You need the service we render in the matter of good clothes. It's a service nobody else can render you; because nobody else has

Hart Schaffner & Marx

clothes in this town; and we think nobody else has quite the same idea we have about the proper functions of a clothing store.

Our idea is to see that our customers get exactly what they ought to have; if you come here we'll try to show you what will be really best for you; the color, the style, the weave, the model that is best suited to your special case. We'll try not to think we know more about what you want than you do. But we do know something about styles and best fabrics; and we can tell if a suit or overcoat looks right on you; fits properly; is becoming to you.

It's just as much to our interest as to yours to get you into the right thing. We can afford to be disinterested about these things; but we can't afford to let you go anywhere else for clothes when we know we've got the best clothes made.

DR. CLARK GOES TO MANCHURIA

(Continued from Page 1)

"So well satisfied are the Russians who have settled in the country districts of Hawaii that as soon as it was known that we would assist their relatives in Russia to come here they began writing home for their people from the old country. These letters often go into small villages in distant parts of Russia and are read not only by the family to which they are directed, but also by all the neighbors. As a result we are informed by letters from Manchuria and by Russians now arriving at Honolulu that a number of families have sold their farms and cattle and have used the proceeds to come to Dalny in the hope of getting free fare from there to Hawaii.

"Meantime the Washington authorities have advised us to discontinue our previous method of bringing Russians to Hawaii, through the offices of an immigration company. This makes necessary some other arrangement im-

mediately, in order that the people who have journeyed to Manchuria from Russia in good faith, believing that they would be afforded facilities for joining their friends and relatives here, may not be left destitute. Some of these people use all the money they can gather together to make the trip to Dalny with their families.

short trip to Manchuria to take care of the assembled immigrants—who follow them under like circumstances and is fully engaged in Europe, providing for future Portuguese and Spanish immigration, and so has not been able for this work."
