## BRYAN GETS READY TO RUN

### JOHNSON HEADS NEW PARTY WORKERS

#### BLOW HITS ARMY: PAY STOPPED

Cablegram to Paymaster Says No More Money Will Be Available.

The expected blow has descended on the Army. There is no money to pay the troops, and Uncle Sam's soldiers on Oahu, from Brigadier General Macomb down to the greenest rookie will have to live on promises until Congress sees fit to loosen the Government purse-strings.

This disquieting news was received in a cable from the chief paymaster of the Western Division to Captain Cooke, the Army paymaster here, notifying him that no money other than the balances he now has on hand would be available. This is practically a transmission of a dispatch received at division headquarters from the Paymaster General at Washington, and in plain English it means that the cash drawer is empty and that there is nothing doing in the way of real money.

There are sufficient funds at Captain Cooke's disposal now to pay off the soldiers who are being discharged, and who naturally have first call on leaving the service, and to meet the monthly pay checks of the civilian clerks, who, owing to the fact that they do not get rations or quarters, are considered next.

Non-Coms. Hard Hit.

The officers and enlisted men, however, will have to wait for their pay. This state of affairs falls particularly severely on non-coms. who are married and have families, and who are not able to save many dollars out of their monthly check. The commissioned officers can manage somehow for a few months, for their official position makes their credit gilt-edged, and the rank and file of the soldierly at the posts will get a place to sleep and "three squares" a day the same.

(Continued on Page 2)

#### WOTHERSPOON IS NAMED TO FILL GRANT'S PLACE

(Associated Press Cable.) WASHINGTON, D. C., June 24.—The President today appointed Brigadier General Wm. W. Wotherspoon, president of the Army War College, a major general, to fill the vacancy created by the death of Major General Frederick Dent Grant.

The promotion of General Wotherspoon comes as a surprise to army officers here, who had not figured him as the probable successor to the late General Grant. General Wotherspoon is considered to be a most efficient officer, but he stood fifth on the list of brigadiers, below Funston, Bliss, Mills and Pershing, and the impression prevailed that Funston, who has been skipped time and again, or Pershing, with his strong political connections, would finally land his second star. General Wotherspoon, who was born in the District of Columbia, November 16, 1859, entered the army from civil life as a second lieutenant of the Twelfth Infantry, October 1, 1873. He rose through the various grades, always in the infantry arm, being appointed a brigadier October 3, 1907. He served on the general staff from September 17, 1904, to December 1, 1909, and again for a short tour from August 11 to October 29, 1911.

#### FIGHT IN CONVENTION MAY DASH HOPES OF CANDIDATES

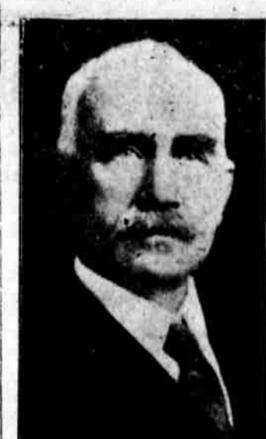

CHAMP CLARK, Picturesque and Well-Known.

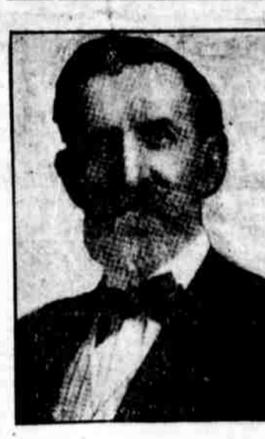

WILLIAM JENNINGS BRYAN, Ready to Step Into the Breach.

OSCAR W. UNDERWOOD, An Able Conservative.

GOVERNOR JUDSON HARMON, Of Ohio, Who Has Strong Backing.

SENATOR JOHN W. KERN, Of Indiana, Who Is Getting "Mentioned".

GOVERNOR WOODROW WILSON, A Democratic Progressive.

#### ATTEMPTED HARMONY FAILS

(Special Bulletin Wireless.) BALTIMORE, Md., June 24.—W. J. Bryan today declared to Jerry Sullivan of Iowa that he himself will be a candidate for temporary chairman of the Democratic convention against Judge Parker if none other is available who can defeat Parker.

John W. Kern of Indiana and Ollie James of Kentucky are today being given consideration for the chairmanship.

A night session of the national committee will be held tonight to consider contests, prepare the temporary roll and select a temporary chairman.

Friends of Bryan this afternoon served notice that they will nominate him at the convention if Parker persists in running.

#### ATTEMPTED COMPROMISE FAILS TO GO THROUGH

(Associated Press Cable.) BALTIMORE, Md., June 24.—All attempts to avert the threatened breach in the Democratic party, caused by the declaration of war upon Judge Alton B. Parker made by W. J. Bryan, have so far failed.

The climax came today when a meeting was arranged between Mr. Bryan, Chairman Norman E. Mack of the Democratic national committee and Vice Chairman Hall. An effort was made to reach a compromise, but it failed. Bryan's friends have been urging him for the chairmanship, and in any case he indicates that he will not stand for Judge Parker.

Vice Chairman Hall this afternoon indicated that Parker will be named, in which case it is certain that Bryan will carry his fight to the floor of the convention tomorrow. Thus, on the eve of its national meeting, the Democratic party is facing a disastrous quarrel.

James M. Guffy of Pennsylvania was ousted today from the national committee by a vote of 59 to 4, it being held by an overwhelming majority that he had no right to sit in the body.

Former Congressman Mitchell has supplanted Guffy.

#### JOHNSON TO HEAD THE FIGHT

(Associated Press Cable.) CHICAGO, Ill., June 24.—Governor Hiram Johnson of California today appointed a committee of eighteen, headed by himself, to outline and carry forward the organization of the new party which was launched at the mass meeting last Saturday night.

#### NAME COMMITTEES TO CONFER WITH TAFT

(Special Bulletin Wireless.) CHICAGO, Ill., June 24.—Powell Clayton of Arkansas was today made temporary chairman of the new Republican national committee. When the national committee convened a sub-committee of nine was appointed to confer with President Taft and ascertain his wishes as to the chairman of the campaign.

After the conference another meeting will be called.

#### DEMOCRATIC NOMINATION WON'T AFFECT NEW PARTY

(Special Bulletin Wireless.) CHICAGO, Ill., June 24.—Colonel Roosevelt said today that the nomination of a Progressive Democrat at Baltimore will not affect the plans for the new Progressive party. He says that no matter who is nominated by the Democrats, the new party will be pushed forward.

\*\*\*\*\*

ment chairman of the Republican national committee. Hilles' selection by the Taft forces is regarded as certain now.

#### PAVING ACTION HELD UP; R. T. QUORUM IS LACKING

Lack of a quorum with which to consider the troublesome question of paving is holding up action now by the Rapid Transit Company.

The Supreme Court has held that the Rapid Transit Company cannot appeal to Washington from the court's decision that the company must obey the mandate of the Board of Supervisors in the matter of paving. The court held that as the question was submitted on a statement of agreed facts, the appeal could not regularly be taken. Following this the Board of Supervisors sent a communication to the company calling for work to start on paving under its direction.

Some of the Supervisors said today that the company may be playing a policy of delay, but this is not the reason for the company's failure so far to act on the communication, said Attorney Withington this morning. Mr. Withington explained that there are not enough of the directors on Oahu to get a quorum at a meeting; and

that those who are now here are trying to get others here for a meeting by next Tuesday, at the latest.

Richard Ivers and Wilcox of Kauai will probably be down for this meeting. Alfred Castle, secretary and a director, is expected here from his extended trip to the mainland and Europe on July 3. Meanwhile no intimation is given as to what the action of the company will be. The situation is a peculiar one, the court's decision against the possibility of an appeal being given at the request of the Territory and the Territory having been winner by the judgment.

#### WOMEN'S CLUBS MEET

(Special Bulletin Wireless.) SAN FRANCISCO, Cal., June 24.—The eleventh biennial convention of the General Federation of Women's Clubs opens tomorrow in this city. Delegates from all parts of America are in attendance.

#### MANY SHOT IN STRIKE

(Special Bulletin Wireless.) HASTINGS-ON-HUDSON, N. Y., June 24.—Seven people, including a woman and a boy, were today shot during a fierce clash between strikers and special deputies guarding the National Conduit Cable Company's plant. The strike is a serious one.

#### BUFFALO HORROR GROWS

(Special Bulletin Wireless.) BUFFALO, N. Y., June 24.—Sixteen bodies of the many drowned by the collapse of the bridge over the Niagara river have been recovered. The total dead and missing thirty now.

The death at Hanover, N. H., of the Rev. Wilson A. Farnsworth, D. D., in his 96th year, removes from the American Board its oldest missionary.

#### SMALL CHANCE SEEN OF NEW PARTY MOVEMENT IN HAWAII

Although A. L. C. Atkinson is expected back from Chicago on July 4, bursting with enthusiasm for the new Progressive party launched by Theodore Roosevelt, and although ex-Governor George R. Carter is expected home shortly after, little prospect is seen by the local political wise ones of a branch of the new party in Hawaii.

Atkinson and Carter, it is presumed, celebrated in ushering into the world the new-born political infant last Saturday night, for those acquainted with the dispositions of these two believe they couldn't have been kept out of the thick of the fray with an axe, even though most of their work had to be done from the sidelines, neither being a delegate. The drawback to their launching the movement in Hawaii is that Hawaii's share in naming the next President, on the Republican side at least, is now over and done with. The Territory has no vote in the electoral college, and agitation of the Progressive party issues here would be, if anything, merely a stalking-horse for furthering local political schemes and ambitions.

In either case, when the tumult and the shouting dies after the conventions, Hawaii is about through with the big election and can turn in and

stir up the dust locally. Inasmuch as Hawaii doesn't count in the electoral voting, this Territory would get very little notice from any of the candidates, who would be too busy with their organizations on the mainland to help nurse along enthusiasm here.

The aftermath of the Chicago convention, so far as Hawaii is concerned, is an interesting budget of discussion on all sides but with few open-and-shut predictions made. After the Baltimore convention it will be the open season for prophecies and there will be winners picked busily from now until next November.

#### MORE PARADE FLOATS WANTED.

Fourth of July plans are booming along apace. Now the committee in charge wants to hear from merchants who will enter floats. This section should be given support by the merchants and J. Walter Doyle, says that within the next few days more cooperation must be manifested if the section is to be the kind of success it ought to be.

The heads of sub-committees will hold a meeting at headquarters tomorrow afternoon at 4:30 o'clock.

Decree of divorce and resumption of her maiden name of Annie Pua Kildner from Joseph Albert Kildner this morning by Judge Whitney. Her suit was based on the charge of non-support.

For news and the truth about it all people buy the Bulletin.

There is no chance that the cruiser Maryland will pay Honolulu another visit in the immediate future, in spite of rumors to that effect that have been going the rounds of late.

A postcard received from Ensign W. H. Hill of the Maryland, by a friend in this city, states that the cruiser will sail from Tacoma July 5 for a cruise in Alaskan waters.

#### GRAND POPULARITY CAMPAIGN OF THE BULLETIN CLOSED SATURDAY NIGHT IN A BLAZE OF GLORY

#### CONTINUAL RUSH MARKED LAST DAY

CAMPAIGN EVER SEEN IN HAWAII came to a glorious finish. From early morning the Contest Department was busy waiting upon the contestants and their friends, who were eager and anxious to turn in the fruits of their work as quickly as possible, in order to get out after more.

The magnificent array of prizes proved a big incentive to industry and no such scouring of the Territory of Hawaii has ever taken place before. Until 9 o'clock the rush toward the contest office continued and it was some time later before all those in the office at that time had been waited upon. The last hour's rush of contestants and their friends into the office resembled nothing so much as a government land opening, and it will be many a day before Honolulu again witnesses such enthusiasm.

The Bulletin is very much gratified over the excellent results obtained by the energetic young women who assisted in making the campaign the unprecedented success it was, and the management of this paper will take much pleasure in awarding the prizes to the young women who so earnestly strove for, and finally won, them. There was no candidate in the list but did her best to win, we feel assured, and the energy and ambition displayed by these young women will always remain an unparalleled example of industry to the people of Hawaii. Heart and soul in the work, these eager young women worked night and day to reach the goal they had set their minds and hearts upon reaching, and our only regret is that we can not give each one a prize in keeping with the industry displayed.

All Worked Earnestly.

Of course, in a contest of this kind, all cannot be winners. And so it is in everything. All cannot be successful. Some must lose. But even those who failed to reach the top may take
