Weekly Calendar

MONDAY:
Oceanic—Stated and Second Degree.

TUESDAY:

WEDNESDAY:
Honolulu—Second Degree.

THURSDAY:
Honolulu Chapter, N. A. M.—Practice.

FRIDAY:
Hawaiian—Third Degree.

SATURDAY:

All visiting members of the Order are cordially invited to attend meetings of local lodges.

MARINE ENGINEERS' BENEFICIAL ASSOCIATION.
Cordially invited.

W.M. McKINLEY LODGE, NO. 8, K. of P.

Meet on the 2nd and 4th Mondays of each month at 7:30 P. M. Members of other associations cordially invited to attend.

A. P. GERTZ, C. C.
F. P. KILBEY, K. R. S.

HONOLULU LODGE, 616, B. P. O. E.

Honolulu Lodge No. 616, B. P. O. E. meets in their hall, on King St., near Fort, every Friday evening. Visiting Brothers are cordially invited to attend.

A. E. MURPHY, K. R.
H. DUNSHIEE, Sec.

OAHU LODGE NO. 1, K. of P.

Meets every first and third Friday at 7:30 o'clock, Pythian Hall, corner Beretania and Fort streets. Visiting brothers cordially invited to attend.

F. A. HAWKINS, C. C.
O. HEINE, K. of R. & S.

HAWAIIAN TRIBE NO. 1, I. O. R. M.

Meets every first and third Tuesday of each month in Fraternity Hall, I. O. O. F. building. Visiting Brothers cordially invited to attend.

HENRY A. ASCH, Sachem.
LOUIS A. PERRY, C. of R.

HONOLULU AERIE 110, F. O. E.

Meets on second and fourth Wednesday evening of each month at 7:29 o'clock, in K. of P. Hall, corner Fort and Beretania. Visiting brothers are invited to attend.

WM. JONES, W. P.
J. W. ASCH, Secy.

HONOLULU LODGE NO. 800, I. O. O. F.

will meet in Odd Fellows' building, Fort street, near King, every Friday evening at 7:30 o'clock. Visiting brothers cordially invited to attend.

AMBROSE J. WITZ, Dictator.
E. A. JACOBSON, Secretary.

A. BLOM, Importer Fort St

BIG POLITICIAN FROM EUROPE TO VISIT LOCAL WATERFRONT

One of the Larger Vessels in the Harrison Direct Line—Kilauea Returned From Kona and Kau With Sugar and Coffee—Fooning Suey Rides at Anchor Off the Port Awaiting Tow to Mahukona—Hawaii Takes Sand Ballast for Mahukona.

A new "Politician" will make a bow to Honolulu with the arrival of one of the larger steamships operated by the Harrison Direct Line.

The Politician, with a large general cargo from European ports, is scheduled to sail from Antwerp on or about the 25th of this month, according to information received at the office of Mr. Fred Waldron, the local representative for the line.

The Politician is one of several freighters of much larger tonnage than any of the steamers which have heretofore called at Honolulu.

This vessel is rated at 7228 registered tonnage. In comparison with the Crown of Castile, the Crown of Gallia and the Aragon, the Politician is nearly twice the tonnage of the smaller freighters.

Disaster Creates Temporary Scare.

The Japanese liner Tenyo Maru, sailing from San Francisco following the Titanic disaster and passing through Honolulu the other day, carried one of the largest lists of passengers in her history, which has led trans-Pacific steamship passenger agents to declare that the frightful disaster to the White Star liner would have an appreciable effect on traffic.

On the other hand, comes the report from San Francisco that the mammoth disaster on the Atlantic, in which so many persons met death through the sinking of the liner Titanic, has had a greater influence upon the traveling public there than any of the preceding ones. The effect on coastwise travel is so marked that it has been generally noted.

During the past week it has been announced that the travel has been reduced fully one-half, and the steamers sailing and arriving are handling but a fraction of their former traffic.

A feature of the bookings at present is that many people purchasing tickets make careful inquiry regarding the facilities the vessel possesses in case of accident. As a consequence, the tick-ets of agents have been compelled to post themselves upon the number of lifeboats and rafts and supply other data which will reassure the public.

Another Warrior for the Tanker Class.

It is reported at Mare Island that the gunboat Annapolis, which has been practically rebuilt at the Navy Yard in the past six months, is to relieve the Yorktown in Central American waters as soon as it is commissioned, on May 15th. It is currently reported that the Yorktown, which is a relic of three decades past and now almost obsolete, will be stripped of its armament and sold at auction.

Hawaii Takes Sand Ballast.

A fine grade of building sand to the amount of 350 tons has been loaded into the American barkentine Hawaii and that vessel is to be dispatched today for Mahukona. The Hawaii will be given a full load of sugar at the Hawaii port. The cargo is destined for sea by the Matson Navigation tug Intrepid.

Britishers To Enter Pacific Trade.

WASHINGTON, D. C., April 23.—The Glen and Shire lines, which runs steamers from English ports to the Far East, will soon establish a trans-Pacific service in connection with the Panama Canal, according to information received today from Hongkong by the Department of Commerce and Labor.

Hilsonian Gathering Sugar.

A wireless received at the agency of Castle & Cooke this morning is to the effect that the Matson steamer Hilsonian was taking on sugar at Kaunapali today. This vessel is scheduled to sail from Hilo for San Francisco direct on May 9th, taking a full cargo of sugar destined for Pacific Coast refineries.

Sugar Awaiting Shipment.

Sugar at Kona and Kau ports of call awaiting shipment include the following consignments, according to report brought to this city by Purser Sheldon of the steamer Kilauea: H. A. Co. 9500, Honoupo 8000, Honokaa 15,000, Kukuihaele 4854, Paauhau 14,000, Paauilo 24,000, Kukuihaele 4470 sacks.

Columbian To Depart for Isthmus.

Taking departure for the Isthmus of Tehuantepec by the way of Island ports this evening, the American-Hawaiian freighter Columbian has been given the last of a large consignment of sugar. The Columbian will call at Kahului, Kaunapali and Hilo to complete the 12,600 tons of sugar before proceeding to Salina Cruz.

Kona and Kau Sugar for the Isthmus.

Sugar from Kona and Kau ports to the amount of 9248 sacks which arrived this morning in the Inter-Island steamer Kilauea, has been transhipped to the American-Hawaiian freighter Columbian. The Kilauea returned

from windward Hawaii ports bringing a fair list of passengers. Other lines of freight included 73 bales hides, 22 sacks coffee, 32 bunches bananas, 19 crates chickens, and 174 packages sundries.

Purser Sheldon reports moderate winds and seas on the homeward voyage. Fine weather is reported along the coast of Kau. The Kilauea is to be dispatched for a return voyage to Kona and Kau on Tuesday noon.

Lurline Bringing Big Cargo.

A cable received at the agency of Castle & Cooke states that the Matson Navigation steamer Lurline is sailing from San Francisco for the Hawaiian Islands carrying a cargo amounting to 2549 tons destined for Honolulu. In addition the vessel is bringing 635 tons freight for discharge at Kahului. The Lurline is expected to arrive at this port early Wednesday morning and will be berthed at Hackfeld wharf. The cable makes no mention of the number of passengers and this information is expected to be received at later date through the medium of negrograms.

WEATHER TODAY

Temperature—6 a. m., 73; 8 a. m., 76; 10 a. m., 78; noon, 77; minimum last night, 71.

Wind—6 a. m., velocity 5, direction N. E.; 8 a. m., velocity 9, direction E.; 10 a. m., velocity 8, direction N. E.; noon, velocity 7, direction N. E.

Total wind movement for past 24 hours, 191 miles.

Barometer at 8 a. m., 30.02; dew point at 8 a. m., 60; relative humidity, 8 a. m., 60; absolute humidity, 8 a. m., 5.793.

Total rainfall during past 24 hours, .9 inch.

SAYS GUARDS AT JAIL TRYING TO "GET" HIM

Robert Levy, former turnkey at Oahu Prison, was acquitted by a jury in Circuit Judge Robinson's court this afternoon of the charge of assault on Maria Valleha, on the night of February 29. The jury went out at 12:40 and reached its decision after about two minutes' deliberation.

That several of the guards at Oahu Prison had conspired to drive him away from his position or to send him to jail as a criminal was the gist of the testimony offered by Robert Levy, former turnkey at that institution, in his own defense this morning. Levy, accused of assaulting Maria Valleha, an inmate of the prison, on the night of February 29, declared in the course of his trial before Circuit Judge Robinson that he had gone to County Jail and reached the division after about two minutes' deliberation.

ODDS AND ENDS AT THE PORT

The American tanker Lansing, from Honolulu and Hilo, arrived at Port San Luis yesterday.

A mail for the Coast will be forwarded on Tuesday with the departure of the Pacific Mail steamer Siberia.

The next mail from the mainland is due to arrive on Wednesday morning in the Matson Navigation steamer Lurline.

The barkentine T. P. Emigh, from Hilo to Port Townsend, is credited with having completed the passage in 21 days.

According to announcement made later the O. S. S. Sonoma has accommodation for 200 first, 50 second, and 80 third-class passengers.

Taking 12,000 tons sugar gathered from island ports, the American-Hawaiian freighter Mexican sailed from Hilo on Wednesday for Salina Cruz.

The United States Army transport Thomas, from Manila and due to arrive here tomorrow morning, will berth at Oceanic wharf, where a small amount of Quartermaster's cargo and supplies will be discharged.

The Sonoma, which is to temporarily replace the Sierra on the Honolulu run, is due to arrive at Panama on Sunday. She is to take up the regular run between San Francisco and Australia, beginning July 2nd.

On arrival of the O. S. S. Sonoma at this port it will be found that this rejuvenated liner has been fitted with six suites de luxe, each having a private bath and possessing all the comforts of a hotel.

PASSENGERS ARRIVED

Per steamer Kilauea, from Kona-Kau ports, May 3.—J. A. Palmer, Miss Peterman, Mrs. Peterman, W. H. Greenwell, Miss J. Muranko, Mrs. J. Kellott, A. K. Ozawa, F. Schnack, W. Ching, Mrs. M. Yamada, M. Yamada, Edward Kekuewa, J. D. Paris, Frank Gomes, Rev. S. Marata, Miss E. Phipps, C. W. Asford, W. H. Arsenmann, W. B. Stockman, Geo. S. Wells, Mrs. Kenau, Mrs. W. Noley, Henry Ahpai, Miss M. Soto, Brother Marten, J. D. Tucker, B. J. Guerrero, H. J. Meyers, Rev. D. W. K. White, W. L. Franklin, F. F. Laucks, Mrs. W. E. Bal, A. Garcia, J. Rego, 50 deck.

ACTRESS WINS SALARY CASE

Circuit Judge Cooper this morning returned a verdict for the defendant in the suit brought by Rosa Lee Tyler, the actress, against Her Wise, of the Honolulu Amusement Company, for salary said to be due her. This is a reversal of the Honolulu District Court, which found for the plaintiff. Miss Tyler's counsel asked that exception to the court's decision be noted, intimating that the case will be appealed to the Supreme Court. Miss Tyler asked for \$184.75, this sum including the costs of the hearing in the lower court.

LOCAL AND GENERAL

Charles M. Cooke, Ltd., has given a deed to Lawrence M. Judd for property on Prospect street valued at \$3000.

Sam Peter, accused of embezzling a quantity of automobile tires, pleaded guilty in Judge Robinson's court yesterday and was fined \$100 and costs.

Sammel P. Chillingworth was appointed temporary administrator of the estate of Thomas R. L. McGuire, with bond fixed at \$1500, by Judge Whitney.

The tuberculosis exhibit will be on display this evening at the Central Grammar School. Dr. A. N. Sinclair will give a talk on sources of infection and the dangers of the dreaded malady.

Judge Whitney today granted John Rodriguez permission to pay taxes and other expenses incurred in handling the estate of Louisa Rodriguez, minor, from the sum of \$1304.50, income from the estate now held by John Rodriguez as guardian.

Application for divorce was filed in Circuit Court today by Kikilia Kurizaki, who asks legal separation from Horihel Kurizaki on the grounds of cruelty and non-support. Chika Kobayashi, charging non-support, also asks that the matrimonial bond yoking her to Shesuke Kobayashi be severed.

YACHT RACE FUNDS FROM CLUB MEMBERS

In addition to the lists that are being circulated by members of the finance committee of the Hawaii Yacht Club, subscription books are open at the three social clubs of the city—University, Pacific and Commercial. It is believed that clubmen generally will come through with generous contributions toward the defense of the trans-Pacific yacht trophy by the schooner Hawaii.

ENGINEERS CABLE WASHINGTON SUCCESS IN DRYDOCK TESTS

The navy engineers here are now testing. Hundreds of laboratory tests were made, and finally the mixture that seemed to fulfill the requirements was actually poured into the drydock by the Tremey suds, a six-foot cube being cast. This was left under water for a week, and on being raised to the surface about ten days ago was apparently satisfactory. It was again submerged, and when finally raised a few days ago six-inch test cubes were taken to the laboratory of the College of Hawaii, and three-inch cubes that had been poured under water fulfilled every condition that the original cubes cast in the laboratory did. This meant the successful solution of what threatened to be a grave problem for the government to face.

To use this richer concrete, which is manufactured with Coast sand, will not add greatly to the cost of the entire job. The added amount will be stood by the government, as the original specifications called for a less expensive concrete made from local sand.

TWO THOUSAND CHILDREN AUTO PATROL IS PURCHASED

The von Hamm-Young Company today landed a contract for supplying the City and County police department with a motor-driven patrol and ambulance, which, delivered at Honolulu, will cost the municipality \$3565.

The Kissel Kar has been selected by the committee after going into the merits of a number of machines offered by various local representatives. Their City fathers rushed through considerable business at a meeting held today.

They agreed to the recommendation coming from the Health and Sanitation Committee, consisting of Chairman Kruger and Members Amama and McClellan, that one thousand dollars be paid the Schuman Carriage Company for four autos. The animals were purchased after two bids had been received.

Teachers from the Schuman and Club Stables were of the one figure for the animals. At one time it appeared as if there existed a local mule trust. However, the Schuman Company won out and payment was authorized at noon today.

Municipal Employees Are Retired.

Two municipal employees were today retired from the service. In this instance they are two mules, who are alleged to have served their period of usefulness with the City government.

According to a recommendation coming from the Board of Supervisors, the mules will be sold at auction.

A resolution was passed authorizing the City jailer to place prisoners at work in cleaning up sidewalks along Kalakaua avenue. These laborers will also dig holes for the planting of trees and otherwise assist in the beautifying of Honolulu's famous driveway.

Municipal automobiles went some during the past month. Reports received from the police department show mileage of 525 and 805 miles for two machines.

Chief Thurston of the fire department reports 225 miles for the Carter car and 502 miles for the E. M. F.

March fires resulted in property loss of forty dollars. Liability to insurance companies is fixed at \$1100.

Vacation Time Is Here.

Several employees were granted vacations at the meeting of the Board held today.

The Board confirmed the action taken by Fire Chief Thurston, who has granted a vacation of two months to K. R. G. Wallace, chief clerk for the fire department. It is said that Wallace has arranged for a substitute during his absence on the Coast.

A. A. Durant of the fire department requested a month's vacation, which was granted with pay.

The objectors to the closing of Chaplain Lane by the contractors for the new Cooke building won out on the protest to the members of the Board. The lane will be but partially closed to pedestrian traffic, as a four-foot passageway will be left. Through persons may pass from Fort street to residences or places of business on this small thoroughfare.

Manager McGreer of Ye Liberty theater offered a remonstrance in behalf of the theater which received attention from the Board.

Judge Z. T. Wain of Brooklyn spent his 79th birthday in Cleveland looking for a coffin, but finding the cost of dying had gone up as well as the cost of living he refused to pay the price asked.

The teachers in charge of this bunch were Mrs. Emma A. McGuire, Miss A. Ontal and Mr. C. E. Amona.

Kalihiwaena School.

From the Kalihiwaena School came about 132 children to witness the exercises. Miss Haley, Miss Rickard and Miss Clark were in charge.

Cox's Children Dance.

Under the shade of a large monkey-pod tree a group of young school children, boys and girls, in charge of Supervising Principal I. Cox, sang and danced merrily, in the admiring presence of a large number of parents.

Many Mothers Present.

Almost all of the mothers of the spectators in Thomas Square this morning. Carrying their smaller ones on their backs, the Japanese mothers marched along with their children as the band played. Hundreds of Portuguese, Hawaiian, Chinese, and other mothers were present on the grounds.

The crowd was most orderly and no accidents of any kind were reported.

rest, made a good showing. The children wore sunflowers, real and artificial, on their hats, and in their hands baskets of yellow flowers. Kaaka is a sunny place and the teachers of the school selected the sunflower as the most appropriate decoration for the children to appear with. There were about ninety children in the company and the teachers who assisted the directors were Miss D. Woods, Miss L. Arnold, Miss Esther Vivian, Miss Ida Logan, Miss Julia Dehna, Miss M. Fuller and Miss H. Collins.

Angelic Kauluwela.

The girls from the Kauluwela Kindergarten looked like angelic fairies. They appeared in light-green colors with artificial wings on their shoulders. As the signal was given by Miss Gertrude Brown, directress, they danced with ecstatic glee. The parents standing around clapped their hands and congratulated Miss Brown and her assistants on their success. The decoration of the school are blue, pink, yellow, white and green. Miss Brown's assistants were Miss Garrida, Miss Kahaieanu, Miss Daniela, Miss Zahlan, Miss Watson, Miss Leandro.

Kalihi Kindergarten.

Coming from Kalihi, where the valley breeze fans bushes into their cheeks, fifty-six children under the leadership of their teachers made a fine appearance. Miss Harriet Lucas, directress, and Miss Brown and her assistants on their success. The decoration of the school are blue, pink, yellow, white and green. Miss Brown's assistants were Miss Garrida, Miss Kahaieanu, Miss Daniela, Miss Zahlan, Miss Watson, Miss Leandro.

Levy testified that on the night of February 29 he had been given particular reason to fear an attempt of some kind would be made to "get him out of the way" because, he said, one of the guards had openly told him that they were "going to get him shortly." For that reason, and also because Jailer Asch happened to be confined to his home by illness, he had taken another guard with him on every visit he made to the women's ward. One of the guards, a Hawaiian, was present to substantiate this statement.

NO IMMEDIATE WATER RELIEF

To relieve the serious water-supply situation in Manoa valley, Superintendent of the Department of Public Works asks that all residents of the lower as well as the upper section of that suburb cooperate to eliminate absolutely all waste, all irrigation, and to cut down the domestic supply to the minimum. Unless this is done, he says, the people on the heights will be absolutely without water during the coming dry period.

"There can be no immediate relief," asserted Superintendent Campbell this morning, "though we plan to install, just as soon as possible, an auxiliary pumpplant at the lower Makiki springs, to lift the water to the heights. At present those on the high level are at the mercy of the people in the lowlands, because all get their water through the same mains."

"The normal consumption of the valley in dry weather is greater than the capacity of the upper Makiki springs, from which the entire supply is now received, and when the people of the lower levels use a certain percent of the supply there is not sufficient pressure left to send the remainder up."

"Of the \$500,000 appropriation made by the last Legislature for Honolulu's water supply only \$132,000 was available for the first year, and out of this expenditure we had to make provision for ample fire protection to replace the worn-out force main and make other important extensions. To complete the necessary system for Manoa valley will require an expenditure of fully \$100,000."

Fort Street School.

Between seventy and eighty youngsters came from the Miller Street Kindergarten, in charge of Miss A. L. Hitchcock, directress. The children wore pink and white hats and carried white baskets. Four strong boys carried four Maypoles wrapped with pink paper. The poles looked like the pumpplant at the lower Makiki springs, to lift the water to the heights. At present those on the high level are at the mercy of the people in the lowlands, because all get their water through the same mains.

"The normal consumption of the valley in dry weather is greater than the capacity of the upper Makiki springs, from which the entire supply is now received, and when the people of the lower levels use a certain percent of the supply there is not sufficient pressure left to send the remainder up."

"Of the \$500,000 appropriation made by the last Legislature for Honolulu's water supply only \$132,000 was available for the first year, and out of this expenditure we had to make provision for ample fire protection to replace the worn-out force main and make other important extensions. To complete the necessary system for Manoa valley will require an expenditure of fully \$100,000."

Fort Street School.

The Fort Street Kindergarten was in charge of Miss Iola Logan and made a very fine showing, indeed.

Kalihi Well-Behaved.

Among the visiting schools present at Thomas Square was the Kalihi School. More than two hundred children from this institution were interested spectators of the exercises and in charge of their teachers behaved remarkably well. Miss Almee Moasman, Miss Bernice P. Cooke, Miss Leslie Ayau, Miss Haywood, Miss Larsen and Mrs. Chalmers were ever watchful of their charges.

Kauluwela There.

Forty-eight pupils from the lower grades of the Kauluwela School visited the closing exercises of the day. During the lunch hour the little ones sat under a large tree and were each presented with candy, cakes and other delicacies, which were, it is needless to say, thoroughly enjoyed. The teachers present were Miss Hattie Ayau, Miss L. Ching, Mrs. J. Eskew and Mrs. A. L. Bushnell.

Pohukaina School.

One hundred and sixty pupils from the Pohukaina School were among the excited witnesses of the May-Day exercises, and although they did not take part in the program they were prepared, said some of the boys, to compete with the other school children.
