimos—John Campbell, Russell Frazier, Alonzo Hartley, Jr., Albert Hoogs, James Hudson, Anna Lange, Edgar Kroll, John McLane, Marguerite Reynolds, Dudley Smith, Armstrong Towse, Robert Wall, Eleanor Wayson, Marylane Brown, Frederick Trotter.
2. Life Among the North American Indians.
 - Characters:
 - Nokomis—Dorothy Chamberlain
 - Hiwatha—William Hughes
 - Jago—Leo Cummins
 - Firely—Montgomery Clark
 - Burbird—Louise Drew
 - Rodin—Eleanor Lyzer

YUAN PROMISES CHINESE REFORM

(Special Bulletin Cable.)
PEKING, China, Apr. 29.—President Yuan Shih Kai's first message as president of the new Republic of China promises financial reforms, maintenance of order and retention of external friendships for the nation.

FRENCH FLYER MAY BE DYING

(Associated Press Cable.)
PARIS, Fr., Apr. 29.—Jules Vadrines, probably France's favorite aviator and hero of a score of big aerial races, was fatally injured, it is believed, by a fall here.

ADMIRALEN SAFE IS LATEST MESSAGE

SAN FRANCISCO, Cal., Apr. 29.—The steamer Admiralen has wirelessed that there is a tug alongside and that the steamer is being towed to San Francisco.

INTERSTATE COMMERCE LAWS GOOD IN ALASKA

WASHINGTON, D. C., Apr. 29.—The Supreme Court today held that the interstate commerce laws extend to Alaska.

NEW AMBASSADOR PRESENTS CREDENTIALS
PARIS, Fr., Apr. 29.—Ambassador Myron T. Herrick, recently appointed, presented his credentials here today.

NORTH DAKOTA SENATOR SPRINGS "DRY" MEASURE

DELAY IN FILING CLAIMS MAY BE COSTLY

Bishop Street Damage Figures Already Closed, Is Statement.

That several property holders in the vicinity of Bishop and Union streets, who will be more or less affected by the opening of the former and the closing of the latter thoroughfare, are likely to be grievously disappointed, was the tenor of news emanating this morning from the Circuit Court. The statement is to the effect that the limit set for the filing of damage claims was April 24, and that any such documents filed later will have virtually no legal standing or recognition.

It is thought that most of the claimants have complied with the requirement, but several are said to have been dilatory, and all such face the possibility of receiving no recognition when they do eventually appear with statements of their demands. Just how many have failed to file is unknown.

Superintendent of Public Works Campbell and Deputy Attorney General Smith, who together extended the filing date limit some time ago, confirmed the statement that April 24 was the last day set by them, but said they had no doubt those who had not met the requirements would be able to obtain consideration through the courts. The legal aspect of this phase had not been investigated by them, they said, as a situation of the character had not been anticipated.

\$375,000 FOR HAWAII SOON

That the next issue of bonds for the Hawaii public improvements, coming probably in August, will approximate \$375,000, was the statement of Governor Frear today at the close of a conference with Chairman Albert Horner and H. K. Bishop, consulting engineer for the Hawaii belt-road commission. Just how much of this issue will be contributed to the construction of the road he did not state, but he did say that part of the allotment would go for ten other features and that the total amount for the others will probably be considerably under \$50,000.

The balance of the \$425,000 to be given to improvements on that island will probably be arranged for later, said Governor Frear.

Some of the allotments figured out this morning were as follows: Keolu school, \$2000; Waihinu waterworks, \$5000; Kau homestead waterworks, \$5000; Hilo waterworks, \$7500; Kapaemahu school, \$3000; Napoosoo school, \$8000; North Kona hospital, \$5000; and North Kohala hospital, \$5000.

Gen. Homer Lea, famous soldier of fortune hero of the Mexican revolution and more lately the companion of Dr. Sun Yat Sen in the Chinese revolution, is a passenger on the Tenyo Maru, which arrived from the Orient this afternoon.

The noted warrior of two continents is accompanied by his wife. It is said that he has not been well, and that he has been threatened with blindness. His wife heard the news and went to China from Seattle, Wash., to meet him, and now they are coming back together.

Gronna Introduces Bill Along Same Lines As Johnson Tried

(Special Bulletin Cable.)
WASHINGTON, D. C., April 29.—Senator Asie J. Gronna, of North Dakota, today introduced in the Senate a bill for prohibition in Hawaii. The bill is the same as the Johnson bill which was introduced at the first session of the Sixty-first Congress.

GRONNA TAKES UP ISSUE OF A SENATOR NOW DEAD

The above cablegram from the North Dakota Legislature in January, Bulletin's Washington correspondent, 1911, to fill the unexpired term of Senator Johnson, who died before his period of public service was ended, is again up in Congress. Defeated overwhelmingly here by popular vote of the people of Hawaii at the "plebiscite" of 1910, the prohibition issue apparently is again to be brought up, this time by the successor of Senator N. Johnson, who introduced his "dry" measure in April, 1909.

Senator Gronna was elected by the

GROWERS TALKING PROTECTIVE BODY

An association of Hawaiian garden truck and fruit producers is talked of to be organized to protect the industry in Hawaii, for the benefit and protection of the members.

This has been talked of before from time to time without tangible result. However, recent instances of what looks like discrimination on the part of United States and commission men against Hawaiian products has aroused the growers and is arousing them still more.

The latest instance is that of the seventy sacks of sweet potatoes consigned by Chun Hoon to a San Francisco commission house and returned here on the ground that the potatoes were infected with stem-borer. R. D. Wall, assistant superintendent of marketing, Entomologist Ehrhorn and others have inspected the potatoes and pronounce them O. K.—although it has been two months since they were shipped to San Francisco. This is one of the instances of peculiar treatment of Hawaiian products.

The discrimination, if it is such, is easy to account for, inasmuch as California growers might naturally be loath to allow the development of produce-growing here that would mean that this Territory could ship in big quantities of garden stuff to the California market and break the high prices that the conditions there have fostered.

Market Superintendent S. T. Starrett will make an investigation of the facts and nothing will be done until his return home, it is supposed. But meanwhile the growers are talking of a Territory-wide association, which could maintain a man in San Francisco to look after its interests and to develop the markets.

CAMPBELL'S CHOICE OF HIS SUCCESSOR MEETS OPPOSITION

Assistant Superintendent of Public Works A. C. Wheeler is the man that Marston Campbell has picked out to succeed himself, according to an interesting story that is presenting itself in several angles. Wheeler is said to have the strongest kind of backing from Campbell, and when the latter's resignation takes effect June 1 he wants his assistant to be the man who will carry on the work.

This desire of Campbell's is said to have led to a recommendation favoring Wheeler made to Governor Frear, and Campbell is believed to be pulling all his wires to get Wheeler the position.

On the other hand, Campbell's action is reported to have caused much opposition in the Republican Territorial Central Committee. At the Capitol Saturday there was a story that the committee would under no circumstances endorse Wheeler, and as the committee and the Governor have been playing closely together, the endorsement from the central body of the party is expected to be a strong factor in the appointment.

Opposition to Wheeler is not based on his record as an engineer, for he is stated by all to be a first-class engi-

FILIPINO HAS ENDED PROBE; IS SATISFIED

Prepared to recommend to the Philippine Assembly that Filipino emigration to Hawaii be developed and increased, Senator Joaquin Balmori, who came to Hawaii on an official mission of investigating the status of his countrymen here who are laborers, will return to his home by the Tenyo Maru tomorrow.

Senator Balmori, who is the chairman of the emigration committee of the Assembly, has been in Hawaii for more than a month, having been sent here by the Assembly to investigate complaints of lack of employment, harsh treatment and other protests made by his countrymen who have come here to work in the islands.

He is going back prepared with facts and figures to deny the reports, and is prepared as well to make a statement to the Assembly that conditions here are more than satisfactory. He returned from Kaula yesterday, his favorable impressions, received on his trip to Maui and Kaula previously and at that time published in the Bulletin having been materially strengthened by his journey to the Garden Island.

Senator Balmori talked at length with a representative of the Bulletin this morning at the Young Hotel. While he speaks English, he prefers to talk in Spanish, and his remarks were translated excellently by his secretary.

MADE THROUGH VISIT.

"During the forty days I have spent in the Hawaiian Islands," he said, "I have visited twenty-eight plantations and in all of these I have seen approximately three thousand Filipinos. Personally I have talked with many of them, and they say there are contented and happy here.

"They receive good wages and good treatment. Some of the newcomers say that the work is a little too hard."

UYENO MAY RETURN HERE

The Japanese Diet has not done anything toward the "strike bill," which, it is reported, was introduced by one of the members on behalf of the local strikers.

The Japanese Diet has not done anything toward the Dillingham immigration bill, and so far as it is concerned, it is likely that the matter will be settled amicably between the Governments of the United States and Japan.

Hon. S. Okabe, who arrived today in the Shinyo Maru, made the above statements to the Bulletin when seen on board the steamer shortly after it docked at the Alakea wharf.

He said also that Consul General S. Uyeno, who has been given a long leave of absence, carrying possible transfer, may return to Honolulu.

Woman's suffrage was defeated in the Chicago primaries by a vote of two to one.

TEDDY IS HOT IN ATTACK

(Special Bulletin Cable.)
BOSTON, Mass., Apr. 29.—Colonel Roosevelt in a statement made here today says that President Taft has been "cognizant of an agreeable delay in the prosecution of the Harvester Trust." He says that Taft subordinates the interests of the people to political advantages.

Taft and Teddy are Only 30 Miles Apart

(Associated Press Cable.)
BOSTON, Mass., Apr. 29.—President Taft and Colonel Roosevelt are on the same political trail, only thirty miles apart.

In a speech at Taunton, Mass., the President assailed Roosevelt vigorously, declaring that the colonel has misrepresented him.

MEXICO TOUCHY; U. S. CAREFUL

(Associated Press Cable.)
WASHINGTON, D. C., Apr. 29.—The torpedo boats Preble and Perry, which left San Diego under sealed orders yesterday afternoon, presumably to scout along the Mexican Pacific coast, are not going to Mexico, it was stated today. They are sent out to intercept the gunboat Yorktown to prevent the gunboat from touching at any Mexican port, an account of the delicacy of the situation.

NOTHING MORE HEARD FROM STRICKEN STEAMER

(Associated Press Cable.)
SAN FRANCISCO, Cal., Apr. 29.—Nothing further has been heard from the steamer Admiralen, which lost her rudder in a blow off Humboldt, Cal., and last night asked by wireless for assistance.

CIVIL SUIT AGAINST HARVESTER TRUST

(Associated Press Cable.)
WASHINGTON, D. C., Apr. 29.—A civil suit under the anti-trust laws for the dissolution of the Harvester Trust will be filed in Minneapolis tomorrow, it was learned today from the Department of Justice.

WILL PROSECUTE THE ST. DENIS ANARCHISTS

(Associated Press Cable.)
ST. DENIS, Fr., Apr. 29.—A rigid prosecution of anarchists has begun.

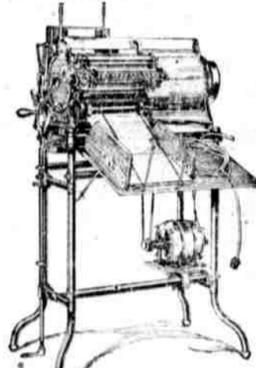

FATHER CARAHER WARNS CITY AGAINST DANCE-HALL EVIL

Declaring that Honolulu as a sea port city is to be congratulated on the fact that it has no dens or dance-halls running by law or by subterfuge, Father T. Caraher of San Francisco this morning urged that any step toward the establishment of such places should be met with the most vigorous opposition by the citizens.

Father Caraher is a prominent Catholic of San Francisco and has long been foremost in the work against commercialized vice and particularly against the dance-hall evil in that city famous for its Barbary Coast and its "beach route". For more than a decade he has been working to wipe out these evils.

"With the support and counsel of Mayor Rohlf, we hope to rid San Francisco of the den and the dance-hall," said Father Caraher at the Young Hotel this morning. "I am glad to see that Honolulu has nothing of the kind. Only the vigilance of its citizens will keep them away, however. We have to organize our fight against them in San Francisco, but we will win yet!"

Father Caraher arrived on the Stearns last Friday and will stay over one trip of the popular Oceanic liner. He is going to the Volcano on the Mauna Kea tomorrow morning.
