To accommodate those who are partial to the use of atomizers in applying liquids into the nasal passages for catarrhal troubles, the proprietors prepare Ely's Liquid Cream Balm. Price including the spraying tube is 75c. Druggists or by mail. The liquid embodies the medicinal properties of the solid preparation. Cream Balm is quickly absorbed by the membrane and does not dry up the secretions but changes them to a natural and healthy character. Ely Bros., 16 Warren st N. Y.

GOOD ADVICE.

Farmers cannot repair watches—neither can a bungler. Don't take your watch to a man who knows nothing about it. You will have an expensive job at the end.

Any bungler can buy the fine kinds of material that I use in repairing if they will, but skill is the most valuable material used in watch-making, and bunglers can't buy it.

I sell my skill for what it is worth, and it costs you less than bungling at a lower price. A. O. CRAVEN, at Conley's Jewelry store.

FOUR KILLED.

Two Hatfields and Two Officers Have Fatal Duel in Pike County.

Revenue officer John Rutherford, and Harry Watts, of Williamson, W. Va., went to the home of Thompson Hatfield, on Blackberry creek, in Pike county, Ky., and arrested his son, Eph. In the light that followed, all were killed.

There was a reward for Eph for some forgeries alleged to have been committed in North Carolina, and Watts went along with the officer to make the arrest. Watts was proprietor of the Palace Hotel at Williamson, W. Va. He was a young man. A few years ago he married Miss Ida Vinson, of Ferguson.

Eph Hatfield had often committed deeds such as he was charged with in the warrant from the South. He obtained some goods and money in Louisa at one time upon fraudulent checks. Watts was employed in Louisa for a while three or four years ago.

A communication from Wayne says: "Harry Watts, one of the victims of the light between the Hatfields and the officers, was buried at East Lynn today at one o'clock, the Rev. J. D. Garrett officiating. His body arrived at home Sunday at 3 p. m. and was taken to East Lynn, where he was born, and where his father still lives. His brothers, Hans Watts, Alderson Watts and Dr. A. Watts went to the scene of the tragedy and accompanied the body home. They met the wagon conveying his corpse half way up Blackberry creek in Kentucky, the stream on which the Hatfields lived. Two of Watts' clerks visited the Hatfield home and brought young Watts' body away.

"Eph Hatfield's sister tells an apparently straight story of the killing on last Saturday. She declares that Watts and Rutherford, the detective, rushed into the Hatfields' home and surprised the inmates and covered them with their guns, ordering Eph Hatfield to surrender. He obeyed, but his father, Thompson Hatfield, fired on the officers, who released their hold on the son. After Rutherford was killed Watts killed Thompson Hatfield. He then fired at Eph, who shot him in the side just as a ball from Watts' gun laid the younger Hatfield out on the floor.

"Harry Watts only fired three shots. He put his pistol in his pocket after killing both the Hatfields and walked out to his horse where he died. The Hatfields lived from one hour to two hours, and they both asserted that Watts fired the fatal shots. This story is told by the Hatfield girl, Mrs. Hatfield, and Hatfield's son and son-in-law, all of whom witnessed the killing. Harry Watts was reared in this county, and no young man was better known or better liked in Eastern Kentucky and Southwest Virginia. He was kind and generous to a fault, and his bravery was undoubted. Mrs. Watts, who is here tonight, feels confident that her husband lived several hours after the shooting, and finds great consolation in the fact that he was found kneeling as if in prayer.

Last week the Louisa Produce Company broke all previous records as to the amount of poultry and eggs handled by them. Saturday morning two heavily loaded cars, containing seven hundred cases of twenty-one thousand dozen eggs and enough poultry to fill the cars, were shipped to Pittsburg and on Saturday evening a heavily loaded car of poultry was shipped to Cincinnati.

Among those who were here from other points at the Stewart-Campbell wedding were: Mrs. Chas. Russell, Miss Pamela Hampton, the Misses Eads, and Mr. and Mrs. J. W. M. Stewart, of Ashland; Mrs. Purla Brulaker, Mrs. Prior Lillie, Mrs. Lee Vaughan, and Miss Nellie Swann, and W. G. Rathbone, of Catlettsburg; Hon. W. S. Harkins and wife, of Prestonsburg; Mr. H. Stewart and Misses Leola and Emma Stewart, of Durban. Mr. and Mrs. McCloskey, C. and Burg Kinser, of Kinser. Mrs. J. F. Ratcliff and Miss Lucy Holderly, of Huntington; G. W. McInnis, of Charleston, and Sydney Arthur, of Covington.

The fact that Dr. J. C. Bussey and Miss Julia Isaacs were married was first made public on Tuesday of this week. The wedding occurred on March 17th, at the residence of the groom's sister, Mrs. Celia McHenry, at this place. The ceremony was performed by Rev. Hewitt, of the M. E. Church, North. The license used was issued several months ago. The bride is the handsome daughter of Henry Isaacs, who lives a few miles from Louisa. Dr. Bussey is one of the most competent physicians in this part of the country. They have gone to house keeping in the Bussey residence at the corner of Main and Lady Washington.

\$1,025,000

Is Asked by Senator Elkins for Big Sandy River.

United States Senator Stephen B. Elkins, of West Virginia, who is well acquainted with the wealth and the needs of Big Sandy river, is asking the Senate Committee on Commerce to add to the Rivers and Harbors bill which is now before it, the sum of \$1,025,000 for continuing the work of building locks and dams in the Big Sandy river.

This is the amount desired for building two dams in Levisa and two in Tug fork, above Louisa. The House Committee turned down Big Sandy and a great many other deserving rivers. Senator Elkins is a man of such influence that his support gives the friends of Big Sandy assurance of the appropriation asked for. Notwithstanding this, it would be well to bring to his assistance all the aid possible. It is not fair to place more of a burden upon a good friend than is absolutely necessary. Therefore let every friend of the river do whatever may be in his power in this matter. All should act immediately, as the bill is to be finally passed upon very soon.

Rev. C. L. Everts, a noted evangelist of Boston, Mass., will assist Rev. S. W. Herring in his meeting at the M. E. Church, South, which will begin Sunday.

Rev. Everts will arrive Sunday and begin his work at the meeting that night. He has been in a large meeting at Russell and also at Ironton, where the papers and pastors speak in the highest terms of him.

The meeting in Greenup promises to be a successful one, as the pastor, Rev. J. W. Herring, is well liked and is one of the leading preachers in the Western Virginia conference.—Greenup Democrat.

Result of Good Management.

The ability of a company to pay good dividends depends in a large measure upon the acumen of its officials in profitably investing its funds. The Mutual Life, of New York, leads all other companies in excess of interests, rents and profits on its investments as compared with expenses, and during its 58 years has exceeded from this source its entire expense of all kinds together with its taxes, and has left the large sum of \$58,796,202.

The following is a table showing what some of the other companies have accomplished:

The Mutual Life, excess,	\$58,796,202
Mutual Benefit,	27,350,710
Metna,	23,702,368
Northwestern,	20,587,541
Penn Mutual,	3,298,303

And the following companies have received from same source less than their expenses by—

Washington Life,	294,000
Massachusetts Mutual,	514,820
National Vt.,	2,106,923
Michigan Mutual,	2,124,678
Union Central,	3,865,129
N. Y. Life,	6,309,569
Equitable,	7,673,919
John Hancock,	11,994,214

Why not insure in the best and largest company in the world?—The Mutual Life Insurance Company of New York.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood. All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from the excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kline's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail. Room of Swamp-Root, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kline & Co., Binghamton, N. Y.

Valentine.

The funeral of Henry Wilson, who was murdered at Thacker Saturday night, occurred at Effie Thursday of last week at eleven o'clock and was the saddest ever witnessed in this section. The services were conducted by Rev. J. C. Lambert, of the Baptist church, and were most touching and impressive.

Four men, three of whom are under arrest, were engaged in the killing. Two of the men are Hungarian miners. One of these has made a complete confession. The affair has caused considerable excitement where the young man was raised and expressions of regret are heard on every hand.

RESOLUTIONS OF RESPECT

Whereas, it has pleased the Great Ruler of the universe to call Bro. James I. Muncy from labor on earth to eternal refreshment on high to enjoy the rest that remaineth for the people of God.
