GOLFING GOATS Canada In Yacht Race

READY TO BUTT

Country Club Players Beat Defiance at One Another and Will Lock Horns.

It's the open season for goats at the Oahu Country Club now. The much-talked-of Brotherhood of Goats is fully organized, and the goiters are laying plans for a campaign of goat-getting. No matches have been played as yet, but several challenges have been sent out and accepted. Frank Armstrong has notified John Evans that he is after his goat, F. W. Kiehlman has sent a den to "Bobby" Booth, S. G. Wilder is after J. O. Young, H. H. Walker wants to lock horns with Willard Brown, H. C. Carter is beating defiance at S. A. Walker, and Fred Waldron has sent a massive to C. G. Beck, one that puts the ordinary black-hand letter to shame as a terrifying warning of dire calamities to follow.

The rules governing the competition were posted in the clubhouse yesterday. They are as follows:
Rules Governing Goat Competitions.
 A member of the brotherhood with a "goat," either his own goat or that of another brother, may challenge any other member for 18 holes at match play under club handicaps, and the loser of the match must surrender a goat in his possession to the winner. Such a challenge must be accepted and the match must be played within fourteen days from date of challenge.

The chairman of the grounds committee shall be notified in writing—such notice may be left at the clubhouse—of every challenge issued, and any disputes shall be submitted to him for settlement through the grounds committee. Whatever decision is reached by the committee shall be final.

A member who has lost his own goat and is not in possession of another when challenging the holder of his own or any other member's goat must offer against the goat for which he is playing a satisfactory stake to be in value not less than the value of one new golf ball, but under such circumstances it shall not be compulsory for the holder of the goat to accept such challenge.

The competition closes on St. Gothard's Day (Saturday before Thanksgiving) at 12 noon, and the Goatherd's prize will be awarded to the member having won and being in possession on that day of the largest number of goats, and he will be the goatherd for the following year.

In the case of a tie between three or more, the tie shall be decided by medal play on the afternoon of St. Gothard's Day over 18 holes, but in the case of a tie between two, match play over 18 holes shall prevail, subject in both cases to club handicaps.

On the close of the competition members must surrender all goats, including their own, to the secretary of the grounds committee for redistribution for a new competition.

GERMAN TRACK TEAM SELECTED FOR OLYMPIAD

LEIPZIG, Ger., May 27.—As a result of the two days' tryouts for the Olympic games, a team of twenty-five track and field athletes has been selected to compete at Stockholm. They are headed by the sprinters Rau and Hermann and the middle-distance runner Braun, who are regarded here as prominent candidates for first places in Sweden. Rau, who on May 11 did the 100 meters race in 11 1/2 seconds and 11 3/4 seconds, and Braun, who on May 15 ran 300 meters in 1 minute 24 1/2 seconds, did not compete here.

Canada In Yacht Race

THE NATOOSE.

One of the entries in the trans-Pacific yacht race over which there has been no uncertainty from the first, is the yacht Natoose, owned and entered by Captain Percy Ashe of the Royal Vancouver Yacht Club. Several months ago Captain Ashe announced that he would go into the San Pedro-Honolulu race, and he has stuck to his decision ever since, with no backing and filling, as has been the case with some of the other prospective starts.

The Natoose, a 42-foot yawl, is better known throughout the Northwest as the Olympia, her former name when lying the burgee of the Seattle Yacht Club. Captain Ashe will sail the race with an all-Canadian crew, and as his big pocket is fast off the wind—and the wind is off all the way from Los Angeles here—he stands a good chance of winning on his time allowance from the schooner yachts entered.

A. A. U. SWIMS TO BE HELD IN MORNING

Officials Decide That Conditions Will Be More Favorable Than In P. M.

The question as to whether the annual A. A. U. swimming championship of the Hawaiian Amateur Athletic Association should be held morning or afternoon of June 11, was decided last night, when the committee divided into tidal computations and came to the surface with a decision favoring the morning. Nine-thirty is the time and the Bishop slip the place.

Arrangements have been made for seating the spectators, and a charge of 50 cents will be made for seats in the stands. The general admission is a quarter.

Horses are not generally considered speedy swimmers, but there are some dark ones that will bear watching in the coming meet. There are some who go as far as to say that Lawrence Cunha of the Heanani will beat Duke Kahanamoku's time for the 50 yards.

The following is a full list of the entries as filed with J. P. Spet up to the closing hour yesterday:

440-yard swim—Frank S. Kruger, Heanani Y. & B. Club; V. Genoves, Hui Nalu; E. Kito, Hui Nalu; D. Center, Myrtle Boat Club; Campbell Crozier, Myrtle Boat Club.

PUNAHOU NIGHT AT THE Y. M. C. A.

Punahou faculty members and students will own the Y. M. C. A. tomorrow night. Some attractive basketball and bowling features have been arranged for the evening's entertainment, and instructors and pupils will stack up against each other in the latter events.

The program:
 1. Exhibition basketball game, Bufts vs. Bufts. Bufts: E. Gay (captain), G. McHenry, J. Wall, S. Nicholson, Dan Hoal, E. Tuttle and K. Redford. Bufts: Hans Fassoth (captain), H. Deunon, C. Brown, W. Coney, J. Partridge and H. Morgan.
 2. Bowling match, Faculty vs. Students.

3. Bowling for girls, with prizes for those making high scores.
 4. Music in the lobby by the Rath-scheller Trio—Solo, Frank H. Anderson (director); violin, Gregorio Domingo; piano, Carlos Caseres.

Walter Thompson, captain of the Ocean News, sends a communication to say that he is glad to hear that the Kakaia Baseball Team, captained by Pat Soan, has accepted his challenge.

Although it's the off season for soccer, the champion High Schools are planning an invasion of Hawaii for July 4. Hilo Scouts are getting ready to give them battle.

This evening at 7:30 there will be a meeting of the Hahaione League at the office of Charles Chillingworth. All members and captains are expected to be on hand.

HORINE A KANGAROO.

Will they ever stop George Horine, the Stanford high jump marvel? Yesterday in New York, in a noncompetitive trial, he cleared the bar at 6 ft. 8 1/2 in., beating his latest world's record of 6 ft. 7 in., made in the Olympic tryouts at San Francisco. Horine seems to be the human kangaroo. He has an extra spring in his legs whenever he is called on the "shoe em," and the Eastern skeptics who tried their best to believe that Horine's California performances were flukes, certainly had their eyes opened on their own fields.

LAURENCE DE MELLO NO RELATION TO BEN, THE GREAT HILO HACK

Prospective Opponent of Johnny McCarthy Arrives On Sonoma Tomorrow.

Laurence de Mello, better, if less eloquently, known under his ring name of Kid Miller, will be Johnny McCarthy's opponent June 29. When Jim Hoag gracefully waived his claims to the mill, Young Caples with one hand tied behind his back in Johnny's one-and-only ring appearance here, and the fans are keen to see him let out a few raps.

The other bouts on the card have not been settled yet, but it is certain that Yamagata will be given a chance, probably against Wright of Fort Shafter.

DUKE IMPROVING IN DISTANCE SWIMMING

Under Kistler's Coaching He Is Developing Wind and Stamina for Longer Races.

George Kistler of the University of Pennsylvania Duke Kahanamoku's swimming mentor, has written to John P. Soper of the Hawaiian Amateur Athletic Association, telling of Duke's progress and his plans for the immediate future. In many parts the letter is a repetition of the one received from Kistler by Lew Henderson, and printed in yesterday's Bulletin, but there are some new features which are of interest to all the sportsmen here.

In part it is as follows:
 "Your welcome letter duly received and contents carefully noted. In reply I will say I was exceedingly pleased to hear from you, also that the people of Hawaii appreciate in whose hands the Duke was left by Mr. Henderson, his manager, when he left Philadelphia. I can assure you that I feel much gratified to have the pleasure of coaching or training the Duke and making him more acquainted with the finer points in swimming, especially style, form, breathing, turning at end of tank, pushing off, starting, when to spurt and several other details too numerous to mention. Now the Duke is fast getting on to these points and looks like one of Pennsylvania's swimmers who are turned out annually by me.

"I might also say that since the Duke has been in Philadelphia he has made lots of acquaintances, and his behavior since his stay here has been all that could be desired.

"Since then the Duke and I have been doing a little distance work. He can now swim half a mile or a thousand yards easily and at a fairly good clip. However, it will take lots of time to make him a distance man. This work of going a distance is simply to get his wind and staying ability in good shape so that he can stand a hard and close race. On Wednesday, the 15th, I put him in a 100-meter test and without trying very hard he did 1:04 for the distance, but I really believe that had he been racing with someone he would have been close to the minute mark. I feel that if the Duke can do this remarkable performance of 100 meters straightaway in the even minute he will be declared the winner.

"In the 220 yards he is not so good, at least he has not shown extra good time, but from now on I shall work him a little harder, and when the weather gets warmer enough I will take him to Lafayette, on the Schuykill, and there we can have all the open water desired.

"The climate seems to agree with him O. K. He looks fit and in good condition. The team leaves New York on June 14. I am unable to inform you of the swimmers selected. There is some talk of tryouts taking place close to New York, probably at Travers Island, but I can not say definitely. I will send you another letter later telling you about the Duke's speed, etc., after a few trials out of town. He ought to go on a tour through England and Germany after the races at Stockholm are over and clean up all around. I should very much like to accompany the team to Stockholm, but my swimming business prevents my taking the trip. However, I think the Duke will give a good account of himself in all of his short-distance swims, although there are two or three good boys in Germany, England, Australia and Hungary that will be dangerous at all times."

TACOMA DROPPED FROM NORTHWESTERN LEAGUE

TACOMA, Wash., May 27.—Tacoma was dropped from the Northwestern League today at a meeting of the league directors here. The club will be taken over by the league, the back salaries of the players paid by it and it will finish out its schedule, games scheduled for the home grounds being shifted to Seattle. Fielder Jones, president of the league, was empowered to dispose of the club to some other city and the team will be known as the Tacoma team until such time. A. E. Rothemer, owner of the club, has been in financial difficulties practically since the season began.

The league offered to return the \$1000 forfeit money and to assume all past debts in return for transportation of the franchise to other Tacoma men. Rothemer insisted on \$3500 for his personal interest in the club, and then the league refused to consider. As the forfeit agreement protected the owner in his territory for one year, the directors say the league can not now turn the club over to other local men unless they will guarantee it against the expenses of any legal action that might be brought by Rothemer under the forfeiture agreement.

The club was turned over to Rothemer by its former owner, George Shriver, without money consideration.
